

## Covered Dental Services and Patient Charges – U10TXI07

**The services covered by this Plan are named in this list. If a service, treatment or procedure is not on this list, it is not a covered service. All services must be provided by the assigned PCD.**

The Member must pay the listed Patient Charge. The benefits We provide are subject to all of the terms of this Plan, including the Limitations and Exclusions and Additional Conditions on Covered Services.

There is a limit on the total amount of Patient Charges a Member who is under age 19 must pay each calendar year for Pediatric Essential Health Benefits as determined by Texas. The Maximum Out Of Pocket limit is \$450.00 for each Member under age 19. Once this limit is reached the plan waives Patient Charges for benefits for the rest of the calendar year for the Member. But if two or more Members under age 19 meet the Maximum Out Of Pocket limit of \$900.00 in a calendar year, the Plan waives the Patient Charges for benefits for all other such Members under age 19 for the rest of the calendar year. The dental services identified with the asterisk symbol (\*) reflect the Pediatric Essential Health Benefits.

There is no Maximum Out Of Pocket for Members age 19 and over. Members age 19 and over are responsible for the Patient Charge listed.

A dental service received through the use of audio-visual communication, sometimes called teledentistry, will be considered for benefits just like an in-person service. Teledentistry is provided to a Member at a different physical location than the Dentist, or health professional acting under the delegation and supervision of a Dentist, using telecommunications or information technology.

The Patient Charges listed in this section are only valid for covered services that are: (1) started and completed under this Plan, and (2) rendered by Participating Dentists in the State of Texas.
