Welcome to Drax

Thanks for considering Drax to supply electricity to your premises.

You can find your Contract Award Schedule (CAS) on the next page. Please sign the last page of it and return it to us as soon as possible. We'll process your contract and once we've received and accepted it, we'll send you a confirmation.

Once you've signed your CAS and we've accepted your contract, we'll get you set up on our systems ready for your Contract start date.

You can find your terms and conditions attached or at energy.drax.com/support/useful-documents-and-links/. You can also find our fuel mix for electricity we supplied last year at energy.drax.com/fuel-mix/.

What happens at the end of the fixed period?

Your contract has an initial fixed period until <<fixed period end date>>. After this date, it will continue on a variable rate until you either set up a new contract with us or switch to a new supplier. If you want to change suppliers, you don't need to send us a termination notice, but you won't be able to switch until the end of your initial fixed period. You'll also need to pay any outstanding balance before you switch otherwise we may object.

Around 2 months before the end of your fixed period, we'll send you a letter to let you know your options. You can usually get the best deal with a new fixed period contract. If you don't agree a new contract, or switch to another supplier, you'll automatically move to a variable price.

Thanks for considering us to supply your energy

Once you've signed your CAS and we've accepted it, we'll get you set up on our systems.

What happens at the end of the fixed period? (cont.)

You can find these rates at any time on our website at energy.drax.com/variable-rates/. Please note that these rates can change, but the latest version is always on our website.

If you think we could do even better

If you have any issues with us, please contact us. Or to find out more information about our supplier and broker complaints handling procedure, please visit energy.drax.com/complaints/.

Commission payments

Please disregard this section if you purchased your energy directly through us.

If you agreed your contract via a broker, commission may also be included in the cost we quote you. We calculate the commission to pay your broker based on your estimated energy use over the whole fixed period of your contract. In some cases, if your energy use changes, this will change the commission you pay.

£<<commission amount>> commission is included throughout your contract.

We're a voluntary Feed-in-Tariff licensee. You can find out more at energy.drax.com/support/feed-in-tariff. Contact us if you'd like to discuss the information in this letter, or read more about our supplier and broker complaints process at energy.drax.com/complaints.

Drax Energy Solutions Limited Registered in England & Wales, Number 05893966. Registered Office: Drax Power Station, Selby, North Yorkshire YO8 8PH. If you are not the intended recipient, or have received this communication in error, please advise us immediately and securely destroy the communication.

This Contract Award Schedule forms part of the Contract entered into between the Supplier and the Customer. Capitalised terms shall unless the context requires otherwise have the meanings assigned to them in the Terms and Conditions. This Contract Award Schedule shall prevail over the terms of the Terms and Conditions and any Supplemental Terms forming part of the Contract.
