

# VISIONLINK®

## MOBILE APP

**+** The VisionLink® mobile app provides a seamless experience for on-the-go users who need to stay on top of their fleet. With just a few taps, you can access equipment data from the palm of your hand. The VisionLink app allows you to easily understand and assess a machine's working vs. idle time, health, service history, and fuel usage – allowing you to make informed decisions from anywhere.

### EASE OF SERVICE
