

Otto Feature Addendum

This Otto Feature Addendum (this “**Addendum**”) is made effective as of the date of the Account Holder’s first use of the Otto Feature (the “**Effective Date**”) provided by Workato, Inc. (“**Workato**”) and/or its licensors. This Addendum (a) forms part of the parties’ agreement for Account Holder’s use of the Workato Platform (the “**Agreement**”); (b) governs the use of a certain autonomous AI Feature that independently schedules and completes tasks (“**Otto Feature**”). Capitalized terms not defined shall have the meaning in the Agreement. In the event of a conflict between this Addendum and the Agreement, the terms and conditions of this Addendum shall control solely for the subject matter herein. The parties agree as follows:

1. Foundational Scope. The Otto Feature is an AI Feature under the AI Features Addendum (whether separately executed between the parties or, absent such execution, available at <https://www.workato.com/legal/ai-feature-addendum>) and all terms of the AI Features Addendum will apply to its use. The Otto Feature is a beta feature subject to the “Non-Paid Products” section of the Agreement, and if the Agreement does not contain a comparable provision, then Section 15(a) (Non-Paid Products) of the Terms of Service at <https://www.workato.com/legal/terms-of-service> shall be deemed incorporated herein by this reference.
2. The Otto Feature has broad latitude to take action on behalf of Account Holder as described in the Documentation, and all such actions and tasks are the responsibility of Account Holder. For the purposes of this Addendum, actions and tasks performed by Otto Feature are deemed Suggestions as defined in the AI Features Addendum.
3. Account Holder agrees that (a) it will not use the Otto Feature in violation of the Agreement or this Addendum, the rights of any third party, any applicable law or any other requirements provided by Workato, including misleading any person that the Suggestions provided by the Otto Feature were human-generated; (b) it is solely responsible for the operation and use of the Otto Feature; (c) the Suggestions provided by the Otto Feature are not human-generated; (d) to the extent Account Holder processes Personal Data in AI Features, the terms of the DPA shall apply; and (e) Workato does not provide any warranty or indemnity for the Otto Feature or its Suggestions.
4. Workato may update this Addendum by posting the terms at <https://www.workato.com/legal/otto-feature-addendum>. Workato will provide a mechanism for Account Holder to subscribe to receive notice of the update. By continuing accessing the Otto Feature, Account Holder agrees to the updates to this Addendum.
