

STEPHANIE ELZER SCHWARTZ

Department of Computer Science
Millersville University
Millersville, PA 17551
Office: 717.871.4308
stephanie.schwartz@millersville.edu

EDUCATION

Ph.D., Computer and Information Sciences, University of Delaware, Newark, DE, January, 2006. Advisor: Sandra Carberry, Ph.D.

Master of Science, Computer and Information Sciences, University of Delaware, Newark, DE, 1993

Bachelor of Science, Computer Science, Shippensburg University, Shippensburg, PA, 1991. Graduated Summa Cum Laude

RESEARCH INTERESTS

Artificial Intelligence
Information Graphics
Computational Linguistics (Intelligent Interfaces, Dialogue Systems)
User Modeling
Cognitive Modeling
Planning and Plan Recognition
Machine Learning

EXPERIENCE

Professor, Millersville University of Pennsylvania, Department of Computer Science, Millersville, PA, August 2013—Present

Associate Professor, Millersville University of Pennsylvania, Department of Computer Science, Millersville, PA, August 2008-2013

Assistant Professor, Millersville University of Pennsylvania, Department of Computer Science, Millersville, PA, August 2003-2008

Research Assistant, Dept. of Computer and Information Sciences, University of Delaware, Newark, DE, August 2002-May 2003

- Worked to develop techniques for dynamically recognizing the communicative intention of information graphics

Adjunct Instructor, Millersville University of Pennsylvania, Department of Computer Science, Millersville, PA, August 2001—May 2002

- Taught three sections of the introductory programming course (CSCI 161)
- Developed lectures, labs, programming and written assignments, and examinations

Adjunct Instructor, The Pennsylvania State University (Harrisburg Campus), Middletown, PA, August 2001—December 2001

- Taught COMP 416, Principles of Programming Languages
- Developed lectures, programming assignments, and examinations

Senior Software Engineer, MapQuest.com (later AOL Time Warner), Mountville, PA, September 1998—August 2001

- Worked on various teams including the core product group, research and development, and the website development group
- Projects included internationalization efforts, key architecture initiatives and new platform explorations
- Responsibilities included both development and team leadership

System Architect, AMP, Incorporated, Harrisburg, PA, December 1996—September 1998

- Worked in the global research and development group
- Researched and developed new core architectures for the company
- Served as a technical consultant to project teams, helping to build solutions to overcome technical challenges as well as making recommendations on appropriate technologies and architectures

Software Engineer, Primavera Systems, Inc., Bala Cynwyd, PA, March 1996—December 1996

- Responsibilities included developing an OLE automation interface for project management software in C++ and developing test applications in Visual Basic

Software Engineer, Electronic Payment Services, Inc., Wilmington, DE, June 1995—March 1996

- Worked as a developer and project leader/manager
- Responsibilities included GUI and PL/SQL development as well as project management tasks

Research Assistant and Teaching Assistant, Dept. of Computer and Information Sciences, University of Delaware, Newark, DE, May 1991--May 1995

- Research involved the construction of a model of user preferences during collaborative consultation dialogues and the development of augmentative communication devices using natural language processing techniques
- Teaching responsibilities included independently teaching CISC 105 (General Computer Science) during a summer session and serving as a teaching assistant for CISC 106 (General Computer Science for Engineers)

AWARDS

Best Poster Award (for Student-Authored Poster), 34th Annual Conference of the Pennsylvania Computer and Information Science Educators (PACISE), Millersville, PA, April 2019.

Best Paper Award (for Student-Authored Paper), 32nd Annual Conference of the Pennsylvania Computer and Information Science Educators (PACISE), Edinboro, PA, April 2017.

Best Paper Award (for Student-Authored Paper), 31st Annual Conference of the Pennsylvania Computer and Information Science Educators (PACISE), Kutztown, PA, April 2016.

Best Paper Award (for Student-Authored Paper), 29th Annual Conference of the Pennsylvania Computer and Information Science Educators (PACISE), California, PA, April 2014.

Best Paper Award (for Student-Authored Paper), 7th International Conference on the Theory and Application of Diagrams (Diagrams 2012), London, England, July 2012.

Best Paper Award (for Student-Authored Paper), 6th International Conference on the Theory and Application of Diagrams (Diagrams 2010), Portland, OR, August 2010.

Springer Best Paper Award, 11th International Conference on User Modeling (UM), Corfu, Greece, June 2007.

James Chen Annual Award for Best Journal Article, User Modeling and User-Adapted Interaction (UMUAI), 2006.

Best Paper Award, Fourth International Conference on the Theory and Application of Diagrams (Diagrams '06), Stanford, CA, June 2006.

Frank A. Pehrson Award for Outstanding Graduate Student, Computer & Information Sciences Department, University of Delaware, May 2006.

Best Student Paper Award, Third International Conference on the Theory and Application of Diagrams (Diagrams '04) , Cambridge, UK, March 2004.

The Quantum Leap Innovations Graduate Student Excellence Award, University of Delaware, 2003, for excellence in the field of artificial intelligence

Laurie Pfeffer Shinn Memorial Award, University of Delaware, 1995, for outstanding female computer science student

Shippensburg University Outstanding Student Scholarship, Shippensburg University, 1987-1991, full tuition academic scholarship

SICO Scholarship, Shippensburg University, 1987-1991

BOOKS

Jamnik, Mateja., Yuri Uesaka and Stephanie Schwartz, (eds.) Diagrammatic Representation and Inference, 9th International Conference, Diagrams 2016, Proceedings. Volume 9781 of Lecture Notes in Artificial Intelligence. Springer, 2016.

REFEREED PUBLICATIONS

Elzer, Stephanie and Jennifer Chu-Carroll and Sandra Carberry. Recognizing and Utilizing User Preferences in Collaborative Consultation Dialogues. Proceedings of the Fourth International Conference on User Modeling, pp. 19-24, Hyannis, MA, USA, August 1994.

TALKS AND PRESENTATIONS

“Machine Learning with Random Forests: How (and Why!) They Work,” Central PA Open Source Conference (CPOSC), Lancaster, PA, September 21, 2019.

“Your First Neural Network: From Concept to Code,” Central PA Open Source Conference (CPOSC), Lancaster, PA, November 29, 2018.

“Cracking the Code: What’s Missing in Computer Science?” Glenna Hazeltine Women in Mathematics and Science Conference, Millersville University, April 7, 2015.

“Beyond Facebook: Why You Should Help Decide What’s Next in Computer Science,” Glenna Hazeltine Women in Mathematics and Science Conference, Millersville University, April 8, 2014.

“Beyond Facebook: Why You Should Help Decide What’s Next in Computer Science,” Glenna Hazeltine Women in Mathematics and Science Conference, Millersville University, April 2, 2013.

“Engaging Resources to Accelerate Start-Up Success,” with Fran Gillott and Ryan Keener, LeadersHYP Summit, Harrisburg University, October 20, 2012.

“You Got Your Design in My Code,” with Nancy Mata, Adam Bitner, Robert Hennessey and Logan Peck, Pennsylvania Association of Councils of Trustees, Millersville University, October 18, 2012.

“The Software Productization Center at Millersville University: A Study in Successful Cross-Disciplinary Collaboration at the Undergraduate Level,” Frontiers in Education: Computer Science and Computer Engineering, Las Vegas, July 18, 2012

“Reaching for the.. Clouds? The Next Big Things in Computer Science” Glenna Hazeltine Women in Mathematics and Science Conference, Millersville University, March 27, 2012.

“Beyond Facebook and Google: What’s Next in Computer Science?” Glenna Hazeltine Women in Mathematics and Science Conference, Millersville University, March 29, 2011.

“High Impact Student Practices Within the SPC,” with Nancy Mata and Pat McCaskey, an invited talk as part of the Millersville University Faculty Convocation, March 23, 2011.

“SPC and Runoff Studios,” with Jake Walker, Matthew Pape and Robert Grube, an invited talk at the Central PA Simulation and Serious Game Xchange, March 16, 2011.

“Beyond Facebook and Google: What’s Next in Computer Science?” Glenna Hazeltine Women in Mathematics and Science Conference, Millersville University, April 6, 2010.

“Cruzcourt: The Story of a Successful Collaboration,” with Adrian Fang, an invited talk as part of the Technology-Led Development component of the Basic Economic Development Course in Pennsylvania, offered by Penn State Harrisburg and the International Economic Development Council, December 8th, 2009.

“Women and Innovation,” with Nancy Mata, a panel discussion in WSTU 491 (Creativity, Innovation, and Gender), Millersville University, April 2, 2009.

“Exciting Endeavors in Computer Science,” with Dr. Nazli Hardy, Glenna Hazeltine Women in Mathematics and Science Conference, Millersville University, March 31, 2009.

“Faculty/Student Collaboration in Computer Science,” invited presentation, Millersville University Council of Trustees, Millersville, PA, March 18, 2009.

“The Role of Cognitive Modeling in an Automated System for Understanding Bar Charts,” Workshop on Cognitive Models of Human Spatial Reasoning, Freiburg, Germany, September, 2008.

“Faculty/Student Collaboration in Computer Science,” part of the invited presentation on best practices, PASSHE Board of Governors, Harrisburg, PA, April 9, 2008.

“Exploiting Evidence Analysis in Plan Recognition,” 11th International Conference on User Modeling, Corfu, Greece, June 2007.

“Collaborative Research,” invited speaker as part of the Sponsored Projects Sampler at the Millersville University Academic Festival, May 2007.

“Shaping the Future with Computer Science,” with Dr. Nazli Mollah, Glenna Hazeltine Women in Mathematics and Science Conference, Millersville University, April 3, 2007.

“A Browser Extension for Providing Visually Impaired Users Access to the Content of Bar Charts on the Web,” with Edward Schwartz, Third International Conference on Web Information Systems and Technology (WebIST), Barcelona, Spain, March 2007.

“Communicative Signals as the Key to the Automated Understanding of Simple Bar Charts,” Fourth International Conference on the Theory and Application of Diagrams (Diagrams '06), Stanford, CA, USA, June 2006.

“The Fun, Fearless Future in Computer Science,” with Dr. Nazli Mollah, Glenna Hazeltine Women in Mathematics and Science Conference, Millersville University, April 4, 2006.

“Beyond Instant Messaging: Careers in Computer Science,” with Dr. Nazli Mollah, Career Day, Manor Middle School, November, 2005.

“A Probabilistic Framework for Recognizing Intention in Information Graphics,” International Joint Conference on Artificial Intelligence (IJCAI), Edinburgh, Scotland, July 2005.

“Beyond Instant Messaging: Careers in Computer Science,” with Dr. Nazli Mollah, Glenna Hazeltine Women in Mathematics and Science Conference, Millersville University, April 5, 2005.

Invited Panel Participant, “Academic Careers,” New Graduate Student Seminar, CIS Department, University of Delaware, October 27, 2004.

Invited Panel Participant, “The Process of Publishing Papers,” New Graduate Student Seminar, CIS Department, University of Delaware, October 13, 2004.

“Incorporating Perceptual Task Effort into the Recognition of Intention in Information Graphics,” Third International Conference on the Theory and Application of Diagrams (Diagrams '04), Cambridge, UK, March 2004.

“Incorporating Perceptual Task Effort into the Recognition of Intention in Information Graphics,” SIG-AI (Departmental Seminar), Computer and Information Sciences Department, University of Delaware, Newark, DE, March 8th, 2004.

“Incorporating Perceptual Task Effort into the Recognition of Intention in Information Graphics,” Scholarship Social, Millersville University, February 27th, 2004.

DISSERTATION COMMITTEES

“Automated Intention Recognition of Grouped Bar Charts in Multimodal Documents,” Richard Burns, University of Delaware, Computer and Information Systems, July 2012, external committee member.

“Recognizing the Intended Message of Line Graphs: Methodology and Applications,” Peng Wu, University of Delaware, Computer and Information Systems, December 2011, external committee member.

“SIGHT for Visually Impaired Users: Summarizing Information Graphics Textually,” Seniz Demir, University of Delaware, Computer and Information Systems, February 2010, external committee member.

HONORS THESIS SUPERVISION

“Towards Better Fuzzing: Generating Program Input Formats through NeuroEvolution,” Connor Billings, Fall 2019, Faculty Supervisor.

“Minimizing False Negatives and False Positives in Neural Network-based Intrusion Detection Systems,” Zachary Groff, Spring 2019, Faculty Supervisor.

“Parallel Pathfinding in a Gridded Environment with Parallel Divide Search,” Alex Wilton, Spring 2018, Committee Member.

“NES I/O: Machine Learning on Platform and Flight NES Video Games,” Sean Strange, Fall 2017, Faculty Supervisor.

“Using Machine Learning to Identify Phishing Attacks,” Jamie Thorpe, Spring 2017, Faculty Supervisor.

“Comparison of Principal Components Analysis and Canonical Correlation Analysis,” Jessica Butts, Spring 2017, External Committee Member.

“Is Academic Exposure a Critical Element to Student Perceptions in Computer Science?” Emma Montgomery, Spring 2017, External Committee Member.

“Implementing a Concurrent-by-Default Programming Language with Automatic Memoization,” Daniel Rabiaga, Spring 2015, Committee Member.

“Generating Box-Jenkins ARIMA Data in JAVA, with a concentration on Seasonal Model Analysis,” Christopher Schneider, Spring 2015, External Committee Member.

“Identification of Most Relevant Paragraph in an Article for a Bar Chart Using Machine Learning and Kullback-Leibler Divergence,” Alyssa Zevallos, Spring 2014, Faculty Supervisor.

“A Comparison of Efficient Techniques For Rendering Van der Waals Surfaces of Molecules,” Edward Kimmel, Spring 2013, Committee Member.

“Factors for Success of an Educational Serious Game,” Robert Grube, Fall 2011, Faculty Supervisor.

“The Features and Usability of a Mobile Platform for Gaming,” Matthew Pape, Spring 2011, Faculty Supervisor.

“Ocular Trauma Microsurgery Simulation: Creating a Realistic Ocular Surgery Simulation,” Matthew Maze, Spring 2011, Committee Member.

“Inattentional Blindness and Driving Confidence,” Alesia Hagar (psychology), Spring 2009, Committee Member

“Building an Accessible Interface for Bar Charts in Internet Explorer,” Edward Schwartz, Spring 2007, Faculty Supervisor

“Network Security & Forensics in Financial Institutions,” Michael Vicinsky, Fall 2006, Committee Member

“Affective Instant Messaging,” Daniel Blanchard, Spring 2005, Faculty Supervisor

“A Study on Input Rates in an AAC Device,” J.J. McCaw, Spring 2005, Committee Member

Kevin Workman, “Exploring Distributed Computing with Hadoop,” Fall 2008

Jarett Cummings, “Bayesian Networks in Video Games,” Fall 2007, Spring 2008

David Hober, “Java Real-Time Systems,” Fall 2007, Spring 2008

Courtney Ewing, Michael Ridgway and Ryan

Griffith, “A Dynamic Content Management System for the CS Department Website,” Fall 2007

Courtney Ewing and Ryan Griffith, “Developing a Database-Driven Website for PAWS,” Spring 2007

Joseph Lyga, “Exploring Microsoft Robotics Studio,” Spring 2007

Adam Bretz and Daniel Nguyen, “Simulating Hemisson and Pioneer Robots Using Pyro,” Fall 2006

Adam Bretz, Daniel Nguyen and Long Nguyen, “Exploring Robotics Using Pyro,” Spring 2006

Edward Schwartz, “Multimodal Access to Bar Charts,” Spring 2006

Edward Schwartz, “Generating Natural Language Summaries Using Templates,” Fall 2005

Adam Worrell, “Open Source Software in a Government Environment,” Spring 2005

Daniel Blanchard, “Affective Instant Messaging,” Fall 2004

Shaun Dunning, “User Modeling in Intelligent Systems,” Spring 2004

Daniel Blanchard, “Building a Natural Language Parser,” Fall 2003

UNIVERSITY SUPPORT

All University Council (Fall 2019-Spring 2020)

Honors College Curriculum Committee (Fall 2018-present)

Made in Millersville, Mentor, 2017

Made in Millersville, Reviewer, Moderator and Mentor, 2016

Search Committee for Dean of College of Science and Technology, Fall 2014-Spring 2015

Director of the Entrepreneurship Minor, 9/2012 through 5/2014

University Promotion and Tenure Committee 5/2010-5/2012 (chair for 2nd year of service)

Software Productization Center at Millersville University, Director, Spring 2008-2015

Commencement Marshal: Fall 2009, Spring 2010, Fall 2010, Spring 2011
 Millersville Mentoring Alliance Program (MMAP), Mentor, Spring 2008-Spring 2013
 Search Committee for Dean of School of Science and Mathematics, Fall 2008-Spring 2009
 Millersville Self-Study for Middle States Commission on Higher Education Accreditation Review, Working Group 10: Standard 13 (Spring 2008-Fall 2009)
 Academic Policies Committee (Fall 2007-Spring 2009)
 Noonan Grants Committee (Fall 2006-Spring 2008)
 Upward Bound Program, Math & Science Curriculum Committee (Fall 2006-Spring 2007)
 Millersville University Online Advisory Group, (Fall 2005-Spring 2008)
 Ad Hoc Honor Code Committee (Fall 2005-Spring 2007)
 University Theme Committee (Fall 2005-Spring 2007)
 Faculty Senate Alternative Representative (Fall 2004 – present). Serving as fulltime representative in Fall 2006 due to a course conflict of the primary senator.

SCHOOL/COLLEGE SUPPORT

Science Lectureship Demos, November 2017 (with Sean Strange)
 Science Olympiad, Judge/Supervisor of the “Game On” event, March 2017 (with Gary Zoppetti)
 Science Olympiad, Judge/Supervisor of the “Game On” event, March, 2016 (with Gary Zoppetti)
 School Curriculum Committee (Spring 2009-Fall 2018, except Spring 2013 and Spring 2017), Secretary 2013, Chair 2014
 Glenna Hazeltine Women in Mathematics and Science Conference Committee (Fall 2005 – Spring 2008)
 School Advancement Committee (Fall 2004 – Spring 2005)

DEPARTMENTAL SUPPORT

Chair, Faculty Search Committee Tenure Track (Fall 2019-Spring 2020).
 Member, Faculty Search Committee Tenure Track (Fall 2018-Spring 2019).
 Chair, Faculty Search Committee Tenure Track (Fall 2017-Spring 2018).
 Organizer for Technical Symposium, Spring 2017. Speaker: Dr. Thanassis Avgerinos. Subject: The World’s First All-Machine Hacking Competition. Date: April 11th, 2017.
 Member, Faculty Search Committee One-Year (Spring 2016, 2017)
 Member, Faculty Search Committee Tenure Track (Spring 2013-Spring 2014)
 Faculty Evaluation Committee, Member (Fall 2008-Spring 2011, Fall 2014-present)
 Organizer for Technical Symposium, Fall 2008. Speaker: Dr. John Spletzer. Subject: Mobile Robotics – The Next Transformative Technology. Date: October 20th, 2008.
 Faculty Advisor, Upsilon Pi Epsilon, Computer Science Honors Society (2005-2012). Originated the idea for the department to foster this organization, and managed the writing of the constitution, the application for charter from the international organization, and application for approval from Student Senate. First induction ceremony held in November 2006.
 Chair of Recruitment and Retention Committee (Spring 2005 – present)
 Organizer for Social Issues Symposium, Fall 2004. Speaker: J. McGrath Cohoon. Subject: Closing the gender gap in computer science and other scientific disciplines. Date: October 26, 2004.
 Chair, Faculty Search Committee (Fall 2005: Search postponed)
 Faculty Search Committee (Spring 2004, Spring 2005)
 ABET Accreditation Committee (Fall 2003 – present)
 Honors College Liaison (From January 2004 – present)
 Chair of Programming Language Selection Committee (Spring 2005 – Spring 2006)
 Organizer/Editor for Departmental Newsletter (Fall 2004 – Spring 2009)
 Departmental Host for University Open House (At least once each year)
 Organizer for Faculty/Student Social (Twice each year)
 CSEMS Scholarship Committee (Spring 2004 – Fall 2007)

EXTERNAL GRANTS AND FUNDING

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2018, (2 students, \$17,505).

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2017, (4 students, \$37,500).

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2016, (3 students, \$28,500).

Originator/Principal Investigator. Doctoral Symposium at the Ninth International Conference on the Theory and Application of Diagrams, National Science Foundation, 2016, \$20,000.

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2015, (3 students, \$26,018).

Originator/Principal Investigator. Doctoral Symposium at the Eighth International Conference on the Theory and Application of Diagrams, National Science Foundation, 2014, \$20,000.

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2014, (1 student, \$8,445).

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2012, (2 students, \$16,842).

Originator/Principal Investigator. Research Experience for Undergraduates Supplement to NSF grant ID 1016900. \$16,000. 2012 to 2013.

Originator/Principal Investigator for “Exploiting Graphics in a Digital Library,” funded by NSF. This is a collaborative grant with the University of Delaware. (UD principal investigator Dr. Sandra Carberry, UD grant amount \$395,056), MU grant amount \$104,857. MU award ID 1016900.

Originator/Principal Investigator for “Cemboo: a Collaboration Between Millersville University SPC and Haydenfilms,” funded as a subcontract from an NSF-PFI grant at Penn State Harrisburg, award amount \$18,060 in direct costs, August 2011.

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2010, \$7,815.

Gift, ITN to Software Productization Center, \$20,000, 2010.

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2009, \$7,465.

Originator/Principal Investigator for Millersville subcontract. “Multimodal Access to Information Graphics,” funded by US Department of Education (NIDRR) and awarded to University of Delaware (UD principal investigators Dr. Kenneth Barner, Dr. Kathleen McCoy and Dr. Sandra Carberry, total grant amount \$599,487), MU subcontract amount \$54,745. Award period October 1, 2008 through September 30, 2011.

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2008, (1 student, \$7,465).

Co-Principal Investigator. “Building the Future: Improving Recruitment and Retention of Underrepresented and Financially Disadvantaged Science and Math Students,” funded by the National Science Foundation. Co-PIs: Drs. LaVern Whisenton-Davidson, Dominique Dagit, Natalia Dushkina, and Robert Smith. August 15, 2008 through July 31, 2013, \$584,980

Originator/Principal Investigator. “Millersville University Computer Software Productization Center,” funded by the PASSHE Planning and Feasibility for University/Business Infrastructure Project, January 2008-January 2011, \$182,541.

Originator/Principal Investigator. “Developing an Upper-Level Robotics Elective for a Computer Science Curriculum,” funded by the PASSHE Professional Development Council, 2007, \$3792.

Originator/Principal Investigator. “An Extensible Web Application for GIS Data Visualization,” funded by the Lancaster and Harrisburg Keystone Innovation Zones (KIZ), business partner: ATS (now GeographIT), co-PI: Dr. Gary Zoppetti, 2007, \$10,000.

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2007, (3 students, \$21,793).

Originator/Principal Investigator. “Extending Software Through Web Services,” funded by the Lancaster and Harrisburg Keystone Innovation Zones (KIZ), business partner: Mission Research, co-PI: Dr. Gary Zoppetti, 2006, \$10,000.

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2006, (3 students, \$22,405).

Senior Personnel. National Science Foundation (NSF) grant entitled “Exploiting Communicative Signals to Summarize Information Graphics,” funded under the Digital Libraries and Archives track of the Information and Intelligent Systems program. PI: M. Sandra Carberry, University of Delaware, 2006-2009, total budget \$301,215.

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2005, (2 students, \$13,744).

Originator/Principal Investigator. NIST (National Institute of Standards and Technology) for Summer Undergraduate Research Fellowship, 2004, (1 student, \$6,934).

INTERNAL GRANTS AND FUNDING

Faculty Special Academic and Administrative Activities Grant, International Conference on the Theory and Application of Diagrams, Summer 2016, \$340

Faculty Special Academic and Administrative Activities Grant, 1st International Workshop on Multimedia Analysis And Retrieval for Multimodal Interaction, Summer 2016, \$336

Faculty Travel to Present Grant, Las Vegas, Summer 2012

Faculty Sponsor, Neimeyer-Hodgson Research Grant, Adam Drago, Spring 2010, \$100.

Faculty Sponsor, Noonan Grant, Fall 2008

Faculty Travel to Present Grant Germany Fall 2008

Faculty Release Grant, “Toward the Automated Understanding of Grouped Bar Charts,” Fall 2007.

Travel to Present Grant, Faculty Grants, Eleventh International Conference on User Modeling, Corfu, Greece, June 2007, \$500.

Faculty Sponsor, Noonan Grant, Third International Conference on Web Information Systems and Technology, Barcelona, Spain, March 2007, \$395

Travel to Present Grant, Faculty Grants, Third International Conference on Web Information Systems and Technology, Barcelona, Spain, March 2007, \$500.

Faculty Sponsor, Student Research Grant, Edward Schwartz, Spring 2007, \$250.

Faculty Sponsor, Student Research Grant, Joseph Lyga, Spring 2007, \$350.

“Building an Accessible Interface for Bar Charts in Internet Explorer,” Research Grant, Faculty Grants, awarded Fall 2006, \$1000.

Faculty Sponsor, Student Research Grant, Daniel Nguyen, Fall 2006, \$250.

Faculty Sponsor, Student Research Grant, Adam Bretz, Fall 2006, \$250.

Faculty Sponsor, Student Research Grant, Edward Schwartz, Fall 2006, \$300.

Faculty Sponsor, Neimeyer-Hodgson Research Grant, Edward Schwartz, Fall 2006, \$400.

Travel to Present Grant, Faculty Grants, Fourth International Conference on the Theory and Application of Diagrams (Diagrams ‘06), Stanford, CA, USA, June 2006, \$475.

Travel to Present Grant, Faculty Grants, International Joint Conference on Artificial Intelligence (IJCAI), Edinburgh, Scotland, July 2005, \$415.

Travel to Present Grant, Faculty Grants, Third International Conference on the Theory and Application of Diagrams (Diagrams ‘04), Cambridge, UK, March 2004, \$300.

CURRICULUM DEVELOPMENT

CSCI 330 (Programming Languages), developed a series of five lab assignments to introduce functional programming using OCaml. Utilized for the first time in Fall 2017.

CSCI 406 (Data Mining), developed a new advanced topics course for the Computer Science curriculum. Taught the course for the first time in Fall 2016.

CSCI 366 (Database and Web Development), developed a new core course for the Computer Science curriculum (along with Dr. Gary Zoppetti). Taught the course for the first time in Spring 2016.

Entrepreneurship Minor Director, helped to guide course proposals for ENTR 201, COMM 390 and ENTR 488 through the approval process. Authored ENTR 488 proposal.

CSCI 406 (CS Topics: Software Productization Center), developed a classroom experience based on the “lessons learned” from the SPC collaborations. Multi-disciplinary teams of Design and Computer Science students developed websites for local organizations and companies.

Entrepreneurship Minor Committee, Co-Chair (with Marlene Arnold), February 2011 through June 2011 and Member (October 2010 through present). Now Director of the Minor. Helped to draft the proposal for this cross-disciplinary minor, soliciting proposals from various departments, and helping to guide the proposal through UCPRC and Faculty Senate. Now that it has been approved, we are working on implementation issues, and getting individual courses approved.

UNIV 103 in Computer Science, developing an FYE course to support the campus-wide initiative and to hopefully improve retention within the department (along with Dr. Blaise Liffick and Dr. Nazli Hardy)

CSCI 450, adding a W to the course to reflect the writing requirements.

CSCI 101, converted to distance learning format (received final approval Fall 2011), first offered Summer 2 2012. This is the first distance course to be offered by the computer science department.

CSCI 161, Introduction to Programming I, department elected to change the programming language being used in

CSCI161 and CSCI162 from C++ to Java. The change in languages has had a broad impact on the curriculum, shifting topics on object-oriented design from later courses into this first programming course. All lecture materials, labs, exams and assignments have been (or are being) redesigned. Work has been done in conjunction with Dr. Gary Zoppetti.

CSCI 456, Robotics and Computer Vision, course has not been offered in a number of years. Equipment is being acquired and the course materials are being redesigned so that the course can be offered during in the Fall 2007 semester

CSCI 450, Artificial Intelligence (Fall 2003), course had not been offered in a number of years, and all lectures, materials and assignments were redesigned

COURSE INSTRUCTION AT MILLERSVILLE UNIVERSITY

CSCI 406, Topics in CS, Data Mining, Fall 2016, Fall 2017, Spring 2019
CSCI 366, Database and Web Development, Spring 2016, Spring 2017, Spring 2018, Spring 2019
CSCI 406, Topics in CS, Software Productization Center, Fall 2013, Fall 2014
CSCI 162, Intro to Programming II, Spring 2012, Fall 2013, Spring 2013, Spring 2014, Fall 2014, Fall 2015, Fall 2016, Spring 2017, Spring 2020
CSCI 330, Programming Languages and Software Engineering, Spring 2011, Spring 2013, Fall 2017, Fall 2018, Fall 2019, Spring 2020
CSCI 101, Problem-Solving with Computers, Fall 2011, Summer 2 2012, Summer 2 2013, Summer 1 2014, Summer 1 2015, Summer 1 2016, Summer 1 2017
CSCI 161, Introduction to Programming I: Fall 2001, Spring 2002, Fall 2003, Spring 2004, Fall 2004, Spring 2005, Fall 2005, Fall 2006, Spring 2007, Fall 2009, Summer 2010, Fall 2010, Summer 2010, Spring 2011, Fall 2012
CSCI 340, Computational Models, Spring 2006, Spring 2008, Spring 2009, Spring 2015, Spring 2016, Spring 2020
CSCI 350, Cognitive Science, Fall 2010, Spring 2013
CSCI 450, Artificial Intelligence: Fall 2003, Fall 2004, Spring 2005, Spring 2006, Spring 2007, Fall 2008, Spring 2010, Spring 2012, Spring 2014, Fall 2015, Spring 2017, Spring 2018, Fall 2018, Fall 2019
CSCI 466, Databases, Fall 2005, Fall 2006, Spring 2008, Spring 2010, Spring 2013, Spring 2015
CSCI 456, Robotics and Computer Vision, Fall 2007

COMMUNITY SERVICE

Young Women's STEM workshop on Neural Networks at Landisville Middle School, May 15, 2019
Convert to Code, Java workshop for middle and high school students, department liaison/teacher's assistant, July 29, 2017
Spotlight on Science, "Exploring Artificial Intelligence," Manheim Township Middle School, June 1, 2015.
Spotlight on Science, "Exploring Artificial Intelligence," Manheim Central High School, September 19, 2014.
"Robotics and Artificial Intelligence: The Next Technologies to Impact Our Lives?" Pathways Institute, Landis Homes, Course Instructor, October 15, 2009.
Spotlight on Science, Hosted robotics program for Manheim Central Middle School Omega program, Spring 2008, Spring 2009, Spring 2011.
"Robots on Mars," North Museum Portal Scientist Program, August 7, 2008.
Science, Technology & Me. This is a program designed to encourage female participation in science and technology careers. Member of Planning Committee for inaugural event in 2007. Instructor in 2008.
Middle School Computer Club, Manheim Christian Day School, Manheim, PA. Creator and advisor. Club meets once per week and provides guidance and activities for students interested in learning more about computer science (Fall 2005, Fall 2006).
Website Maintenance, Manheim Christian Day School, Manheim, PA, Fall 2005-Fall 2006.
Judge, Patriot-News Capital Area Science & Engineering Fair, 2004.

PROFESSIONAL DEVELOPMENT

Attended 26th ACM Conference on Computer and Communications Security, in London, UK, November, 2019.
Attended Data Analytics Summit V: Driving Results through Data Visualization & Advanced Analytics at Harrisburg University, May 2nd, 2019
Attended ACM Technical Symposium on Computer Science Education (SIGCSE), in Memphis, TN, March, 2016.
Attended International Conference on the Theory and Application of Diagrams, in Melbourne, Australia, July 28-August 1, 2014.
Attended UMAP 2013 Conference (User Modeling, Adaptation and Personalization) in Rome, Italy, June, 2013.
Attended the 25th AAAI Conference (Association for the Advancement of Artificial Intelligence) and EAAI (Educational Advances in Artificial Intelligence) in San Francisco, CA, August, 2011.

Attended National Council of Entrepreneurial Tech Transfer's SBIR Workshop, Washington DC, December 2nd, 2009.
 Attended Workshop on Weka Data Mining System, Portland, Oregon, March 12th, 2008.
 Attended the 39th ACM Technical Symposium on Computer Science Education (SIGCSE), Portland, Oregon, March 12-15, 2008.
 Attended joint meeting between Marine Sciences Consortium and NASA-Wallops to discuss possible new collaborations, Shippensburg University, Shippensburg, PA, October 2006.
 Attended PACISE 2007, 2008, 2010, 2011, 2012.
 Attended Advanced Java Workshop, NSF Chautauqua Program, Dayton, OH, May 22-24, 2006.
 Appointed to attend a workshop on effective online instruction, invited instructor was Dr. Richard Novak, Millersville University, January 2006 (participants were approved/selected by Deans).
 Attended Workshop on Knowledge and Reasoning in Practical Dialogue Systems, held in conjunction with the Joint International Conference on Artificial Intelligence, Edinburgh, Scotland, August 2005.
 Attended CUR (Council on Undergraduate Research) Dialogues 2005, the Art of Grantsmanship, Washington, D.C., April 17-19, 2005.
 Attended the Pyro Workshop (Pyro is a project designed to support the teaching of robotics), Bryn Mawr College, August 2004.

PROFESSIONAL MEMBERSHIPS AND ACTIVITIES

General Conference Chair, 34th Annual Conference of the Pennsylvania Computer and Information Science Educators (PACISE), Millersville, PA, April 12-13, 2019.

NSF Panel Reviewer, April 2016.

Organizing Committee, 1st International Workshop on Multimedia Analysis and Retrieval for Multimodal Interaction, held in conjunction with the ACM Conference on Multimedia Retrieval (ICMR), New York City, NY, June 6, 2016.

General Conference Chair, 9th International Conference on the Theory and Application of Diagrams, Philadelphia, August 2016.

Organizing Committee (Graduate Symposium Chair), 8th International Conference on the Theory and Application of Diagrams, Australia, August 2014.

Organizing Committee (Doctoral Consortium Chair), 21st International Conference on User Modeling, Adaptation and Personalization (UMAP), Rome, Italy, 2013.

Reviewer, SIGCSE (Technical Symposium on Computer Science Education), Main Program, 2006 through present.

Reviewer, ITiCSE (Innovation and Technology in Computer Science Education) Conference, main program, 2006 through present.

Reviewer, Cognitive Science Society Annual Meeting, Main Program, 2006, 2016-2018.

Program Committee Member and Reviewer, North American Chapter of the Association for Computational Linguistics - Human Language Technologies (NAACL-HLT), 2018.

Program Committee Member and Reviewer, Empirical Methods in Natural Language Processing (EMNLP), 2017.

Program Committee Member and Reviewer, Workshop on User-Adaptive Visualizations, to be held in conjunction with VisWeek, October, 2012.

Session Moderator, International Conference on Frontiers in Education: Computer Science and Computer Engineering, Las Vegas, NV, July, 2012.

Program Committee Member and Reviewer, Workshop on “Accessible Graphics: Graphics for Vision Impaired People,” held in conjunction with Diagrams 2012, July 6, 2012.

Program Committee Member and Reviewer, 7th International Conference on the Theory and Application of Diagrams, 2012.

Organizing Committee (Tutorial Chair), 6th International Conference on the Theory and Application of Diagrams, 2010.

Program Committee Member and Reviewer, SIGdial Conference on Discourse and Dialogue, Association for Computational Linguistics, 2009.

International Conference on the Theory and Application of Diagrams, Steering Committee, 2009-2015 (elected position) and 2016-2021 (based on conference chairmanship).

Program Committee Member and Reviewer, SIGdial Workshop on Discourse and Dialogue, Association for Computational Linguistics, 2008.

Program Committee Member, Reviewer and Session Moderator, 5th International Conference on the Theory and Application of Diagrams, 2008.

Session Moderator, 11th International Conference on User Modeling, 2007.

Program Committee Member and Reviewer, 11th International Conference on User Modeling, 2007.

Reviewer, 2nd European Cognitive Science Conference, 2007.

Session Moderator, Third International Conference on Web Information Systems and Technology, 2007.

Reviewer, User Modeling and User-Adapted Interaction, invited to review a journal submission for the special issue on Statistical and Probabilistic Methods for User Modeling, Fall 2005.

Reviewer, Prentice Hall Publishing, multiple C++ book proposals, 2005-2006.

Reviewer, PACISE (Pennsylvania Association of Computer and Information Science Educators) Conference, 2005 through present.

Program Committee Member. “User Modeling and HCI Approaches in Natural Language Generation” track, Florida AI Research Conference (FLAIRS 2004).
