

Car Parks and Industrial Flooring

A selection of trusted commercial specification solutions

Explore our resources and services for specifiers at dulux.com.au/specifier

Dulux Commercial

Dulux partners with architects, interior designers, builders and engineers to deliver first-class construction outcomes. Our respected range of premium products and unmatched technical expertise allows us to provide end-to-end support to the design and construction sector.

Dulux helps you design and build with confidence. Created to provide specifiers with the tools, information and guidance they need to realise their

projects' potential, it lets you access all Dulux product solutions in one convenient place.

Dulux is your one-stop-shop for sourcing technical advice, physical swatches and samples, and assistance with product specification or problem solving. Work with us to find the best solution for your project and achieve exceptional results.

“Dulux was used for this project because we had the products to meet the requirements of the asset owner, the technical knowledge to assist the contractor and the most efficient supply chain logistics to meet the project’s timeline”

James Booth
Dulux Protective Coatings

Car Parks and Industrial Flooring

Car parks and industrial floors are high-traffic areas that require hardwearing, long-lasting coating solutions.

From underground car parks to multi-storey air parks, ventilated superstructure parking lots and single-level parking facilities, Dulux products provide trusted, long-lasting protection.

Our market-leading paints and coatings are formulated to provide safe, reliable and a range of fast-drying solutions that meet safety guidelines and minimise operational downtime.

Dulux has a range of car park and industrial flooring products and systems that can withstand heavy equipment and hot wet tyres, providing a hardwearing, non-slip finish.

Our Solutions

Dulux has been providing products and solutions for specifiers and contractors in the construction industry for over 100 years.

In car park construction and maintenance there are many areas that Dulux can provide solutions for such as; trafficable concrete floors, tilt slab walls, metal structures and waterproofing just to name a few.

Dulux products have been designed to meet the highest quality standard and the technical sales support teams have extensive knowledge and experience to support with specification writing and help with critical problem solving.

Durable concrete coatings

Car park concrete floors are exposed to hot tyres, abrasion and chemicals over time, so highly durable coatings are essential.

Metal corrosion protection

Internal and external structural and decorative steel require solutions to protect against the environment including intumescent coatings where fire protection performance is required.

Indoor air quality

There are several lower VOC, lower odour options in the Dulux offer for when air quality is an important specification requirement.

Waterproofing

Critical for underground and above ground car parks to meet stringent building codes and provide longevity for the building.

Resilient Line marking

Sharp lines with fast dry coatings are critical for line marking in carparks, as is the ability to withstand extensive vehicular traffic.

Fast return to service

Fast return to service products such as Fosroc Nitoflor PA for concrete floors which can withstand foot traffic after 2 hours and light vehicle traffic after 24 hours, or Dulux Luxafloor FCF topcoat which cures in 24 hours at 25°C and can be driven on the next day.

Example Areas and Products

Walls, Ceiling, Trim

Australia's leading range of high performance interior and exterior paints and decorative finishes. Dulux World of Colour Series has over 4,800 colours.

- Dulux Wash & Wear
- Dulux Weathershield
- Dulux Professional
- Porters Paints

Metal Protection

Providing high performance protection for metal substrates including Aluminium and Steel used in structural, architectural and functional applications.

- Dulux Durebild STE
- Dulux Weathermax HBR
- Dulux Fluoraset
- Dulux Duratec

Texture Render Facades

A range of solutions for tilt up concrete slabs and exterior facades for long lasting protection and decoration.

- Acratex AcraTilt
- Acratex AcraShield
- Fosroc Dekguard
- Emer-Clad

Anti Graffiti

A range of coating and powder solutions to protect painted and bare masonry surfaces against graffiti, and graffiti removal agents.

- Dulux Surfaceshield FP
- Dulux Surfaceshield HD
- Dulux Armourspray

Sealants & Adhesives

A range of commercial grade sealants and adhesives for the construction industry.

- Admil
- Fosroc
- Emer

Waterproofing

A comprehensive range of waterproofing solutions including sheet, torch and liquid-applied membranes, cementitious systems and waterstops.

- Fosroc Proofex Engage
- Fosroc Nitoproof
- Fosroc Polyurea
- Emer-Proof

Timber Surfaces

Intergrain timber finishes have a range of stains, varnishes, clears and oils to enhance and protect timber in commercial environments.

- Intergrain Ultradeck Timber Oil
- Intergrain Ultradeck Timber Stain
- Intergrain Universal Timber Oil
- Intergrain Enviropo Endure 2 pack

Concrete Floors

A wide range of solutions to provide protection and decoration to concrete floors, from walk ways to floors that are used for cars and other heavy machinery.

- Dulux Luxafloor
- Fosroc Nitoflor & Cemtop
- Dulux Avista Flooring

Roadmarking

A range of road marking coatings formulated for fast dry and high visibility suitable for concrete and bitumen surfaces.

- Dulux Roadmaster A1
- Dulux Roadmaster WB3
- Dulux Avista Resurfacing

Hardware and Cabinetry

Lincoln Sentry is a leading trade distributor of cabinet and architectural hardware into the building industry.

- Blum
- HEXFIX
- Finista
- Oliveri

Garage Doors and Secure Access Systems

B&D offers a range of high quality heavy duty doors and shutters for commercial and industrial applications.

- Commercial sectional overhead doors
- Steel & Aluminium Roller Shutters
- Access Control

At Dulux, we leverage our deep expertise to support architects, interior designers, builders and engineers to design and build with confidence.

“We’re here to help our partners to imagine and create better places and spaces to live, work and play.”

Peter Wood
Dulux Commercial
Business Manager

More than 100 years of experience and an unrelenting focus on quality and innovation allows us to back the experts with premium products, industry-leading service and trusted end-to-end advice.

Quality

Our products are formulated using advanced chemistry and science to deliver highly technical construction solutions that exceed expectations.

Reliability

Our solutions offer proven and reliable performance, giving you the confidence of straightforward application and the high level of protection required.

Transformation

Our coating solutions offer colours, patterns, textures and finishes that transform surfaces while providing long-lasting durability.

Expertise

Our responsive team provides specialist product support, technical assistance and expert problem solving when and how you need it.
