## G Mining Ventures Completes First Draw on \$250 Million Gold Stream from Franco-Nevada

*All amounts are in USD unless stated otherwise*

BROSSARD, QC, April 3, 2023 – **G Mining Ventures Corp.** (“**GMIN**” or the “**Corporation**”) (TSXV: GMIN) (OTCQX: GMINF) is pleased to announce that it has drawn approximately \$91 million on its \$250 million gold stream with Franco-Nevada (Barbados) Corporation (“**Franco-Nevada**”), as previously announced in July 2022. The proceeds of the stream will be used to continue the development and construction of GMIN’s 100% owned Tocantinzinho Gold Project (“**TZ**” or the “**Project**”), currently under construction in the State of Pará, Brazil. The Project remains on track and on budget for commercial production in H2-2024.

In connection with the draw on the gold stream, GMIN provided evidence to Franco-Nevada that it has sufficient funding to fully satisfy the remaining Project costs required to achieve commercial production and Project completion.

In addition, GMIN has also closed, satisfied the conditions precedent, and commenced drawing on the previously announced \$40 million Equipment Financing Facility with Caterpillar Financial Services.

**Louis-Pierre Gignac, President & Chief Executive Officer, commented:** *“This significant milestone demonstrates that the GMIN team has made substantial progress on the development and construction of Tocantinzinho to the satisfaction of its financial partners. Our ability to systematically de-risk the development and meet the extensive list of obligations to access this funding should provide all our stakeholders with comfort in the quality work taking place at TZ. The Project remains on track and on budget for commercial production in H2-2024.”*
