

Captain Flint Outdoor B1

Multi-directional floor lamp for exterior use.

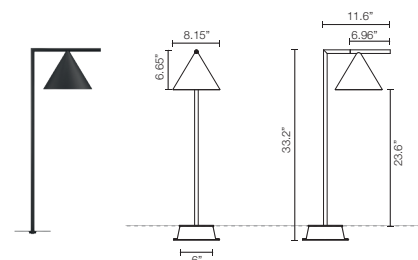

Description

Elevate your outdoor space with Captain Flint, an elegant dual-purpose floor lamp serves as an uplight and reading light with its conical shade and refreshed with waterproof materials and finishes in new colors, built to withstand environmental conditions. The sophisticated, iconic indoor floor lamp designed by Michael Anastassiades is now to be taken outside.

The “invisible” system that keeps in balance the conical diffuser to the thin tubular structure, also allows the diffuser to rotate in 8 different positions. The lighting beam can be pointed down for a direct light or against a wall for a smooth ambience halo.

Dimensions

Lamp

Lamps Type	COB LED
Wattage	9.5W
Output Nominal	989 lm, 1026 lm, 1099 lm
Color Temperature	2700K, 3000K, 4000K
Color rendering	CRI80

Optical

Beam Angle	112°
Lighting Type	Direct
Light Distribution	Symmetric

Physical

Material	Stainless Steel / Polycarbonate
Aiming	Fixed
Weight	491 Pounds
Ingress Protection Rating	IP65
Finishes	Painted lacquer/ Real Stone

 55 Brushed Stainless Steel	 18 Deep Brown	 30 Black	 37 Burgundy Red	 59 Brass Finish
--	---	---	---	---

Certifications

Class 2

Photometrics

Warranty

2 years from date of sale.

Installation type	Floor
Environment	Outdoor/ Wet location

Captain Flint Outdoor B1

Multi-directional floor lamp for exterior use.

Electrical & Control

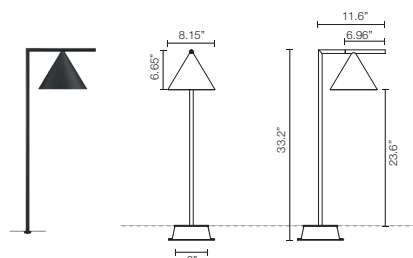

Control	Standard 0-10V dimming
Driver	Integral
Input Driver Voltage	120V - 277V

Performance

Maximum delivered output	from 629 lm up to 699 lm
Efficacy	73.5 lm/W

Notes

Dimensions

The painted versions are an exterior rated epoxy polyester powder coat finish for superior strength, heat and UV resistance.

Casambi function on demand.

During installation and maintenance avoid scratching or damaging the finish as it may result in premature corrosion of metal surfaces. Avoid cleaning fixtures with corrosive chemicals as it may result in voiding the warranty.

5m – 16ft cable with IP44 plug suitable for outdoor use.

Fixture should plug into covered GFI wall receptacle as required by local code.

Lamps need to be ordered separately

Backlit floor dimmer switch on the IP65 cable enables ON/OFF function and brightness regulation 30–100% (*with dimmable LED bulb).
