

Starlight Deliveries

Starlight Deliveries distributes millions of dollars' worth of donated products directly to our 800+ hospital and health facility partners every year – free of charge. Thanks to the generosity of our corporate partners, individual donors, foundations, and other groups and organizations who support our work, these donations provide hundreds of thousands of books, toys, games, arts & crafts, and other items that kids love and hospitals use to deliver happiness to seriously ill children.

Starlight coordinates the delivery of these donated products through a secure e-commerce platform where our registered hospital partners can view, select, or request items that are most useful and relevant for their patients and staff. Starlight Deliveries ensure hospitals receive exactly the items they need, in precisely the quantities they can accommodate, just when they need them, and at no cost to the hospital.

Since 2014, Starlight has shipped almost

\$10 million

in deliveries that have been distributed to over

1.2 million at more than

648 children's hospitals & pediatric units

in all 50 States and Puerto Rico.

Starlight will continue to expand the product offering on the e-commerce platform so that more and more seriously ill children can enjoy the highest quality items from world-class brands and companies.

Play

Playing with toys has a high therapeutic value and can help children learn and adapt to the hospital setting.

Entertainment

Toys, books, movies, and arts & crafts provide children a sense of relief from stressful situations through enjoyable, relaxing activities.

Normalization

Access to books, toys, and games brings children closer to what is familiar and reconnects them to their home life.
