

DIRECTIONAL LEDS

ED3706 SERIES

SAE Class I Solid- or Split-Color Multi Mount

The ED3706 series is an ultra thin, low profile LED. Available in solid and split color, this compact LED is ideal for a wide variety of applications, offering the flexibility of four mounting options: surface mount, tilt bracket, self-adhesive mount, and edge mount (all necessary hardware is included with each light). Featuring 13 flash patterns and synchronization capability, this super bright LED is designed for maximum light output at all angles.

Models

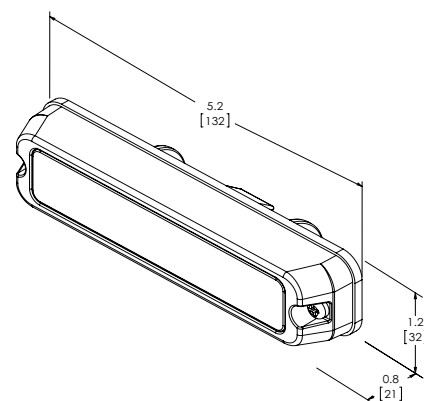

PART NO.	COLORS	VDC	AMPS
ED3706A	Amber	12-24	0.9
ED3706B	Blue	12-24	0.9
ED3706C	Clear	12-24	0.9
ED3706G	Green	12-24	0.9
ED3706R	Red	12-24	0.9
ED3706AB	Amber/Blue	12-24	0.9
ED3706AC	Amber/Clear	12-24	0.9
ED3706AG	Amber/Green	12-24	0.9
ED3706AR	Amber/Red	12-24	0.9
ED3706RB	Red/Blue	12-24	0.9

Features and Benefits

- Six high-intensity LEDs provide exceptional warning
- 13 flash patterns with 29 modes
- Synchronizable
- Aluminum housing, polycarbonate lens
- Four mounting options (hardware included)
- Temperature Range: -22°F to +122°F (-30°C to +50°C)

Edge Mount

Flash Patterns (13)

- Single
- Fast Single
- Double
- Fast Double
- Quad (default)
- Fast Quad
- Triple
- Quint
- Steady - Single
- Steady Burn
- Modulation
- 2 Double, 2 Triple, Alt
- 4 Single, 2 Quad, Alt
