

## UTYL

### Planter

FUT5000

#### Materials

Electro-galvanized steel frame, finished in powder coated polyester. 12 mm compact laminate cladding. Polyethylene tray included.

#### Standard finish

Compact laminate: Ref. 0924NT Taurus

Metal: Black 2100 sanded

Finish corresponding to the reference FUT5000.

Other colours on request.

#### Fixing

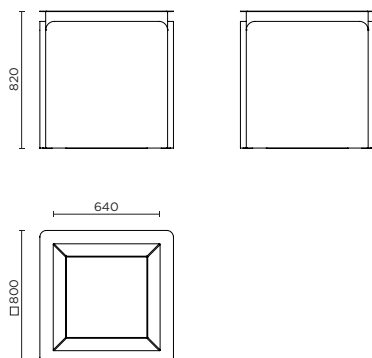

No fixing to ground required.

#### Benefits, lifespan and maintenance

Carefully designed furniture, created by the designer Xavier Flavard. Tested materials for outdoor use, PEFC certified beech plywood whose durability has been validated and tested by the CRITT Bois. S235 quality steel with good mechanical properties. Easy-to-assemble furniture. Easily replaceable parts. Simple cleaning (water + soap).

#### Customisation

Engraving of a logo or any other graphic element on request.
