Out of Contract Electricity Rates

Out of Contract rates apply to the electricity or gas we supply to Opus Corporate customers when a fixed period ends and a new contract has not been entered into either with us or a new supplier. We'll charge you these rates until you agree a new contract or switch to another supplier. Please note that these rates are not fixed, and they may change at any time, so check our website for more details.

You can find our Out of Contract rates below.
