

Drivalia is mobility partner of the Torino Film Festival

The mobility of the future by Drivalia comes to theaters to drive the cinema of tomorrow. FCA Bank Group's new rental and mobility company is **mobility partner** of the 40th **Torino Film Festival**, running from November 25 to December 3.

Drivalia will support the festival with **e-GO! Drivalia**, the 100% electric car sharing service with a fleet of electric New Fiat 500 cars in free-floating mode (with no parking restrictions): ideal for getting around the city and driving to a cinema with a nod to the environment.

The company will be at the **Cavallerizza Reale**, which during the days of the event hosts **Casa Festival**, a space open to all and the nerve center of the event, with happenings and meetings scheduled until December 3. Drivalia will showcase there a New Fiat 500 from the e-GO! fleet. In addition, all Torino Film Festival goers will be treated to a **promotion dedicated to electric car sharing**.

The company has made cars from its hybrid and electric fleet available to **enable the artists**, who will reach the opening event at the Teatro Regio on November 25, **to move around** in Drivalia cars.

FCA Bank

FCA Bank is a bank engaging mainly in car and mobility financing. FCA Bank S.p.A. provides financial products to support the sales of prestigious car brands in Italy and in Europe. Loan, lease and rental and mobility financing products provided by FCA Bank are specifically designed for the sale networks, for private customers and corporate fleets. FCA Bank has a presence in 17 European countries and in Morocco, directly or through branches. At June 30, 2022 FCA Bank had a loan and lease portfolio of approximately €25.8 billion.

*Through **Drivalia**, which specializes in rental and subscription solutions, the Bank provides a comprehensive and innovative system of mobility services. Drivalia launched CarCloud, the first car subscription service in Italy. In June 2019, the company launched the Mobility Stores, physical outlets where customers can access all of the company's mobility services. With the launch of the first totally electrified Mobility Store in Torino Caselle airport in 2020, followed by many others, Drivalia has become a key operator also in sustainable mobility. In fact, thanks to the over 1,600 charging stations installed in all the Stores, Drivalia has Italy's largest private electrified network. In 2022 and 2023, the electrification project will continue also in the European countries in which Drivalia operates.*
