Saia LTL Freight Opens New Kansas Terminals

Three facilities are slated to begin phased operations

JOHNS CREEK, Ga. - Sept. 19, 2022 - Saia Inc. (NASDAQ: SAIA) announced today the phased opening of three new Saia LTL Freight terminals in the Midwest. The first two facilities, one in Dodge City, and another in Hays, Kansas, opened today. A third terminal, in Colby, is slated to open within the next few weeks.

"We are proactively working to grow our network of terminals in the state and region so we are offering complete direct service," said Vice President of Operations, West Kevin Szydel. "Adding these three new facilities will further strengthen our service and presence for customers, providing them with increased efficiencies by reducing transit times. The terminals will give us more flexibility in our day-to-day operations."

With the addition of these locations, Saia has opened a total of five terminals during just the third quarter. "We continue our expansion with a focus on our 'Customer First' core value," stated Szydel. "We listen to our customers and go above and beyond to ensure our service meets their needs."

Saia is seeking to hire drivers for these new facilities, as well as other positions across its network of terminals. Interested candidates can visit [Drive for Us](#) to learn more about available positions and apply.
