Introduction

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary for State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.30 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. Paragraphs 6 and 3.30 of the Code require that each local authority publish its report locally. Local authorities do not have to include this introduction and guidance in their locally published report.
2. In 2020 and 2021, we asked far fewer questions than in previous years, asking only for the minimum information required by the Code. This was in response to the pressures on local authorities and others in the light of the Covid-19 pandemic. This year, we have again sought to keep the information requested to the minimum. We have, at the request of the Department for Education, asked a small number of additional questions relating to the impact of the new Code which came into force on 1 September 2021.
3. The new Code also changes the period to be covered by reports to the adjudicator and the deadline for submitting reports to the adjudicator. **This year's report must cover the 2021/2022 academic year and be submitted to the Office of the Schools Adjudicator by 31 October 2022.**

Guidance on completing the template

4. In a departure from previous practice, we have included all the guidance on completing specific parts of the template in this section. We hope that this will be helpful. This is in response to feedback that including guidance and definitions in the body of the template could make the report harder for readers to follow and less accessible. There is no requirement for local authorities to include the introduction and the guidance in their published reports, but they are free to do so if they wish.
5. We should be grateful if in completing questions which ask for information about primary and secondary schools and/or pupils, local authorities would follow the approach to classification of schools used in statutory provisions and in the Department for Education Statistical First Release¹ and the Education Middle School (England) Regulations 2002².
6. Guidance on specific questions and/or meaning of specific terms in this report:
 - a. "in-year admissions": This means admission at the start of any school year to a year group which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven

¹ [Department for Education Statistical First Release](#)

² [The Education Middle School \(England\) Regulations 2002](#)

primary school) **and** admission during the course of any school year after the end of the statutory waiting list period (31 December) in normal years of admission.

b. Not applicable means at questions:

Section 1: B.i. - B.iv. that there were no children falling within the relevant definition.

Section 1: B.v. that there were no schools for which the local authority was the admission authority at 1 September 2021.

Section 1: B.vi. that there were no schools in the local authority's area for which the local authority was not the admission authority at 1 September 2021.

Section 2: B.i. - B.iv. that there were no children falling within the relevant definition.

Section 2: C.i. that there were no children falling within the definition.

Section 2: D.iv. that there were no hard to place children referred to the protocol.

7. We welcome all comments that local authorities make in the comment boxes and we aim to reflect those comments in the Annual Report, but we ask for the comments to be entered under the right headings. Section 3 invites comment on any other matters not specifically addressed in this template if local authorities wish to do so. The views expressed in previous years also remain a matter of public record.
8. We ask that where possible, you return the template in Word instead of PDF formatting. A number of you have commented on the formatting of the template and we have tried to make it as accessible as possible, but we are aware that some local authorities use different versions of Word.

vii. If you wish, please give examples of any good or poor practice or difficulties which exemplify your answers about the admission to schools of looked after and previously looked after children at **normal points of admission**:

C. Special educational needs and/or disabilities

Please provide any comments you wish to make on the admission of children with special educational needs and/or disabilities at normal points of admission:

No comments.

Section 2 - In-year admissions

A. Effect of Code changes on in-year admissions

Please provide any comments you wish to make on the effect of the changes to the Code's provisions for in-year admissions. It would be particularly helpful to have comments on whether you think the changes have made it easier or not for parents to secure places for children in-year?

We firmly believe that parents applying directly to 'own admission authority' schools for in-year places is much better for parents and children.

B. Looked after children and previously looked after children

- i. How does the **in-year admission** system serve children who are looked after by your local authority and who are being educated in your area?

Not at all Not well Well Very well Not applicable

- ii. How do the **in-year admission** systems in other local authority areas serve the interests of your looked after children?

No comments.

C. Children with special educational needs and/or disabilities

- i. How well served are children with special educational needs and/or disabilities who have an education, health and care plan that names a school when they need to be **admitted in-year**?

Not at all well Not well Well Very well Not applicable

- ii. How well served are children with special educational needs and/or disabilities who do not have an education, health and care plan when they need to be **admitted in-year**?

Not at all well Not well Well Very well Do not know

- iii. Please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for children with special educational needs and/or disabilities:

Schools recognise their responsibilities to admit children where an EHCP names the school.

- iv. If you wish, please provide any comments about **in-year admissions** in respect of other children:

In-year admissions are, in our view, best managed by the responsible admission authority for the school. As such, a model whereby academies, foundation and voluntary aided schools handled their own in-year applications is more effective.

D. Fair access protocol

- i. Do you have a fair access protocol agreed with the majority of state-funded mainstream schools in your area?

Yes for primary
 Yes for secondary

- ii. If you have not been able to tick both boxes above, please explain why:

iii. How many children were admitted to schools in your area under the fair access protocol between 1 August 2021 and 31 July 2022?

Type of school	Number of Primary aged children admitted	Number of Secondary aged children admitted
Community and voluntary controlled	117	N/A
Foundation, voluntary aided and academies	129	22
Total	246	22

iv. How well do you consider hard to place children are served by the fair access protocol in your area?

Not at all well
 Not well
 Well
 Very well
 Not applicable

v. Please provide any comments you wish on the protocol not covered above. It would be particularly helpful to have any comments on the impact of the Code changes on the operation of the FAP in your area and the ability to secure places for vulnerable children:

The fact the Code now stipulates timeframes within which admission authorities must determine in-year applications is helpful to parents and all concerned.

E. Directions

How many directions did the local authority make between 1 August 2021 and 31 July 2022 to maintained schools for which the local authority is not the admission authority to admit children (including children looked after by the local authority but resident in another area)?

Total Number of children	Of which, looked after	Of which, not looked after
0	0	0

F. If you wish, please provide any other comments on the admission of children **in-year** not previously raised:

We were concerned to read the suggestion in the Schools White Paper that local authorities may again be required to co-ordinate all in-year applications in the future.

We consider this would be a move which works against the interests of parents and that such admissions, particularly for own admission authority schools, are best managed by the schools themselves.

Section 3 - Other matters

Are there any other matters that the local authority would like to raise that have not been covered by the questions above?

A point which we have remarked upon in times gone by – training and guidance on admissions responsibilities should form an integral part of the academy conversion process.

Section 4 - Feedback

We would be grateful if you could provide any feedback on completing this report to inform our practice for 2023.

This template is helpful and we do not have any changes to recommend.

Thank you for completing this template.
