

## Senior Software Developer

Location: Remote

To apply please send your resume through here or an email with the subject of **Developer 2021**, to [careers@telescope.tv](mailto:careers@telescope.tv)

### Job Description

We are looking for a passionate Senior Software Developer to join our front-end team. The ideal candidate will be an enthusiastic developer eager to work with a team to build high-profile web applications. Telescope is a small company which is growing rapidly with huge growth potential for skills and projects.

### Skills & Requirements

Day In the Life:

- Writing clean, high-quality, maintainable code
- Develop and support software including applications, interfaces, and new functionality enhancements
- Work with Operations, Design, QA and other teams to ensure projects meet business objectives and compliance standards
- Attend and contribute to cross-team project meetings
- Participate in code reviews

Minimum Qualifications

- 5+ years of web development experience
- Expert understanding of JavaScript, HTML5, and CSS3
- Professional experience with a modern JavaScript framework such React or Angular
- Solid understanding of both front-end and backend technologies
- Experience coding for cross-browser and cross-device compatibility
- Strong knowledge of security regarding common web site vulnerabilities
- Excellent communication skills and capable of mentoring junior developers
- Experience with automated testing

Preferred Qualifications

- Professional experience with Node.js, PHP, or general full stack development

- Experience working and communicating directly with clients
- Software engineering, computer science, or similar degree

## About Telescope

The work environment at Telescope is exciting, engaging, and constantly dynamic, even more so after recently being acquired by Bally's Interactive. We have major media, sports, and brand clients who depend on us year over year to deliver amazing executions and support their audience engagement campaigns. We also leverage close partnerships with social networks like TikTok, Facebook, Instagram, and Twitter to deliver best in class fan engagement solutions and products.

Telescope Inc. has been responsible for the most successful television and live media participation shows in the last decade: American Idol, The Voice, Dancing with the Stars, America's Got Talent, and MTV Video Music Awards to name a few. We also work with a broad spectrum of clients like the NBA, Amazon, Coca Cola, Warner Bros Pictures, ESPN, NBC Sports, Mondelez, and many others. We power the technology that supports voting, audience engagement, social and UGC campaigns, livestreaming, and virtual experiences. Our employees come from all backgrounds with rich experiences and a fun company culture. Our business is increasingly global, and we have offices in Los Angeles, Chicago, London, and Barcelona.

**Telescope Inc. is an equal opportunity employer which does not** discriminate against race, color, religion, national origin, age, sex, pregnancy, citizenship, familial status, disability, veterans, or any other protected class.
