

DIRECTIONAL LEDS

ED3600 SERIES

Single or Dual-colour Surface Mount

ECCO's New ED3600 Series is an ultra-thin exterior LED warning light designed to be mounted virtually anywhere on a vehicle. Built to resist moisture and corrosion, it handles the harshest work environments and offers 20 single-colour or 55 dual-colour flash patterns in five LED colour options. The surface mount design is easy to install on work, tow, and commercial vehicles.

Models

PART NO.	TYPE	ACTIVE COLOUR	AMPS	FLASH
