

## Pillar 1

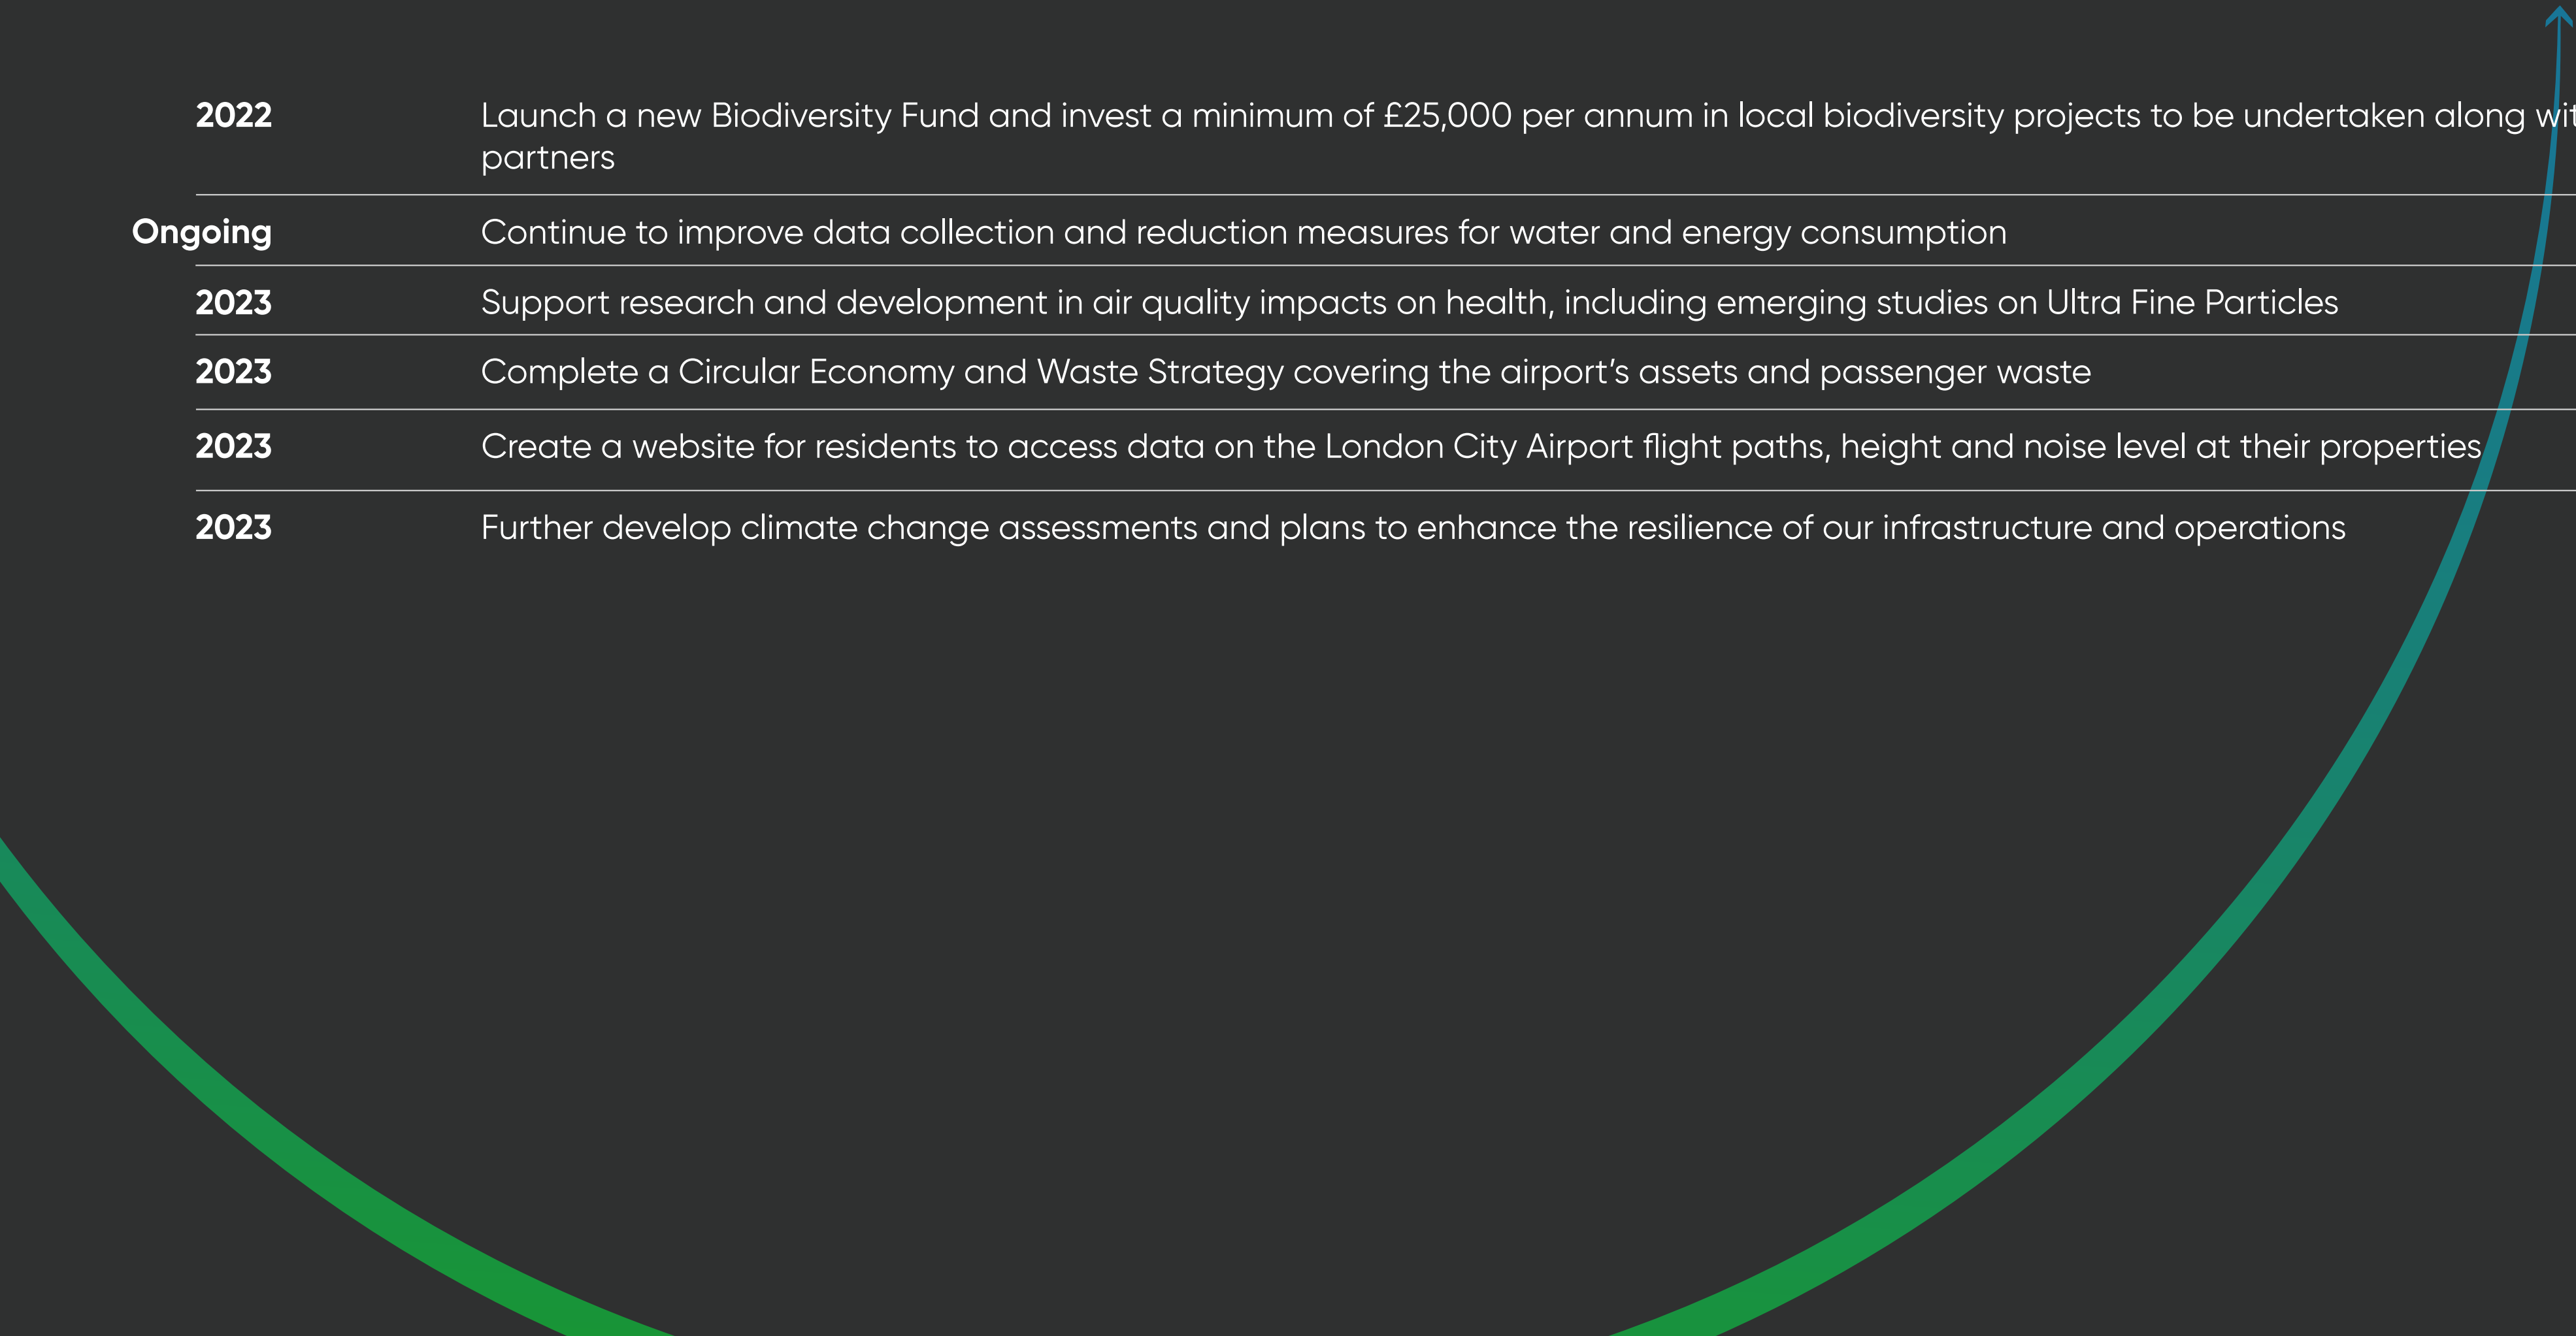

# Decarbonising our Airport

<b>Ongoing</b>	Work with partners to increase the proportion of sustainable transport journeys to and from the airport for our staff, tenants and passengers	<b>Progressing</b>
<b>2022</b>	Be accredited to ACA Level 4+	<b>Completed</b>
<b>2022</b>	Combine high-quality offsets for our residual emissions with local projects delivering biodiversity improvements	<b>Completed</b>
<b>2022</b>	Commence a Fuel Strategy to assess upgrades needed for the airport's fuel storage and distribution facilities, including supplies of low and zero carbon fuels	<b>Progressing</b>
<b>Ongoing</b>	Work in partnership with our key airlines, aircraft manufacturers and fuel suppliers to increase use of SAF	<b>Progressing</b>
<b>2022</b>	Complete a new Energy Strategy to provide all energy needed for our buildings and facilities from renewable sources and maximise energy efficiencies throughout our operations	<b>Progressing</b>
<b>2023</b>	Work in partnership with local stakeholders to update the Silvertown Elizabeth Station Feasibility Study	<b>Moved to 2024</b>
<b>Ongoing</b>	Continue to actively engage in future of flight projects to facilitate deployment of low and zero emissions flights in the UK and from the airport	<b>Progressing</b>
<b>2023</b>	Develop opportunities for staff and passengers to better understand and reduce their carbon footprint	<b>On-track</b>
<b>2023</b>	Develop a passenger and staff carbon reduction guide and policy	<b>On-track</b>

## Pillar 2

# Improving our Environment

<b>2022</b>	Launch a new Biodiversity Fund and invest a minimum of £25,000 per annum in local biodiversity projects to be undertaken along with partners	<b>Completed</b>
<b>Ongoing</b>	Continue to improve data collection and reduction measures for water and energy consumption	<b>Progressing</b>
<b>2023</b>	Support research and development in air quality impacts on health, including emerging studies on Ultra Fine Particles	<b>On-track</b>
<b>2023</b>	Complete a Circular Economy and Waste Strategy covering the airport's assets and passenger waste	<b>On-track</b>
<b>2023</b>	Create a website for residents to access data on the London City Airport flight paths, height and noise level at their properties	<b>On-track</b>
<b>2023</b>	Further develop climate change assessments and plans to enhance the resilience of our infrastructure and operations	<b>On-track</b>

## Pillar 3

# Helping East London Grow and Prosper

2022	Reinstate the annual Meet the Buyer Event for local businesses	Completed
2022	Expand our mentoring programme to provide support and practical skills to local young people	Completed
2022	Reinstate the annual STEM in Aviation Event for local school children	Completed
2023	Launch a new STEM strategy to share practical online learning tools for local schools	Progressing
2022	Increase staff volunteering to two days per annum for each employee	Progressing
2024	Measure and report social value and positive impacts to local communities	Progressing
2023	Refresh social and economic sustainability requirements into procurement processes	On-track
2023	Enhance our Diversity & Inclusion programme and reporting	On-track
