BATHROOM TIE

The edge between where we are and where we are headed, the space where daily life stretches forward to possibility, and the moment between what has been expressed and what needs to be said – this is where design lives and trends begin.

At Kohler®, these are the places we live to explore, the potential we work to shape, and the vision we bring to life. We are delighted to share the latest evolution of current and emerging trends that we've identified as the most compelling for bathroom spaces. Enjoy!

TRENDS

ECCENTRIC POWDER ROOM

This eccentric design complimented by the statuario marble cladding on the walls and vanity counter is the perfect rendition of luxury and harmony. When paired with hexagonal matte pink mosaic tiles, it adds an extra dimension to the design. The herringbone pattern flooring with a contrasting grout color highlights the unique design and the magnificent crystal chandelier adds a touch of drama to the entire space.

ADDS A TOUCH OF DRAMA | MODERNLIFE EDGE™ TOILET, THUNDER GREY VESSEL & MATT BLACK FAUCET

FRESH MODERN TOUCH | MODERNLIFE, TOILET, FOREFRONT, VANITY

URBAN CHIC

This chic bath space, with its monochrome walls and exotic tiling, makes an indelible first expression. The contemporary fixtures juxtapose brilliantly with the terracotta vanity wall and the hued flooring. Ambient lights framing the mirror add glam to the space, while the exotic materials and interspersed nuances establish a fresh modern touch.

MODERNLIFE EDGE™ SUITE DESIGNED BY VRITMA WADHWA, PROJECT 318

DRAMATIC DESIGN

When high-end meets high-spirit, minimalism meets atypical, the outcome has to be something as powerful and pleasing as this powder room. This powder room, with its prudential mix of pop and chic, is nothing less than a fantasy come true.

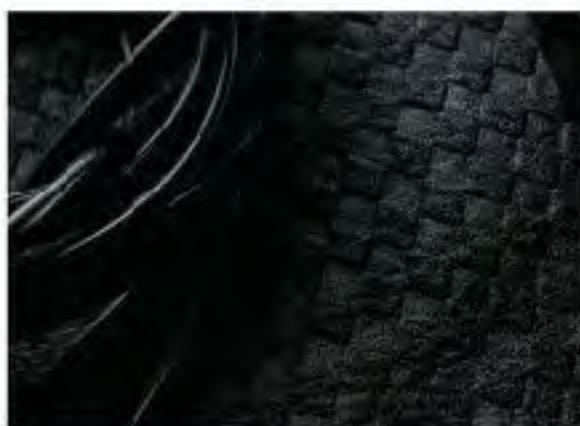

BEWITCHING MATTE BLACK

CELEBRATE YOUR FINEST
MOODS THIS SEASON WITH
MATTE BLACK, KOHLER'S
SIZZLING NEW SHADE.

Dark is trending this season, a mood captured mesmerizingly by Kohler's Matte Black. Lavish your ambience with the magnetism of a hue that is intoxicatingly Indian by nature and spectacularly contemporary at heart.

Kohler® toilets are designed keeping in mind how a person's bathroom is their sanctuary, a peaceful haven set apart from the frenzied pace of today's lifestyle.

SAVING WITHOUT SACRIFICING

SAVE 33% WATER WITH EVERY FLUSH

It's our mission to provide a single level of quality. And you can depend on Kohler® water-saving toilets to deliver innovative design and lasting beauty without compromising on performance or function.

ENGINEERED FOR EFFICIENCY

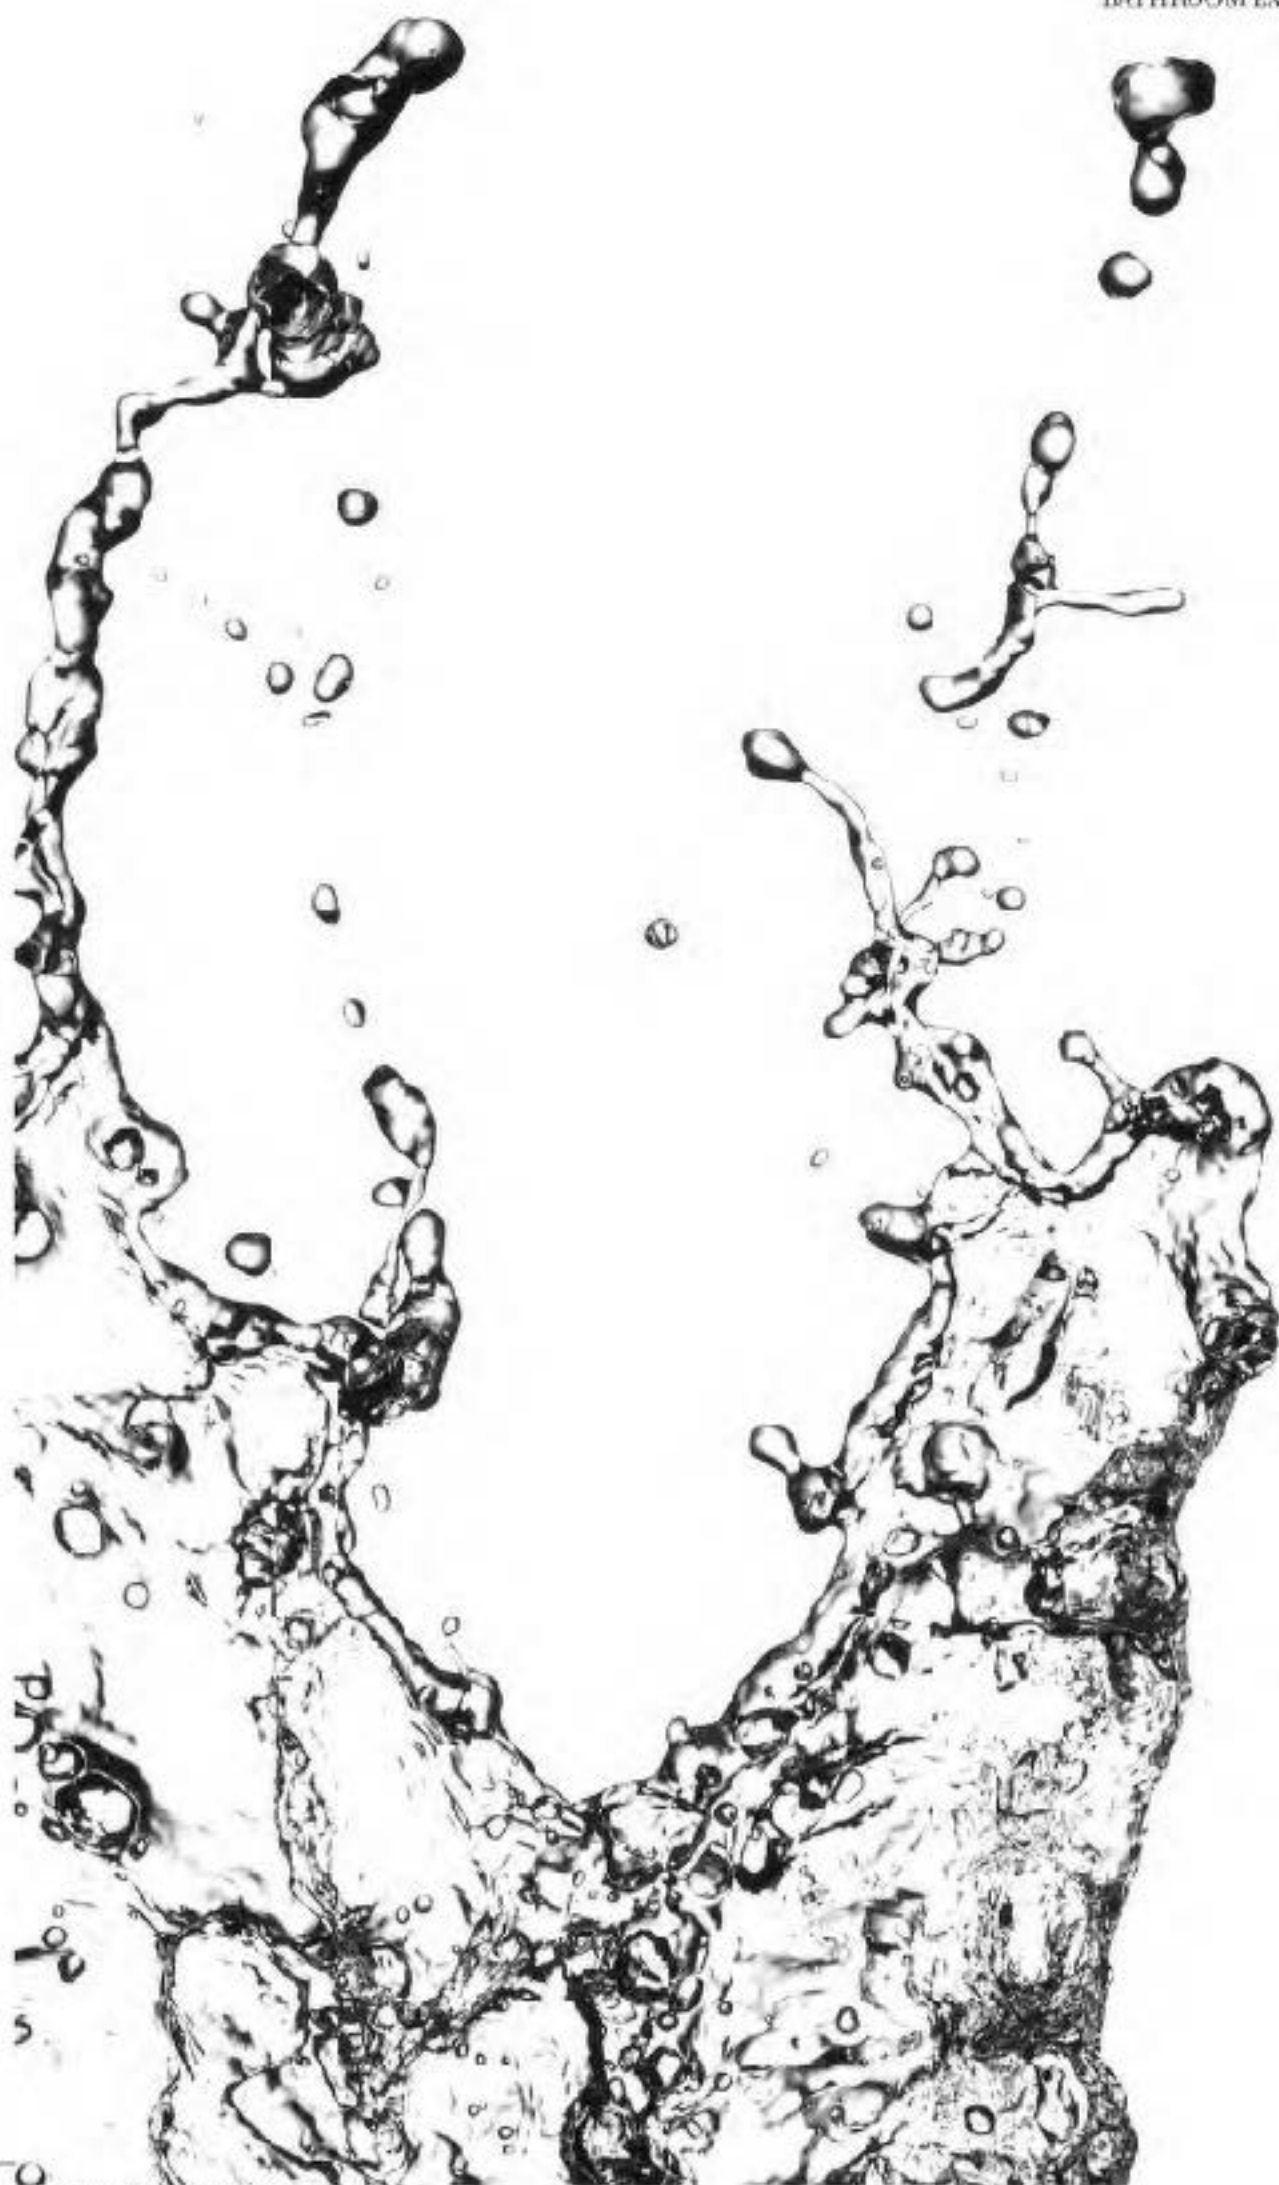

Technologically advanced inner bowl configuration has been designed to flush out the waste in one go.

STORES LESS WATER

Flushing technology minimizes water retained in bowl post flushing to 1 litre only.

SUPERIOR HYGIENE

Kohler® toilets are designed to exceed even your high standards of hygiene and cleanliness. They look clean. They flush clean. They use new technologies to help keep you feeling clean and comfortable. For your bathroom and you, there's no such thing as too clean.

PRESENTING KOHLER® SMART TOILET

Sleek and smart, a cleansing toilet will elevate your daily routine. It's an instant upgrade to your lifestyle, offering customizable amenities you might experience at a spa or luxury hotel.

CLEANLINESS

Integrated bidet functionality redefines our idea of cleanliness. An in-tank water heater warms the water while dual wands provide a soft, aerated wash in posterior and anterior positions. A touch on the keypad is enough to control rate and temperature of water flow. Volo Rimless Wall hung ensures cleanliness of the bowl.

COMFORT

The Smart Toilet C3-150 and C3-230 seats offer benefits far beyond traditional plumbing, with heated seating and a selection of water temperature and flow settings. An elongated bowl provides additional comfort.

CONVENIENCE

Based on human factor testing and ergonomics, the side panel is smartly designed in a way that it doesn't get blocked by the user's thigh, and one doesn't need to turn or twist much to see it. Other thoughtful features include remote with night light sensor, energy-saving function and Quiet-Close lid and seat.

WASH BASINS

At Kohler®, we offer everything you need to create a stylish, functional and efficient basin area. Whether you are looking to make a statement in a petite powder room or needing an efficient space where you can speed through morning routines, we have it all.

EVALUATE YOUR SPACE

Depending on the amount and nature of space you have, go for a with counter or without counter look.

WITH COUNTER

Make an elegant statement with the counter of your choice.

WITHOUT COUNTER

Minimalist and neat, reduces cost and installation effort.

CHOOSE YOUR INSTALLATION TYPE

If you have the space, go for a counter for a truly luxurious experience. You may choose from the following options:

WITH COUNTER

VESSEL
Vessel sinks sit on top of the counter and a touch of eye-catching luxury.

SELF-RIMMING
Featuring a lip that sits on the countertop, they are easily retrofitted and are ideal for remodeling.

UNDER-COUNTER
Mounts beneath the counter to create a seamless counter-to-bowl transition and are easy to clean from counter to bowl.

SEMI-RECESSED
Allowing for space to install cabinets, these are an ideal solution for small bathrooms.

If your bathroom is compact, choose from the following options:

WITHOUT COUNTER

VANITY TOP
Create a harmonious look with Kohler's vanity tops that come with matching vanities.

FULL PEDESTAL
Ideal for a small space or powder room, the narrow base saves floor space.

BASK™ HEATED SURFACE

Select baths are available with a heated back surface for additional spa-like comfort. Three adjustable temperature settings invite you to customize your bathing experience and immerse yourself in warmth and relaxation.

Here's a closer look at the technology systems that drive Kohler® hydrotherapies. Each of these technologies has been developed by our own design and engineering teams to bring you the best options and experiences in Hydrotherapy.

WHIRLPOOL JETS

Kohler® whirlpool jets are individually adjustable to target specific areas of your body. Delivering the optimal mix of air and water, they fully adjust the water flow intensity and directional control.

BACK JETS

Available on select models, the Bodymassage backjet system, featuring ten Kohler® backjets, loosens tension throughout the back and shoulders and encourages deep breathing. Our backjets fire two by two, targeting the lower back first and moving all the way to the shoulders. In this way, our backjets simulate the natural progression of a hands-on massage.

CHROMATHERAPY

A colour experience designed to enhance bathing, this eight-colour spectrum washes over the body in a repeating one-minute sequence or may be programmed to rest on any one of the colours, to help create a soothing or energizing ambience.

BUBBLE MASSAGE™ AIRJET DESIGN

This proprietary design ensures comfortable and consistent bubbling action, making Kohler® BubbleMassage™ the ultimate air bath experience. The 330-degree staggered airjet design, along with targeted foot and lumbar airjets, delivers a full-body massage.

REMOVABLE PILLOWS

The optional pillow (K-1481) provides a comfortable addition to any Kohler® bath, whirlpool or BubbleMassage® air bath. Suction cups hold the pillow firmly in place, yet allow it to be removed easily for cleaning.

REMOVABLE FOOTSTOPS

An optional foot stop (K-1601) can be placed at the base of the feet or under the thighs to comfortably adjust your bathing position in larger baths. It coordinates with any Kohler® bath, whirlpool or BubbleMassage® air bath.

CLEARFLO SLOTTED OVERFLOWS

Kohler® offers you a wide array of features, including the ClearFlo slotted overflow drain that offers up to an additional 1 1/2 inches of water depth. Recommended overflow/drain combinations for each bath are listed in the feature charts. To view our complete selection of drains, visit www.KOHLER.com.

ELECTRONIC CONTROLS

All hydrotherapy features may be independently controlled with ease. Some models include a lighted keypad and floating remote controls to add further customization and convenience.

ELECTRONIC DRAIN

Completely trouble-free, PushFlo® rough drains let you choose from a basic rotary handle trim kit or contemporary, traditional and Victorian designs with rotary and push handles. At any point in the life of the drain, the trim pan is changed without accessing plumbing behind the bath or wall – perfect for remodeling. Rough drains and trim kits are sold separately.

Kohler's strict quality inspections ensure product safety.

PERSONALIZED RETREAT

IDEAL WHIRLPOOL AIRJETS

DESIGNED FOR HYGIENE

The pipes are positioned and designed to conduct a complete purging of water, preventing residual water and bacteria breeding. Strict quality inspections were conducted on the pipes to ensure usage safety.

INTEGRATED WHIRLPOOLS

Kohler's integrated whirlpools provide bathers ease of use by pre-installing the faucet, bath apron and bath drain before delivery. This saves the bathers time for finding complementing fittings for the whirlpools.

FAST-RESPONSE® TECHNOLOGY

Invigoration™ Series steam generators produce steam within one minute of pushing the power button.

CONSTANT STEAM

This series is designed to produce steam at a consistent rate, which greatly minimizes temperature fluctuations.

POWER CLEAN® FEATURE

At the touch of a button, water flushes sediment out of the generator through the steam head. No manual flushing required.

INTUITIVE OPERATION

The interface is easy to read and use with clear function indicators for controlling operation, time and temperature.

ECO-FRIENDLY

The Invigoration™ Series uses approximately one gallon of water per 20-minute session, which is significantly less water than a traditional shower experience.

AUTO SHUTOFF

To ensure safety, the system automatically shuts down after 20 minutes if not reactivated by the user.

CUSTOMIZE YOUR EXPERIENCE

From basic to extravagant, from manual to digital, the Invigoration[®] Series can turn every showering experience into a personal spa-like retreat. The series can also pair with the Kohler[®] DTV+[™] digital showering system. A digital shower gives you greater customization of your experience and you can control every aspect with the touch of a button.

Stray™ touchless cold only basin faucet in polished chrome (K728671N-ND-CP)

KOHLER[®] COMMERCIAL FAUCET ADVANTAGE

To help you specify the best Kohler[®] faucets for your commercial or hospitality enterprise, we've outlined some of the key features that make Kohler[®] best in class.

KINESIS[™] TECHNOLOGY

In traditional IR sensors, the sensor range can be affected by the environmental distortions such as color or the texture of the object. Kinesis[™] technology with concealed sensor allows for a clean aesthetic and provides extraordinarily accurate and reliable actuation in varying installation environments. Additionally, Kinesis[™] sensor technology offers on-demand detection for maximum water savings.

INSIGHT[™] TECHNOLOGY

Improved over traditional infrared sensors that rely on fixed settings and may misread environments, Insight[™] technology features an adaptive infrared sensor that has the ability to analyse the surrounding area once installed. After monitoring these details, Insight[™] is able to calibrate the sensor to filter false triggers and optimize the faucet's operation.

MANUAL CONFIGURATIONS

In addition to Touchless[™] faucets for commercial applications, we offer manual faucets in a variety of configurations, including wall mount, widespread, centerset and single-handle, to accommodate any number of bathroom designs and functionality needs.

The ideal cleaning technique is to always blot dry any water from metal surfaces. Allowing water to evaporate on metal will form water deposits. It is important to use a cleaning action to dry metal, not an abrasive or rubbing action. Cleaning with a damp sponge and buff drying should keep your mixer looking beautiful.

* All recommended fixture plumbing accessories, including but not limited to, grip rails, trim kits, drains, Duostrainer[®], sink strainers and soap/dispenser are warranted to the original purchaser to be free of defects in material and workmanship for one year from date of purchase.

** Never use cleaners containing abrasives, acetone, ammonia, bleach, acids, caustics, alcohol, solvents or other products not recommended for chrome. This will void the warranty.
