ALEO/ALEO+ COLLECTION WITH SAFESEAL™ WATERWAYS

SAFER TOUCH SCALD PROOF

In Aleo and Aleo+ faucets, hot water doesn't come in contact with metallic surface insulated from the hot water by the special waterways, these faucets are always safe to touch!

SAFER WATER NO CONTAMINATION OF LEAD AND NICKEL IN WATER

Aleo and Aleo+ lav faucets have sealed waterways made of food grade material- these ensure that water does not touch the inside metal surface. This means safer water, free from lead and nickel contamination!

Safe Touch
Protective shell ensures the faucet is safe to touch

Durable Ceramic Valves
Ensure dependable performance

Lasting Finish
Resists corrosion and wear

CONTROL BY DESIGN

Inspired by technical functionality and artful design, the Aleo faucet collection brings you two easy-to-control faucets that are both simple and beautiful

aleo™

A carefully considered flat-surface handle creates contemporary lines and offers complete control

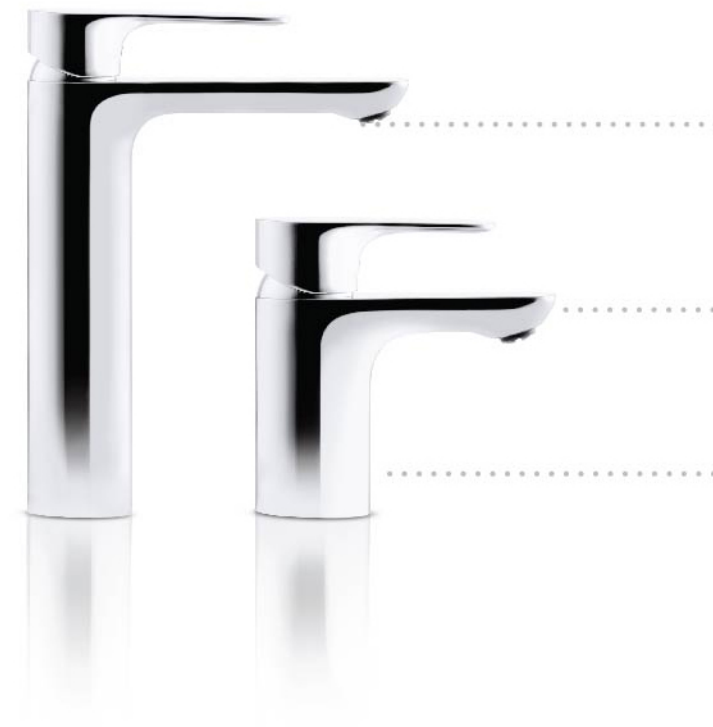

aleo+™

Thinner handle of Aleo+ provides easy functionality and outstanding control in a minimalist design

Transform your bathroom into the ultimate private retreat with the essential simplicity and beauty of the Aleo faucet collection.

Aleo brings elegance into the home with its humanist and minimalist design - an emphasis on function over form with a reduction of complexity. Aleo has an approachable, but forward looking aesthetic with its clean yet soft lines.
