When Benefits End

Medical, Prescription, Dental, and Vision

When does my coverage end?

- Coverage ends the last day of the pay period in which your employment terminated.

What options are available to me once my coverage is terminated?

- Continuation of health insurance coverage is available under the Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA). COBRA will allow you to continue your current medical, prescription, dental, and vision benefits for up to 18 months. Health FSA is also eligible for continuation.
- Another way to obtain health coverage is through the Marketplace. More details about this option are available in the COBRA packet you will receive.

When can I expect my COBRA packet in the mail?

- You will receive your COBRA packet from HealthEquity, URBN's COBRA administrator, 3-4 weeks after your termination date to the address on file.
- Should you elect coverage under COBRA, you will need to return the completed enrollment form, along with payment, to HealthEquity COBRA Services. HealthEquity COBRA Services will then send you monthly coupon statements for you to maintain payments each month thereafter.
- If you fail to make a payment, your COBRA coverage will be terminated and you will not be allowed to re-enroll.

When will my COBRA coverage become effective if elected?

- Your COBRA coverage will become effective retroactively back to the day after your active benefits terminated so that you have no gap in insurance coverage.

Flexible Spending Account (FSA)

What happens to the money I contributed to my FSA once I am terminated?

- Your FSA balance is available to you until September 28th following the plan year the election was made.

Life Insurance

What options are available to me for life insurance?

- Lincoln Financial Group will send you a packet of information within 3 weeks of your termination date with information on options available to you.

401(k)

What happens to my 401(k) when I am terminated?

- Fidelity will send a packet of information within 3 weeks of your termination date with information on options available to you.

Contact Information

! Important Plan Note: *When you enroll for coverage under the Plan, you agree to make a specified dollar contribution on a per pay period basis independent of your coverage dates. In other words, contributions are not associated with any particular period of coverage and are not pro-rated at either the initial or terminal pay period.*

✓ Enrollment Checklist

So You Think You've Enrolled?

If you miss your enrollment deadline, do not verify your dependents in the requested timeframe, or do not add a beneficiary or beneficiaries, your enrollment will not be complete.

Use this handy checklist to ensure that you've completed the entire enrollment process.

- Did you go to e43.ultipro.com or myurbn.ultipro.com for SSO users or the **UKG Pro Mobile app** and complete the enrollment process by reviewing your options and choosing to enroll or waive coverage?
- Did you designate a beneficiary for your basic life insurance plan? Even if you are not electing benefits, it's **imperative** that you identify a beneficiary for your company-paid life insurance policy.
- Did you click "**Confirm Enrollment**" to submit your benefit elections?
- Did you **print** or **save** a copy of your confirmation statement?
- If you have **enrolled dependents**, you will receive a letter and list of required documentation in the mail. Please follow the instructions outlined in the documents.

If you've answered yes to all questions, you've successfully enrolled for your benefits!

Note the effective date of your benefits on your confirmation statement and get ready to access all of your health and wellness benefits on that date.

For more details about your coverage and all of the great perks that come along with your benefits, visit the Documents section under Manage My Benefits at e43.ultipro.com or myurbn.ultipro.com for SSO users.
