1 Applicable Services

The following Services apply in this Framework Agreement between **Service Taker** and KPN. The conditions of use are described in the **Legal Body** and specific **Service Description** and **Definitions**, supported by the **Operational & Maintenance Manual** and **Technical Manual**. Service parameters are defined in the Specific **Parameter Schedules** of each separate collocation **Service**. The **Billing Manual** describes the procedures related to applicable billing of Services. Tariffs are defined in the **Tariff Schedule** for Undersea Cable Landing Station.

Elements that are General for all **KPN Telecom Collocation Services** are addressed in separate documentation.
