

To manage product and waste disposal in France, Marshall Group partners with Ecologic, an eco-organization responsible for organizing and coordinating the collection of electronic waste. In compliance with current regulations, Marshall Group includes an eco-contribution, also known as the WEEE (Waste Electrical and Electronic Equipment) fee, for each product purchased from France through our eCom. This fee supports the proper recycling and disposal of electronic devices and is included in the price.

Item	WEEE-fee 2026
