

Extreme® TPO UN-55 Detailing Membrane Sell Sheet (COMEG186)

PRODUCT DESCRIPTION

EverGuard Extreme® TPO UN-55 Detailing Membrane provides roofing contractors with an easy-to-install factory-built detail. EverGuard Extreme® TPO UN-55 Detailing Membrane is constructed using GAF's proven, durable, high-performance EverGuard Extreme® TPO. This accessory is used as an alternative material for flashing penetrations and corners of base and curb flashing.

Cost effective...

Reliability is built in; made with BMI EverGuard Extreme® TPO membrane.

Improved reliability...

Factory-built accessories reduce risk of leaks and callbacks.

APPLICATION

EverGuard Extreme® TPO UN-55 Detailing Membrane is designed for use with BMI EverGuard Extreme® TPO, EverGuard® TPO, and EverGuard® Freedom™ Self-Adhering TPO. UN-55 Detailing Membrane may be installed on:

- EverGuard® TPO 45, 60, and 80 mil mechanically attached or fully adhered roofing systems
- EverGuard Extreme® TPO 50, 60, 70, and 80 mil mechanically attached or fully adhered roofing systems
- EverGuard® Freedom™ TPO 45, 60, and 80 mil self-adhering roofing systems

PRODUCT INFORMATION

EverGuard Extreme® TPO UN-55 Detailing Membrane come standard in White. The membrane is unreinforced, so it's easier to work with at difficult flashing details.

- Manufactured to strict specifications using BMI's high-performance EverGuard Extreme® TPO formulation
- Designed for ease of installation
- Alternative flashing/reinforcement material for penetrations and corners
