

BEACONS

BF900

Tri-Colour LED Beacon

*BF900-03 & BF900-06 only

The BF900 LED beacon. Featuring a powerful 3400 Lumen of high intensity LED output packed into an extremely rugged die-cast alloy based beacon with various selectable flash patterns.

The BF900 series is proven, tough and sealed to IP67 with no moving parts, ensuring long working life with no maintenance.

Joining the family, the RGB (Red/Green/Blue) and RAG (Red/Amber/Green) models expands the range with an all new LED and optic layout within the hardened polycarbonate lens and robust base that the BF900 range is known for.

Models

PART NO.	LENS	LED	VOLTAGE	AMPS	BASE
BF900-03			10-30	2.28	Flange
BF900-06			10-30	2.28	Flange
BF900-00			10-30	2.28	Flange
BF900-04			10-30	2.28	Flange
BF904-00			10-30	2.28	Suction Magnetic
BF904-04			10-30	2.28	Suction Magnetic

Features and Benefits

- SAE Class 1 brightness
- CISPR 25 lvl 3 (BF900-03 & BF900-06 only)
- 150 or 210 rotations per minute functionality
- 18x LED (BF900-03 & BF900-06) / 16x LED (BF900-00, BF900-04, BF904-00 & BF904-04)
- Gasket-sealed polycarbonate lens and gel-filled die-cast alloy base
- Heavy-duty flange or vacuum magnetic mount options
- 15 Flash Patterns (BF900-03 & BF900-06) / 7 Flash Patterns (BF900-00, BF900-04, BF904-00 & BF904-04)
- Each LED colour can be triggered individually (Tri-Colour only)
- Temperature range: -40°C to 65°C (-40°F to 149°F)
- Suction magnetic base version features combination cigarette lighter and accessory (merit) plug (BF904-00 & BF904-04)
