SPAN

Span Square® and Span Round®

From the circular origin to rectangularly clear lines and parallels – the form goes flexible, giving away to the function at hand. Minimal, yet efficient.

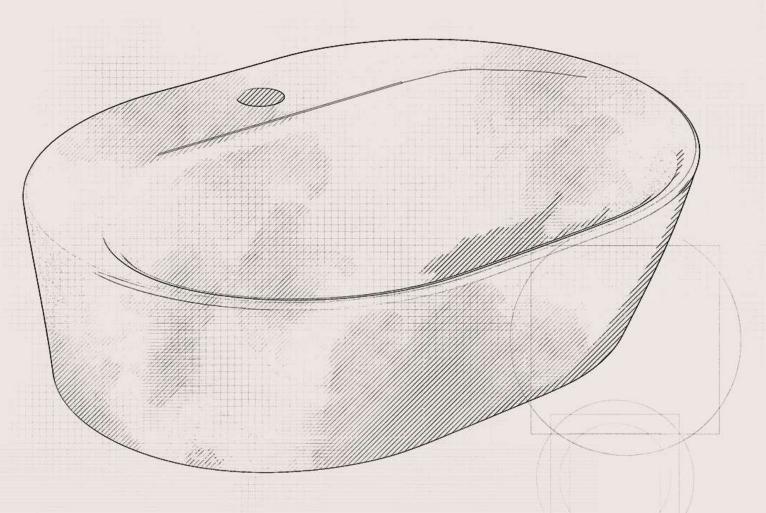

Geometric

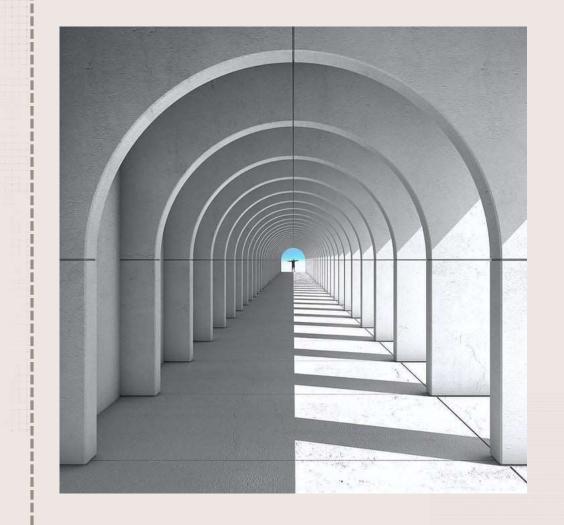

have no sharp edges or corners
whilst maintaining their geometric
origins.

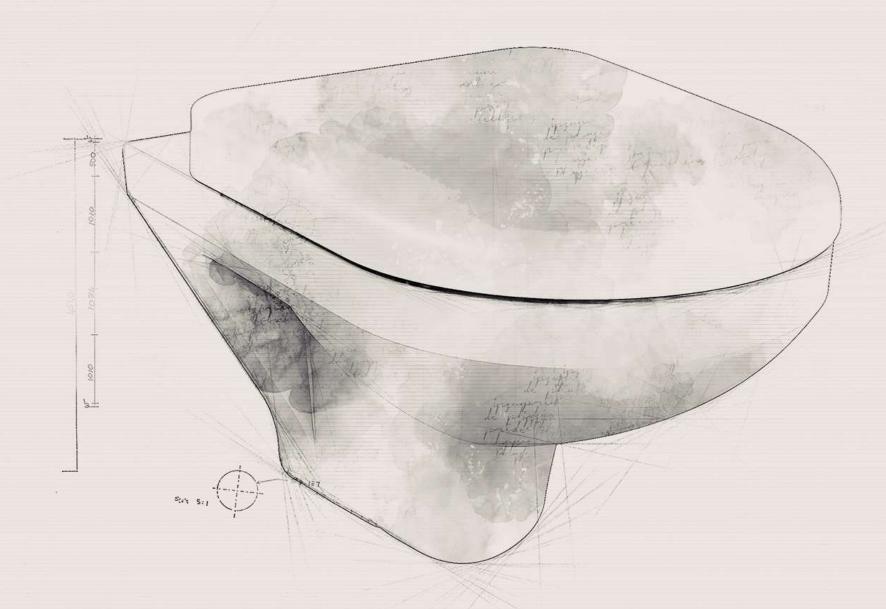

Minimalist

flexibility in specifying due to pure forms that fit into any minimalist bathroom environment

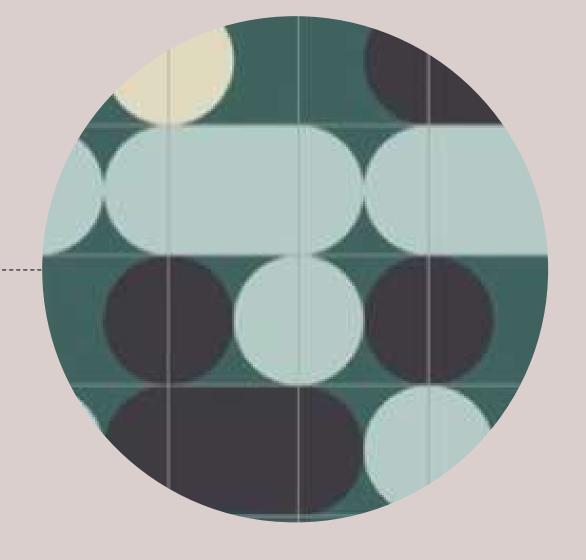

"Two pure **geometric** approaches to **straight-line** toilets and lavatories"

Straight ambitions

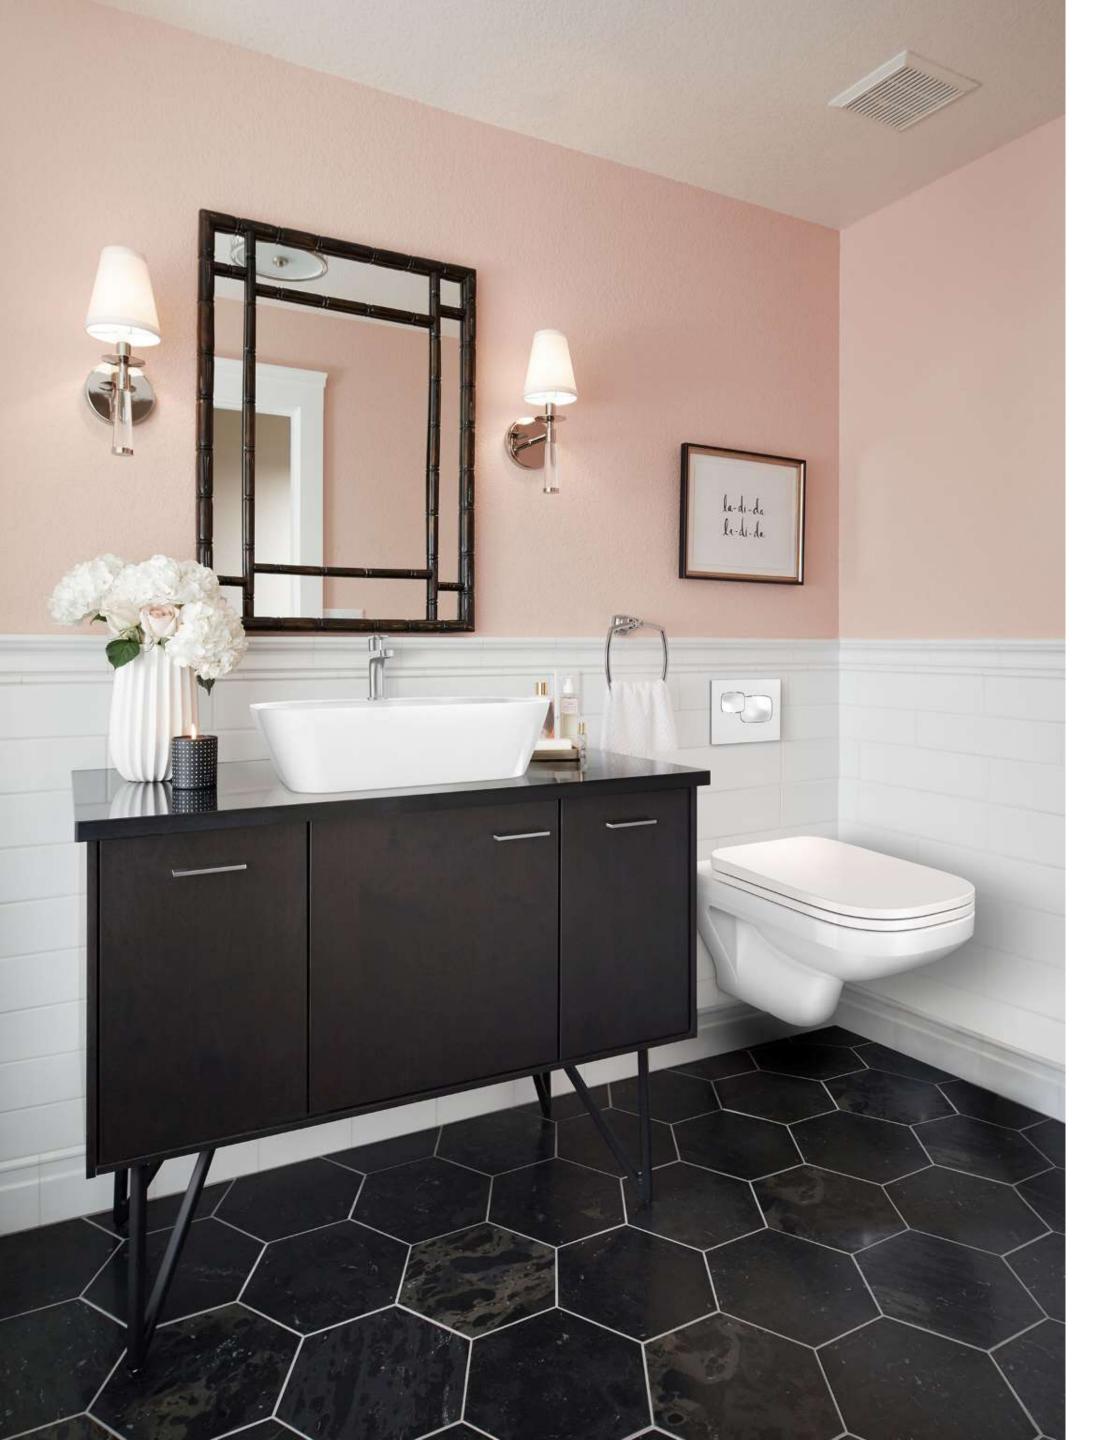

Span Square

Span Round

SafeShield_{TM}

Every Kohler toilet seat is infused with Nano silver ions (AG+) that keeps it 99.9% free from bacteria, including highly resistant strains E.coli

Quiet-CloseTM

Quiet-Close™ seat and lid close slowly and quietly without slamming

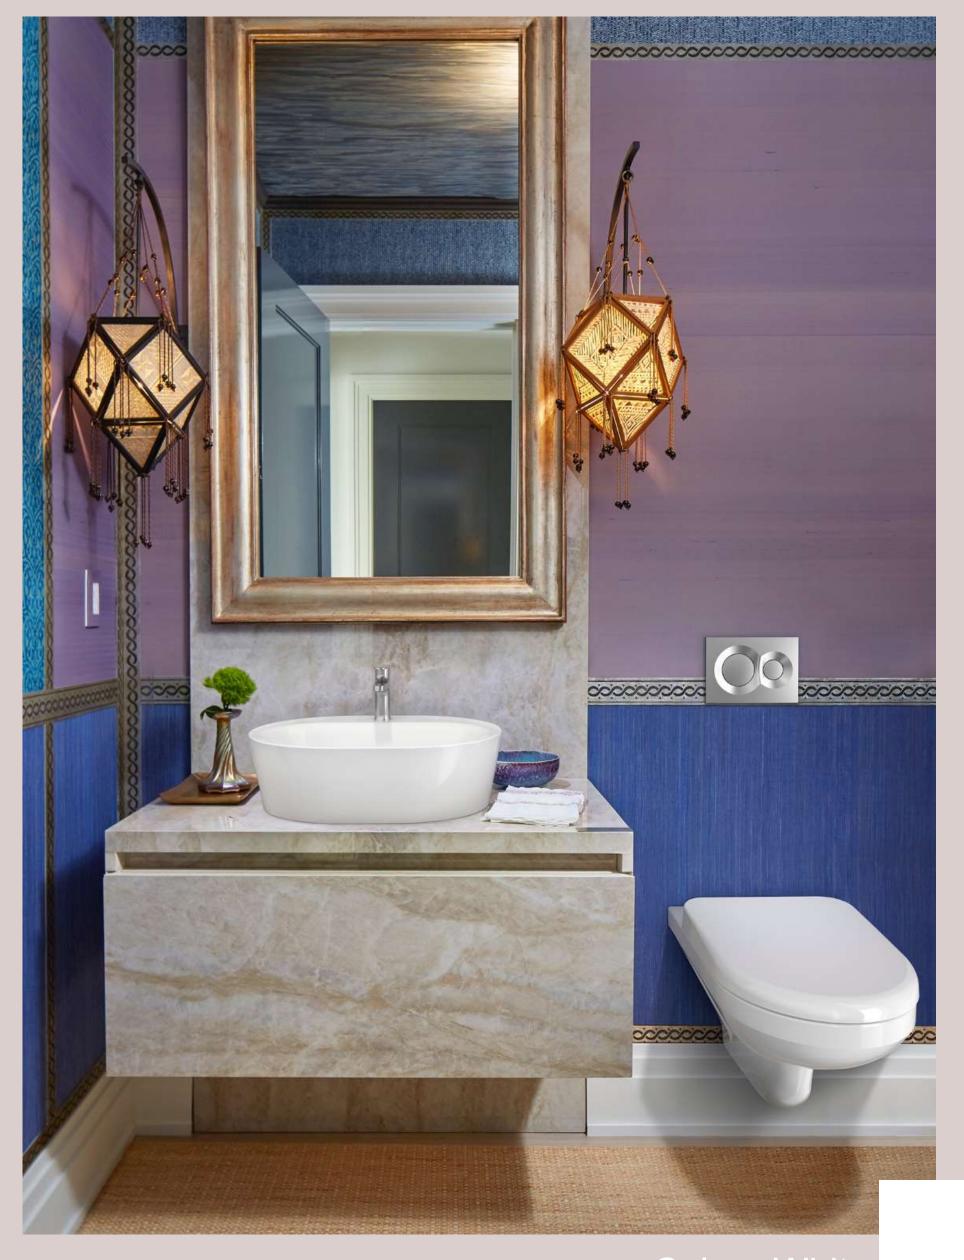

Designed matched lavatory

Options of Vessels and Wall mounts basin

Both in Square and Round design

To be Launched

Color: White

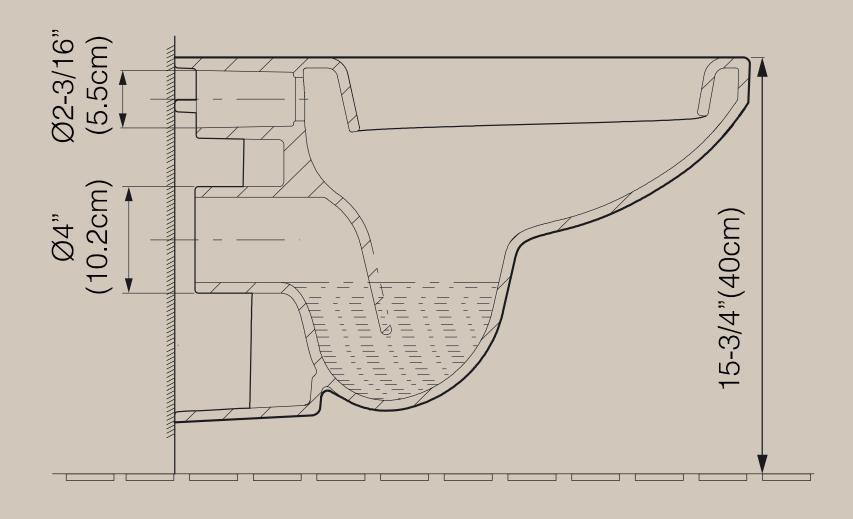

Anti-bacterial protective additive in the seat, which destroys harmful bacteria.

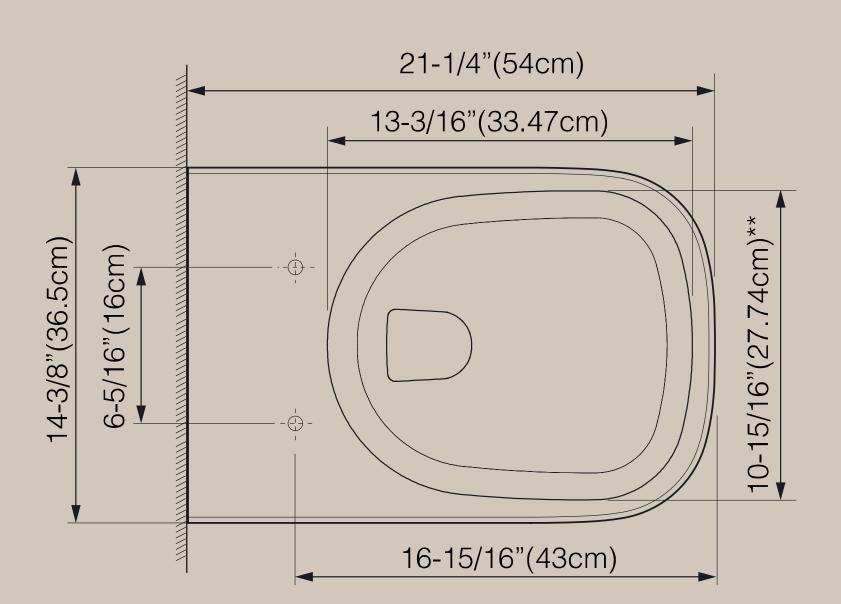

Silver ions (Ag+) destroy bacterial strains that are resistant to even modern antibiotics like E.Coli.

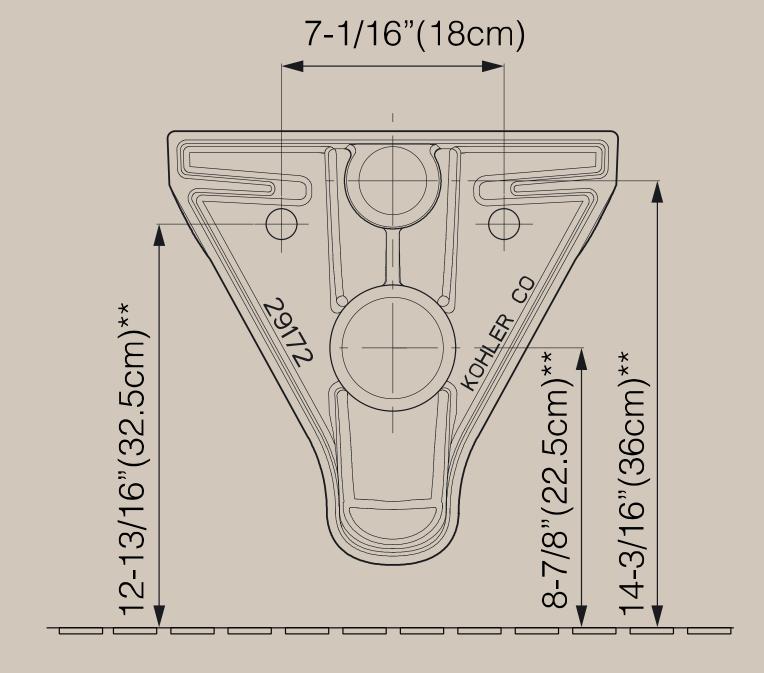

It is not a surface coating, it is inherent in the material

– so it won't wear out with use, washing or ageing of
the seat.
