

Emi Table

The Emi collection stems from Erwan Bouroullec's mission to bring professional quality into lighting for domestic and hospitality settings. Proprietary Flos technology has allowed the creation of a series of compact luminaires equipped with a patented anti-glare optical unit for the utmost visual comfort.

Description

Emi, combines different light sources with a high level of visual comfort to create a unique experience of light and shadow. The design of this collection comes from grouping together three light modules inside compact, linear extrusions that give the lamp a triangular shape which is reflected all throughout its design. Emi is mainly made from metal: the base of the lamp is cast iron, while the pole and main body are aluminium. The upper and lower sections are made with polymers. Considerable effort has been made to minimise the surfaces and thicknesses all throughout the collection in order to optimise the use of materials.

Lamp

Lamp Type (Up/Down)	LED Array
Wattage (Up/Down)	43.5W (Up 31W + Down 12.5W)
Output Up	Up to 2274 lm / 2291 lm
Output Down	Up to 685 lm / 731 lm
Color Temperatures	2700K / 3000K
Color rendering	CRI 90

Optical

Beam Angle	32°
Lighting Type	Direct
Light Distribution	Asymmetric

Physical

Material	Cast Iron, Aluminum
Aiming	Fixed
Weight	18.5 lb
Ingress Protection Rating	IP20 dry locations
Finishes	Painted lacquer

☐ OW Off White    ☒ OW.U4 All White    ☐ RY Deep Red    ☐ GY Deep Green    ☐ ZY Deep Blue

Installation type	Table, cord and plug
Environment	Indoor

Dimensions

Certifications

Class 2

## Emi Table

The Emi collection stems from Erwan Bouroullec's mission to bring professional quality into lighting for domestic and hospitality settings. Proprietary Flos technology has allowed the creation of a series of compact luminaires equipped with a patented anti-glare optical unit for the utmost visual comfort.

### Electrical & Control

Control	Independent control of the Up&Down lighting through Touch Dimming capacitive sensors in the top part of the central rod.
Power Supply	Integrated, on cord
Input Driver Voltage	48Vdc

### Performance

Maximum delivered output	2959 lm / 3022 lm
Efficacy	98 lm/W

### Dimensions

### Notes

External power supply integrated on the cord and plug.

The ON/OFF - touch dimmer switch is integrated into the luminaire (rod).

The technological heart of Emi combines with an exquisitely crafted base made of cast iron. Imperfections present on the surface of the base are the result of a manual production process that makes each product unique.
