How It Works

This Policy is designed to provide high quality dental care while controlling the cost of such care. To do this, this Policy encourages a Covered Person to seek dental care from Dentists and dental care facilities that are under contract with The Guardian Life Insurance Company of America's dental preferred provider organizations (PPOs), which is called DentalGuard Preferred.

The dental PPO is made up of Preferred Providers in a Covered Person's geographic area. Use of the dental PPO is voluntary. A Covered Person may receive dental treatment from any dental provider he or she chooses. And he or she is free to change providers at any time. When You enroll in this Policy, You and Your covered dependents receive: (1) a dental insurance ID card; and (2) information about current Preferred Providers.

This Policy usually pays a higher level of benefits for covered treatment furnished by a Preferred Provider. Conversely, it usually pays less for covered treatment furnished by a Non-Preferred Provider.

A Covered Person must present his or her ID card when he or she uses a Preferred Provider. Most Preferred Providers prepare necessary claim forms, and submit the forms to Us. We send the Covered Person an explanation of this Policy's benefit payments. But, any benefit payable by Us is sent directly to the Preferred Provider.

What We pay is based on all of the terms of this Policy. Please read this Policy carefully.
A Covered Person may call The Guardian Life Insurance Company of America at the number shown on his or her ID card should he or she have any questions about this Policy.

Please review the coverage, exclusions and limitations. Some services require prior authorization.

Covered charges are the charges listed in the applicable fee schedule the Preferred Provider Dentist has agreed to accept as payment in full, for the dental services included in the List of Covered Dental Services below.

How It Works

This Policy is designed to provide high quality dental care while controlling the cost of such care. To do this, this Policy encourages a Covered Person to seek dental care from Dentists and dental care facilities that are under contract with The Guardian Life Insurance Company of America's dental preferred provider organizations (PPOs), which is called DentalGuard Preferred.

The dental PPO is made up of Preferred Providers in a Covered Person's geographic area. Use of the dental PPO is voluntary. A Covered Person may receive dental treatment from any dental provider he or she chooses. And he or she is free to change providers at any time. When You enroll in this Policy, You and Your covered dependents receive: (1) a dental insurance ID card; and (2) information about current Preferred Providers.

This Policy usually pays a higher level of benefits for covered treatment furnished by a Preferred Provider. Conversely, it usually pays less for covered treatment furnished by a Non-Preferred Provider.

A Covered Person must present his or her ID card when he or she uses a Preferred Provider. Most Preferred Providers prepare necessary claim forms, and submit the forms to Us. We send the Covered Person an explanation of this Policy's benefit payments. But, any benefit payable by Us is sent directly to the Preferred Provider.

What We pay is based on all of the terms of this Policy. Please read this Policy carefully.
A Covered Person may call The Guardian Life Insurance Company of America at the number shown on his or her ID card should he or she have any questions about this Policy.

Please review the coverage, exclusions and limitations. Some services require prior authorization.

Covered charges are the charges listed in the applicable fee schedule the Preferred Provider Dentist has agreed to accept as payment in full, for the dental services included in the List of Covered Dental Services below.

If the requested orthodontia treatment meets one of the listed criteria, carriers should approve the request as meeting medically necessary handicapping malocclusion criteria.

If the request does not meet any of the listed criteria on the Orthodontic Criteria Index Form, carriers may proceed with evaluating the request by applying the Salzmann Malocclusion Severity Assessment. A patient must score a 42 or higher to qualify for orthodontia services using the Salzmann Malocclusion Severity Assessment, if the request does not meet any of the listed criteria on the Orthodontic Criteria Index Form. Prior authorization is required to support medical necessity.

Treatment Plan

A treatment plan should always be sent to us before Orthodontic Treatment starts.

How We Pay Benefits for Orthodontic Services

Using the Covered Person's original treatment plan, we calculate the total benefit we will pay. We divide the benefit into equal payments, which we will spread out over the shorter of: (a) the proposed length of treatment; or (b) two years.

We make the initial payment when the active orthodontic appliance is first placed. We make further payments at the end of each subsequent three month period, upon receipt of verification of ongoing treatment. But, treatment must continue and the Covered Person must remain covered by this Plan.

We don't pay for orthodontic charges incurred by a Covered Person prior to being covered by this plan. We limit what we pay for Orthodontic Treatment started prior to a Covered Person being covered by this plan to charges determined to be incurred by the Covered Person while covered by this Plan. Based on the original treatment Plan, We determine the portion of charges incurred by the Covered Person prior to being covered by this Plan, and deduct them from the total charges. What we pay is based on the remaining charges. We

limit what we consider of the proposed treatment plan to the shorter of the proposed length of treatment, or two years from the date the Orthodontic Treatment started.

The negotiated discounted fees for orthodontics performed by a Preferred Provider include: (a) treatment plan and records, including initial, interim and final records; (b) orthodontic retention, including any and all necessary fix and removable appliances and related visits; and (c) limited, interceptive and comprehensive orthodontic treatment, with associated: (i) fabrication and insertion of any and all fixed appliances; and (ii) periodic visits.

There is a separate negotiated discounted fee for Orthodontic Treatment which extends beyond 24 consecutive months.

The negotiated discounted fee for orthodontics performed by a Preferred Provider does not include: (a) any incremental charges for orthodontic appliances made with clear, ceramic, white lingual brackets or other optional material; (b) procedures, appliances or devices to guide minor tooth movement or to correct harmful habits; (c) replacement or repair of orthodontic appliances damaged due to the neglect of the patient; and (d) orthodontic treatment started before the member was eligible for orthodontic benefits under this Plan.

OVERVIEW OF DENTAL BENEFITS

The Schedule of Benefits contains the benefits and sets forth the Deductibles, coinsurance amounts, and exclusions and limitations. Please review the Schedule of Benefits carefully to understand what benefits are covered under this plan and Your financial responsibility. The Guardian Life Insurance Company of America dental plan covers "Dentally Necessary" dental care.

This Dental Insurance gives Covered Persons access to Dentists who have contracted with The Guardian Life Insurance Company of America. Contracted Dentists have agreed to limit their charge for a Covered Service to the Maximum Allowed Charge for such service. Under this plan, We pay benefits for Covered Services performed by either Preferred Providers or Non-Preferred Providers. This Guardian Life Insurance Company of America plan usually pays a higher level of benefits for Covered Services furnished by a Preferred Provider. Conversely, it usually pays less for Covered Services furnished by a Non-Preferred Provider. A Covered Person will usually be left with less out-of-pocket expense when a Preferred Provider is used.

Deductibles

The Deductible amounts, if any, are shown in the Schedule of Benefits.

Benefit Amounts

We will pay benefits in an amount equal to the Covered Percentage as shown in the Schedule of Benefits for charges incurred for a Covered Service, subject to the conditions set forth in this Policy.

Preferred Provider

If a Covered Service is performed by a Preferred Provider, The Guardian Life Insurance Company of America will base the benefit on the Covered Percentage of the Maximum Allowed Charge.

If a Preferred Provider performs a Covered Service, You will be responsible for paying:

- The Deductible, if any; and
- Any other part of the Maximum Allowed Charge for which The Guardian Life Insurance Company of America does not pay benefits.

Non-Preferred Provider

If a Covered Service is performed by a Non-Preferred Provider, The Guardian Life Insurance Company of America will base the benefit on the charge listed in the fee schedule.

Non-Preferred Providers may charge more than the charge listed in the fee schedule. If a Non-Preferred Provider performs a Covered Service, You will be responsible for paying:

- The Deductible; and
- Any other part of the charge for which The Guardian Life Insurance Company of America does not pay benefits.

Pre-Treatment Estimates

Pre-Treatment estimate requests are not required but may be submitted to The Guardian Life Insurance Company of America for more complicated and expensive procedures such as crowns, wisdom teeth extractions, bridges, dentures, or periodontal surgery. When Your Dentist submits a pre-treatment estimate request to The Guardian Life Insurance Company of America, You will receive an estimate of Your share of the cost and how much The Guardian Life Insurance Company of America will pay before treatment begins. A pre-treatment estimate is particularly useful in the following cases:

- If You are having extensive work done and the total charges will exceed $300.00;
- To make sure a particular procedure is covered;
- To see if any maximum benefits will be exceeded; or
- If You need to plan Your payment in advance.

By asking Your Dentist for a Pre-treatment estimate from The Guardian Life Insurance Company of America before You agree to receive any prescribed major treatment, You will have an estimate up front of what the dental plan will pay, and the difference You will need to pay. Your Dentist may also be able to present alternative treatment options that will lower Your share of the bill while still meeting Your dental care needs.

Pre-Authorizations

You must receive pre-authorization approval for all medically necessary orthodontia that is received under this Policy. No claim for medically necessary orthodontia will be paid unless You or Your Dentist obtains pre-authorization approval, in writing, from The Guardian Life Insurance Company of America prior to receiving any medically necessary orthodontic services.
