

01 Action Plan

Decarbonising Our Airport

Mission

Become a net zero airport for our Scope 1 and 2 emissions by 2030 and reduce our Scope 3 emissions

Ongoing	Work with partners to increase the proportion of sustainable transport journeys to and from the airport for our staff, tenants and passengers
2022	Be accredited to ACA Level 4+
2022	Combine high-quality offsets for our residual emissions with local projects delivering biodiversity improvements
2022	Commence a Fuel Strategy to assess upgrades needed for the airport's fuel storage and distribution facilities, including supplies of low and zero carbon fuels
Ongoing	Work in partnership with our key airlines, aircraft manufacturers and fuel suppliers to increase use of SAF
2022	Complete a new Energy Strategy to provide all energy needed for our buildings and facilities from renewable sources and maximise energy efficiencies throughout our operations
2023	Work in partnership with local stakeholders to update the Silvertown Elizabeth Station Feasibility Study
Ongoing	Continue to actively engage in future of flight projects to facilitate deployment of low and zero emissions flights in the UK and from the airport
2023	Develop opportunities for staff and passengers to better understand and reduce their carbon footprint
2023	Develop a passenger and staff carbon reduction guide and policy
2026	Complete a Sustainable Construction Strategy to maximise sustainability performance and carbon reduction in any future development and increase energy efficiencies for future buildings and operations
2030	Be the best-connected airport in the UK with 80% of all journeys to the airport made by sustainable means of transport
2030	Be a net zero airport for our Scope 1 and 2 emissions

01 Action Plan

Improving Our Environment

Mission

Support a better, more resilient local environment, with better noise management, cleaner air and water, less waste and more green space

- 
- 2022** Launch a new Biodiversity Fund and invest a minimum of £25,000 per annum in local biodiversity projects to be undertaken along with partners
 - Ongoing** Continue to improve data collection and reduction measures for water and energy consumption
 - 2023** Support research and development in air quality impacts on health, including emerging studies on Ultra Fine Particles
 - 2023** Complete a Circular Economy and Waste Strategy covering the airport's assets and passenger waste
 - 2023** Create a website for residents to access data on the London City Airport flight paths, height and noise level at their properties
 - 2023** Further develop climate change assessments and plans to enhance the resilience of our infrastructure and operations
 - 2025** Eliminate all avoidable single use plastics within the airport
 - 2026** Achieve 10% biodiversity net gain for any future development
 - 2030** Be a zero-waste airport by reusing and recycling 100% of non-hazardous waste produced by our staff and tenants

01 Action Plan

Helping East London Grow and Prosper

Mission

Make a positive contribution to the local economy and grow the skills of and opportunities for our employees and local people

2022 Reinstate the annual Meet the Buyer Event for local businesses

2022 Expand our mentoring programme to provide support and practical skills to local young people

2022 Reinstate the annual STEM in Aviation Event for local school children

2023 Launch a new STEM strategy to share practical online learning tools for local schools

2022 Increase staff volunteering to two days per annum for each employee

Ongoing Broaden the partnership with IASTI to develop pathways into employment at the airport

2023 Refresh social and economic sustainability requirements into procurement processes

2023 Enhance our Diversity & Inclusion programme and reporting

2024 Measure and report social value and positive impacts to local communities

2026 Be a London Living Wage (LLW) Campus with all on-site partners paying the LLW

2030 Work with industry partners to explore opportunities to invest in an Aviation Innovation, Training & Skills Centre

2030 Maintain our record in relation to equality in Gender Pay

2030 Increase our Community Fund annual grant allowance
