

# TayMac ParkPost™ Premium Slide Covers

July 8, 2025

Enhance your outdoor spaces with TayMac ParkPost™ Premium Slide Covers.

ParkPost outdoor power supply enclosures are renowned for sleek, modern aesthetics and robust functionality. New optional add-on slide covers revolutionize outdoor connectivity and redefine outdoor living spaces.

Easily replace standard ParkPost sliding covers with our new additional options offering premium design, functionality and style. Once the ParkPost is installed, switch out the covers easily and quickly with no additional wiring. The sliding design maintains a sleek appearance while hiding plugged-in cords.

## Our new range of premium covers:

- Area Light Slide Cover: Bright area light to illuminate walkways, driveways, and more
- Bluetooth® Speaker Cover: Robust outdoor speaker delivers high quality and balanced sound quality
- Pagoda Light Cover: Elegantly designed to enhance spaces with ambient lighting
- Spotlight Cover: LED spotlight provides dramatic illumination for architectural or landscape features. Designed to rotate for precise beam placement

ParkPost™ Premium Slide Covers offer power, performance and style right where you need them.
