

MINIBARS

5540 SERIES REFLEX[®]

10" Minibar

The ECCO 5540 Series LED minibar is a compact, durable 10-inch Reflex[®] warning light that delivers full 360-degree illumination in amber, or amber/green for professional on- and off-highway use. Offering 35 single-colour or 91 dual-colour flash patterns, it delivers versatile, powerful signaling performance. Built for harsh conditions, it carries IP65 and IP69K ratings and meets SAE Class I and ECE R10 standards for brightness and electromagnetic compatibility. Operating on 12–24 VDC and secured with a 4-bolt permanent mount, the 5540 Series is backed by ECCO's 5-year no-hassle warranty, ensuring long-term reliability for commercial, industrial, and fleet vehicles.
