Carex Handwash – Strawberry Laces
Carex Handwash – Chocolate Orange
SUPPLIER : PZ CUSSONS (UK) LIMITED
3500 Aviator Way
Manchester Business Park
Manchester
M22 5TG
Tel: 0161 435 1000
2. COMPOSITION / INFORMATION ON INGREDIENTS
A perfumed blend of mild surfactants and moisturisers.
Information on hazardous ingredients:
Ingredient Name EINECS No. CAS No. Conc. / Hazard Risk Phrases
% Symbol
Sodium Laureth sulfate - 68891-38-3 5-20 Xi 36/38
Cocamidopropyl Betaine 263-058-8 61789-40-0 < 5 Xi 36
Parfum* - - < 5 Xi, Xn, F, N 43, 51/53,
52/53, 65
L(+)-Lactic Acid** 201-196--2 79-33-4 < 1 Xi 38-41
Tetrasodium Glutamate 257-573-7 51981-21-6 < 1 Xi 36/38
Diacetate
3. HAZARD IDENTIFICATION
GENERAL : NON-HAZARDOUS
FOR EXTERNAL USE ONLY
AVOID CONTACT WITH EYES
Eye Contact Irritating to eyes
Skin Contact Skin irritation on broken or irritated skin
Inhalation High levels of vapour/mist may cause dizziness. Can cause irritation

MATERIAL SAFETY DATA SHEET
of the respiratory tract
Ingestion May cause nausea, vomiting and intoxication

4. FIRST AID MEASURES
SKIN CONTACT • Remove contaminated clothing, wash skin thoroughly with soap and water. If irritation persists seek medical attention.
EYE CONTACT • Irrigate copiously with clean, fresh water for at least 10 minutes, holding eyelids apart and seek medical advice is irritation persists.
INHALATION • Remove person to fresh air, keep them warm and at rest. Seek medical advice if breathing difficult or irregular. If patient is unconscious, place them in recovery position and seek immediate medical attention and give nothing by mouth.
INGESTION • Rinse mouth out with water. Seek immediate medical attention. Keep patient at rest and do not induce vomiting.
5. FIRE-FIGHTING MEASURES
Suitable extinguishing media: • Foam, powder, carbon dioxide or water spray.
Extinguishing media not to be used: • None known.
Special exposure hazards: • None known.
Hazardous combustion products: • Fumes containing oxides of carbon and nitrogen may be formed in large fires.
Special protective equipment for fighting fires: • Breathing apparatus when fighting fires.
6. ACCIDENTAL RELEASE MEASURES
Personal precautions: • Avoid contact with eyes. Wear suitable protective clothing (gloves, safety glasses and overalls). Refer to protective measures listed in Section 7 & 8.
Environmental precautions: • Do not allow large quantities to contaminate drains, river systems and soil. If product does enter drains or sewers, contact the relevant local waterways authority (In UK contact the National Rivers Authority).
Clean up and removal: • Small spillages can be flushed away with copious quantities of water.
• Larger spillages should be absorbed using an absorbent material, for example sand or sawdust and placed in a suitable container for disposal in accordance with waste regulations (see section 13).

7. HANDLING AND STORAGE
Handling: • Avoid eye contact
• Smoking, eating and drinking should be prohibited in areas of use & storage.
Storage: • Store in original containers. Avoid extremes of temperature.
• Containers which are opened should be properly sealed and kept upright
8. EXPOSURE CONTROLS / PERSONAL PROTECTION
Exposure controls: • Avoid excessive skin contact. Use water proof gloves when necessary. When handling, do not eat, drink or smoke.
Hand protection: • When prolonged or repeated exposure of the hands occurs, blue

nitrile gloves may offer adequate protection.
Eye protection:
• Splash proof safety glasses.
Skin protection:
• Cotton or cotton/synthetic overalls are normally suitable.
Respiratory protection • No special requirements
Engineering measures • No special requirements
9. PHYSICAL AND CHEMICAL PROPERTIES
Appearance: Each variant has a characteristic colour/appearance
Odour: Each variant has a characteristic odour
Physical state Liquid
pH Value: 3.7 – 3.9 (neat)
Boiling Point (oC) Not determined. Expect 95–105oC.
Flash Point (oC) N/A
Flammability N/A
Autoflammability (oC N/A
Explosive properties: None
Oxidising properties: None
Relative density: 1.015 – 1.025 @ 20oC
Viscosity: 8000 – 12000cPs @ 20oC (Brookfield DVI+, Spindle = 3, Speed =
5rpm, Time = 1 minute)
Solubility in water Miscible in all proportions
10. STABILITY AND REACTIVITY
• Product is stable with no known hazardous reactions.
11. TOXICOLOGICAL INFORMATION

• This is a personal care product that is expected to be safe under intended and reasonably foreseeable use.
• Acute toxic effects: Estimated oral LD50 5-10 g/kg.
• Local effects: May cause mild transient eye irritancy; not expected to be irritant, sensitizing or photosensitizing to the skin in normal use.
12. ECOLOGICAL INFORMATION
• There is no data on the product itself but none of it's ingredients are know to bio-accumulate.
13. DISPOSAL CONSIDERATIONS
• Do not allow into drains or water courses or dispose of where ground or surface waters may be affected. Wastes, including emptied containers, are controlled wastes and should be disposed of in accordance with National regulations (UK - Control of Pollution Act).
• Using the information provided in this data sheet, advice should be obtained from the Waste Regulation Authority whether the special waste regulations apply.
14. TRANSPORT INFORMATION
• For Road - Not classified as hazardous for transport
• For Air - Not classified as hazardous for transport
• For Sea - Not classified as hazardous for transport
15. REGULATORY INFORMATION
• The product has been assessed according to the Cosmetic Products (Safety) Regulations 2004 and EU Cosmetic Directive – 76/768/EEC and subsequent amendments.
Label for supply: Non-Hazardous, NH

Risk phrases:
Safety phrases: S2 - Keep away from children
Regulatory references: The Chemicals (Hazard Information & Packaging) Regulations 1994 and CHIP 1996 amendments.

16. OTHER INFORMATION

The information and recommendations contained in this safety data sheet represent, to the best of our knowledge and belief, an accurate and reliable representation as to the known data for this preparation at the date of issue. The information is intended only as guidance for safe handling, use, processing, storage and release and is not to be considered a warranty or quality specification. It is the responsibility of the user to evaluate this information in a prudent manner and to use it in a manner that is consistent for his/her particular purpose.
