- (a) to authorise and require the Licensee to run the National Lottery; and

Outcomes

1.2 The outcomes referred to in Condition 1.1(b) are that the National Lottery be carried on:

- (a) with all due propriety;
- (b) in a way which protects the interests of Participants; and
- (c) subject to (a) and (b), so as to maximise the amount being paid out of the net proceeds of the National Lottery to Good Causes, which, for the avoidance of doubt, will be assessed taking account both of:
 - (i) the amount paid and to be paid to Good Causes under this Licence; and
 - (ii) to the extent the operation of the National Lottery under this Licence might affect them, potential amounts to be paid to Good Causes out of the net proceeds of the National Lottery under subsequent licences awarded under section 5 of the Act,

and the Licensee must interpret and perform its obligations under this Licence in the manner best calculated to achieve those outcomes.

Absolute obligations under this Licence

1.3 Where a Condition of this Licence provides that the Licensee must do (or refrain from doing) a thing or must ensure an outcome, the Licensee is in breach of that Condition if it fails to do (or refrain from doing) that thing or fails to ensure that outcome.

Other obligations as to outcomes under this Licence

1.4 Where a Condition of this Licence provides that the Licensee must do everything it can to ensure a specified outcome is achieved, the Licensee is in breach of that Condition if that outcome is not achieved unless the Licensee can satisfy the Commission that it has taken all reasonable steps and exercised all due diligence to achieve that specific outcome and, in doing so, to secure the outcomes set out in Condition 1.2.

1.5 In order to demonstrate that it has taken all reasonable steps and exercised all due diligence in accordance with Condition 1.4, it shall not necessarily be sufficient for the Licensee to have done those specific things which this Licence states it must do.

Cost of compliance with this Licence

- 1.6 The Licensee shall not under any circumstances be entitled to reimbursement from the Commission of its costs of compliance with the Conditions of this Licence or any directions from the Commission.

Non-Frustration

- 1.7 The Licensee must not do, and must do everything it can to ensure that no other person does, any thing which has the effect of avoiding, frustrating or circumventing any Condition of this Licence.

Definitions and Interpretation

- 1.8 Unless defined elsewhere in this Licence, capitalised terms used in this Licence are defined in Schedule 1 (*Glossary*) and the provisions of this Licence shall be interpreted in accordance with Schedule 2 (*Interpretation*).

All such strategies, policies, processes and procedures must be approved by the Compliance and Risk Management Committee. In order to approve those strategies, policies, processes

and procedures, that Committee must be satisfied that they will ensure that the Licensee complies with Best Practice.

- (b) the Commission has undertaken Fit and Proper Checks on such persons.

Those checks have been undertaken on the basis of information provided to the Commission for that purpose.

6.7 If the information provided to the Commission in connection with those checks:

- (a) was not complete and accurate when provided; or
- (b) does not remain complete and accurate on the Start Date,

the Licensee is in breach of this Condition unless it promptly notifies the Commission of the new, updated or correct information and the Commission confirms that the relevant person meets the Fit and Proper Requirements.

- (b) the prior consent of the Commission has been obtained by the Licensee.

Further Checks – Lottery Supervisor and Lottery Beneficiaries

6.10 The Commission may do Fit and Proper Checks on any Lottery Supervisor or any Lottery Beneficiary whenever it wants.

6.11 The Licensee must:

- (a) ensure that each Lottery Supervisor and each Lottery Beneficiary promptly notifies the Licensee if any facts or circumstances arise which might be relevant to an assessment of whether that person meets the Fit and Proper Requirements;
- (b) have policies, processes and procedures in place to identify proactively any such facts or circumstances; and
- (c) require that each Lottery Beneficiary (where such person is a company, partnership or other body corporate) has policies, processes and procedures in place to identify proactively any such facts or circumstances.

6.12 If at any time the Licensee becomes aware of any information which might be relevant to an assessment of whether:

- (a) a Lottery Supervisor or a Lottery Beneficiary meets the Fit and Proper Requirements; or
- (b) the Licensee meets the Fit and Proper Requirements,

the Licensee will promptly notify the Commission and will cooperate with any Fit and Proper Checks the Commission undertakes.

6.13 If the Commission notifies the Licensee at any time that any Lottery Supervisor is not a fit and proper person to perform that role, the Licensee must ensure that such person promptly ceases to be a Lottery Supervisor.

6.14 If the Commission concludes at any time that any Lottery Beneficiary is not a fit and proper person, the Licensee must ensure that such person ceases to be a Lottery Beneficiary within 20 Business Days of notification by the Commission (or such other period as is approved by the Commission).

Provision of Information

6.15 The Licensee must provide, and must ensure that every Lottery Supervisor and Lottery Beneficiary provides, to the Commission any information the Commission requests in order to:

- (a) perform any Fit and Proper Check; or
- (b) enable the Commission to assess whether any Fit and Proper Checks carried out by the Licensee in relation to any Critical Function Employee, and the Licensee's policies, processes and procedures for undertaking such Fit and Proper Checks, are each Fit for Purpose.

This shall include the provision, not less than once in every six month period, of charts accurately setting out the legal and beneficial ownership, the organisation and management of the Licensee.

 in accordance with Condition **Error! Reference source not found.**;
- (b) in relation to a change to any facts or circumstances which arise in relation to a person referred to in 6.16(a); or
- (c) in connection with any Lottery Beneficiary or Lottery Supervisor whom the Commission considers may fail to meet the Fit and Proper Requirements and subsequently the Commission confirms that such person does not meet the Fit and Proper Requirements,

the Licensee must promptly reimburse the Commission's cost of undertaking that Fit and Proper Check.

7. **FITNESS AND PROPRIETY OF CRITICAL FUNCTION EMPLOYEES**

Overriding Duty

- 7.1 The Licensee must ensure that each person who manages the business, or any part of the business, of running the National Lottery meets the Fit and Proper Requirements. This Condition sets out certain steps which the Licensee must take in order to do this.
- 7.2 One of those steps is that the Licensee itself must undertake, and enable the Commission to undertake, Fit and Proper Checks on each Critical Function Employee.
- 7.3 This Condition sets out specific requirements regarding those Fit and Proper Checks.

Critical Function Employees

- 7.4 A Critical Function Employee is any person who is not a Lottery Supervisor and who:
 - (a) works within a Critical Function; or
 - (b) manages or oversees any person who works within a Critical Function,
 whether employed or engaged by the Licensee, by any Licensee Subsidiary or by a Key Subcontractor.

Changes to Critical Function Employees

- 7.5 The Licensee must not appoint (and must ensure that no person is appointed) as a Critical Function Employee unless, before that appointment takes effect, the Licensee has undertaken a Fit and Proper Check and is satisfied that such person meets the Fit and Proper Requirements. The only exception to this requirement will be the circumstances set out in Condition 7.6.
- 7.6 This Condition applies if exceptional circumstances arise in which the operation of the National Lottery can only be maintained if a person is appointed to start work as a Critical Function Employee before the requirements of Condition 7.5 can be fulfilled. In those circumstances, provided the Licensee has no reason to consider that the relevant person does not meet the Fit and Proper Requirements, they may appoint that person (or allow that person to be appointed) as a Critical Function Employee on a provisional basis pending completion of the necessary Fit and Proper Checks, but must:
 - (a) promptly notify the Commission that the Critical Function Employee has started work prior to the completion of the necessary Fit and Proper Checks; and
 - (b) implement policies, processes and procedures to ensure that:
 - (i) such Critical Function Employee is:
 - (1) adequately supervised by a person who has successfully completed the Fit and Proper Checks;
 - (2) prevented from accessing sensitive information (including Lottery Data), the disclosure or misuse of which might damage any Matter to be Protected; and

- (ii) all other necessary controls and restrictions are in place to ensure that the Licensee complies with its obligations under this Licence and that there is no damage to any Matter to be Protected,

until the necessary Fit and Proper Checks have been completed. If the Commission notifies the Licensee that such Critical Function Employee is not a fit and proper person, the Licensee must ensure that such person promptly ceases to be a Critical Function Employee.

Fit and Proper Checks done in connection with Implementation

7.7 Before the Start Date, the Licensee identified to the Commission each person who was proposed to be, prior to or with effect from the Start Date, a Critical Function Employee. With respect to each such person:

- (a) subject to paragraph (b), the Commission has done Fit and Proper Checks on those persons before the Start Date; or
- (b) with respect to those persons whom the Commission has notified to the Licensee in accordance with clause 9.7 of the Enabling Agreement, as at the Start Date the Commission will continue to undertake Fit and Proper Checks and will notify the Licensee when those checks have been completed. Pending completion of those checks, Condition 7.6(b) will apply to those persons.

7.8 The Fit and Proper Checks referred to in Condition 7.7 have been, and (where applicable) are being, undertaken on the basis of information provided to the Commission for that purpose.

7.9 If any information provided to the Commission in connection with those Fit and Proper Checks:

- (a) was or, as the case may be, is not complete and accurate when provided; or
- (b) does not remain complete and accurate on or after the Start Date,

the Licensee is in breach of this Condition unless it promptly notifies the Commission of the difference and the Commission confirms that the relevant person meets the Fit and Proper Requirements.

Further Checks – Critical Function Employees

7.10 The Commission may do a Fit and Proper Check on any Critical Function Employee whenever it wants.

7.11 The Licensee must ensure that all Critical Function Employees promptly notify the Licensee if any facts or circumstances arise which may be relevant to an assessment of whether that person meets the Fit and Proper Requirements.

7.12 If the Licensee becomes aware of any fact or circumstance which may be relevant to an assessment of whether a person meets the Fit and Proper Requirements, the Licensee must:

- (a) promptly notify the Commission of such fact or circumstance;

- (b) promptly do Fit and Proper Checks on that Critical Function Employee; and
 - (c) cooperate with any Fit and Proper Checks undertaken by the Commission on that Critical Function Employee.
- 7.13 If the Licensee or the Commission concludes at any time that any Critical Function Employee does not meet the Fit and Proper Requirements, the Licensee must ensure that such person promptly ceases to be a Critical Function Employee.
- 7.14 Where the Licensee has the responsibility to do a Fit and Proper Check with respect to any Critical Function Employee, the Licensee must do a Fit and Proper Check no more than five years after the last Fit and Proper Check done on that person.

Quality of Licensee Fit and Proper Checks

- 7.15 The Licensee must ensure that all Fit and Proper Checks which it does are Fit for Purpose and comply with Best Practice, including any requirements set out in the Commission's Regulatory Handbook.
- 7.16 If the Commission considers that a Fit and Proper Check done by the Licensee in respect of any Critical Function Employee is not Fit for Purpose and the Commission then does such Fit and Proper Check itself, the Licensee must promptly reimburse the Commission's costs of doing that Fit and Proper Check.

Retention of Records

- 7.17 The Licensee must ensure that all information and documentation in relation to, and the results of, all Fit and Proper Checks done by it will be available to the Commission until the expiry of five years after the End Date. The Licensee must provide such records to the Next Licensee or the Commission (or its nominee) in such form and as otherwise directed by the Commission, and must obtain any necessary consents to enable it to comply with this Condition 7.17.

8. PROTECTING PARTICIPANTS' INTERESTS

Overriding Duty

- 8.1 The Licensee must do everything it can to ensure that the interests of every Participant in respect of playing, engaging with or being exposed to, the National Lottery and every Game are protected.
- 8.2 Some of the interests of Participants referred to in Condition 8.1 include prevention of play by persons under the Legal Age Limit, that excessive play is not encouraged, provision of adequate information about Games, provision of an adequate complaints and redress system, payment of Prizes and provision of protection and support for Prize Winners. The remainder of this Condition describes some of the ways in which the Licensee must protect those interests.

Preventing underage play

- 8.3 The Licensee must do everything it can to prevent people who are under the Legal Age Limit from participating in the National Lottery. The Licensee must ensure that sufficient controls are in place to prevent underage play.

Not encouraging excessive play

- 8.4 The Licensee must not encourage anyone to play the National Lottery excessively and must:
 - (a) provide Participants with information about responsible gambling and a broad suite of self-control and self-exclusion tools, including multi-operator national self-exclusion schemes, that are easily accessible, usable and reasonably adaptable;
 - (b) put in place policies, processes and procedures for self-exclusion and do everything it can:
 - (i) to refuse, and to ensure that Retailers refuse, to sell tickets to a Game to individuals who have self-excluded; or
 - (ii) to otherwise prevent an individual who has entered a self-exclusion agreement from participating in the National Lottery; and
 - (c) do everything it can to identify, offer and provide support to Participants who engage, or are likely to engage, in excessive play in the National Lottery,

and must have policies, processes and procedures to prevent excessive play in the National Lottery.

Restricting use of credit

- 8.5 With respect to credit cards, the Licensee must not:
 - (a) allow Participants to enter Games through an application or website operated by or on behalf of the Licensee (including by a Related Party) using a credit card;

- (b) enter into any agreement or arrangement with any person with respect to the issue or promotion of any credit card; or
 - (c) directly or indirectly permit any person to use any Core Lottery IP or Lottery Data with respect to the issue or promotion of any credit card.
- 8.6 With respect to any form of credit other than a credit card, the Licensee must not provide, or enter into any agreement or arrangement which permits or requires any third party to provide, credit facilities to Participants in respect of participating in the National Lottery.

- 2.2 The Scheduling Methodology and the calculation of the Estimated Annual Payment must provide for the determination of:

- 3.2 On each Weekly Payment Day, the Licensee must pay to Good Causes the Scheduled Weekly Payment.

Weekly Payment Day

- 3.3 If a Monday or Tuesday is not a Business Day in a given week, the payment which would have otherwise been due on the Weekly Payment Day that week may be postponed until the next day which is a Business Day (and that next day shall become the Weekly Payment Day for that week).
- 3.4 If both a Monday and a Tuesday are not a Business Day in a given week, the payment which would have otherwise been due on the Weekly Payment Day that week may be postponed until the next but one day which is a Business Day (and that next but one day shall become the Weekly Payment Day for that week).

Revised Weekly Payment Schedule

- 3.5 Not less than monthly in each Licence Year, the Licensee will review and update:
 - (a) the Estimated Annual Payment; and
 - (b) the Scheduled Weekly Payments (taking account both of any change to the Estimated Annual Payment and of any change to the anticipated profile of the Scheduled Weekly Payments),

- (a) all Related Party Costs which the Licensee cannot demonstrate, to the satisfaction of the Commission, a reasonable operator of the National Lottery acting on the basis of information reasonably available to it at the time the cost was incurred would have considered to be Good Value for Good Causes shall be Excluded Related Party Costs;
- (b) if the Licensee cannot demonstrate to the satisfaction of the Commission in respect of any amount of Related Party Revenue that a reasonable operator of the National Lottery acting on the basis of information reasonably available to it at the time the revenue accrued would have considered that amount of revenue to represent Good Value for Good Causes, the Commission may, for the purposes of the Reconciliation, substitute for such amount an amount of Related Party Revenue which the Commission determines that a reasonable operator of the National Lottery acting on the basis of information reasonably available to it at the time the revenue accrued would have considered to be Good Value for Good Causes; and
- (c) costs which fulfil the definition of Wasteful Costs in Table 3 shall be Excluded Costs.

If the Commission identifies that there has been any material error, misstatement or gross negligence in any such calculation for any such prior period, the relevant amount shall be recalculated and an adjusting payment (together with interest calculated at the rate set out in accordance with paragraph 5.6 of this Part C of Schedule 5) shall be paid promptly following its determination by the Commission.

- 5.15 If the Licensee's audited financial statements restate figures reported for any previous Licence Year, or the Licensee revises the revenues or costs data that it reports to the Commission in respect of any previous Licence Year, the Licensee must promptly provide the Commission with a report setting out:
- (a) the nature of the restatement or revision;
 - (b) the reasons for the restatement or revision; and
