

Engineering Alumni Association

1995-1996 EAA BOARD OF DIRECTORS

President

Ali M. Nasle, BSEE '62, MSEE '66
EDSA Micro Corporation

Vice President

Phil J. Rosen, BSEE '55, MSEE '63
Automated Intelligence

Treasurer

Roger C. Shuize, BSME '72, MSME '82
Chrysler Corporation

Secretary

Fred Gaunt, BSCE '67
Giffels Associates, Inc.

Past President

Chuck T. Robinson, BSCE '70, MSCE '71
Albert Kahn Associates, Inc.

John Banicki, BSCE '50

Testing Engineers & Consultants

Robert Byrum, BSME '58

Sensor Manufacturing

Amanda Conti Duhaime, BSEE '90, JD '93

Gifford, Krass, Kroh, Spinkle, Patmore,
Anderson & Citkowski, P.C.

Greg Fadanelli, BSEE '89

MeriLab

James Gessner, BSChE '70, LW '74

Detroit Edison

Russell C. Holmes, BSME '61, MSME '66

Eaton Corporation

Tom N. Hy, MSCE '82

Giffels Associates, Inc.

Diana C. Koenig, BSME '56

Michael Kowalski, BSME '66, MSME '67

General Motors Corporation

Hans Kuschnerus, BSEE '62, MSEE '68

Mosaic Associates

Fred Levantrosser, BSCE '60, MSCE '67

Ford Motor Land Development

Don Malinowski, BSCE '63, MSCE '69

A Message from EAA's President

Ali Nasle

As we enter a new year, I like to reflect upon the past years achievements and accomplishments, and evaluate our progress. While we continually strive for peace and prosperity, good health and happiness, these elements are not always easily attained. In a world where violence and poverty have become a cultural norm, how we can we make a difference toward improving not only our own lives, but the lives of others who may have less opportunity?

My personal belief is that education is the first step toward a safer and more settled future. Through the limitless possibilities that exist when we apply thoughtful consideration and effective thinking, our personal horizons expand and, in turn, expand the horizons of those around us.

Society has evolved to a point where perhaps, in the lightening pace of the days, we have forgotten some of the fundamental lessons or have taken them for granted. This time of the year however, affords us the chance to reevaluate and promise ourselves to do a little better in the coming year.

I urge you to remember all the daily benefits we so dearly enjoy which have been provided by an outstanding educational background. Take the time, make the time, to be involved with your alumni, with your school, which has so richly rewarded you. Together, we can help ourselves and our alma mater continue to grow strong and provide opportunity for the community as well as society at large. Support of our expansive academic institution returns to us through generations of productive, well-informed engineers, and as importantly, productive, well-informed citizens.

Wishing you the brightest spirits of the holiday season and a healthy new year,

Warm Regards,

Ali Nasle

1995-96 President, WSU Engineering Alumni Association
