

Temporary Accidental Death Cover is complimentary and provided for a period of time while nib nz insurance limited (trading as Kiwi Insure) assesses your Life & Living Insurance application.

How Temporary Accidental Death Cover works

This covers you if you die from a non-medical, unexpected accidental injury. We will pay your proposed beneficiary if one is named in your Life & Living Insurance application or if none, your estate. We will pay the amount of the Life cover you applied for and complimentary Funeral Expenses cover (\$15,000) up to a maximum of \$500,000.

Your death must occur after the date the application is received by Kiwi Insure and within 30 days of the date of the unexpected accidental injury.

➤ 'Unexpected accidental injury' means injury caused by violent, unexpected and visible means independent from any other cause.

When cover ends

This cover ends the earliest of:

- 60 days after the date Kiwi Insure receives your Life & Living Insurance application, or
- the date you withdraw your Life & Living Insurance application, or
- the date Kiwi Insure defers or cancels your Life & Living Insurance application, or
- the date your Life & Living Insurance cover starts.

You are not covered in some circumstances

Unfortunately there is no cover if your death is directly or indirectly caused, or contributed to, by:

- any illness, disease, naturally occurring condition, or degenerative condition; or
- self-inflicted harm, intentional self-injury, whether sane or insane; or
- aviation other than as a fare paying passenger on a commercial airline; or
- engaging in mountaineering, rock climbing, scuba diving, hang gliding or motor racing or other extreme sports; or
- serving in any armed force, including any police force of a country; or
- any direct or indirect act of war or any act of terrorism; or
- participation in any criminal act; or
- the taking of any alcohol or drugs (unless prescribed by a Registered Medical Practitioner and taken as prescribed); or
- any injury that occurred before the date of the application.

➤ 'War' includes warlike activities such as use of military force by any sovereign nation to achieve economic, geographic, nationalistic, political, racial, or religious ends. War means war whether declared or not.

➤ 'Terrorism' means the use or threatened use of violence, in order to achieve a political, religious, or ideological aim.

➤ 'Criminal act' or 'criminal activity' means conduct that is an offence, where the maximum punishment allowed by law for that type of offence is a prison sentence or a sentence of home detention. This includes any conduct that meets the legal requirements for such an offence, even if the conduct does not result in any charges or convictions. It is not necessary for the requirements to be proved beyond a reasonable doubt.
