

Understanding Your Share Certificate Account

TRUTH-IN-SAVINGS DISCLOSURE

_____ HSA SHARE CERTIFICATE

Rate Information - The dividend rate on your term share account is _____% with an annual percentage yield of _____. You will be paid this rate until first maturity.

Compounding frequency - Dividends will be compounded every month.

Crediting frequency - Dividends will be credited to your account every month.

Dividend period - For this account type, the dividend period is monthly.

Minimum balance requirements:

The minimum balance required to open this account is \$_____.

Daily balance computation method - Dividends are calculated by the daily balance method which applies a daily periodic rate to the balance in the account each day.

Accrual of dividends on noncash deposits - Dividends will begin to accrue on the business day you place noncash items (for example, checks) to your account.

Transaction limitations:

After the account is opened, you may not make additions into the account until the maturity date stated on the account.

You may make withdrawals of principal from your account before maturity. Principal withdrawn before maturity is included in the amount subject to early withdrawal penalty.

You can only withdraw dividends credited in the term before maturity of that term. You can withdraw dividends only on the crediting dates.

Time requirements - Your account will mature _____.

Early withdrawal penalties (a penalty may be imposed for withdrawals before maturity) -

- If your account has an original maturity of less than one year:
The penalty we may impose will equal 90 days dividends on the amount withdrawn subject to penalty.
- If your account has an original maturity of one year but less than two years:
The penalty we may impose will equal 180 days dividends on the amount withdrawn subject to penalty.
- If your account has an original maturity of two years but less than three years:
The penalty we may impose will equal 270 days dividends on the amount withdrawn subject to penalty.
- If your account has an original maturity of three years but less than seven years:
The penalty we may impose will equal 365 days dividends on the amount withdrawn subject to penalty.
- If your account has an original maturity of seven years or more:
The penalty we may impose will equal 730 days dividends on the amount withdrawn subject to penalty.

In certain circumstances such as the death or incompetence of an owner of this account, the law permits, or in some cases requires, the waiver of the early withdrawal penalty. Other exceptions may also apply, for example, if this is part of an IRA or other tax-deferred savings plan. Standard IRS regulations apply, consult your tax advisor.

Withdrawal of dividends prior to maturity - The annual percentage yield is based on an assumption that dividends will remain in the account until maturity. A withdrawal will reduce earnings.

Automatically renewable account - This account will automatically renew

at maturity. This account will renew as a _____ month HSA Share Certificate. The dividend rate will be the same rate offered on new HSA Share Certificates for the above term. You will have a grace period of ten calendar days after maturity to withdraw the funds without being charged an early withdrawal penalty. You may prevent renewal if you withdraw the funds in the account at maturity (or within the grace period mentioned above) or we receive written notice from you within the grace period mentioned above. We can prevent renewal if we mail notice to you at least 30 calendar days before maturity. If either you or we prevent renewal, your funds will be placed in an HSA dividend-bearing account.

Non-automatically renewable account - This account will not automatically renew at maturity. If either you or we prevent renewal, your funds will be placed in an HSA dividend-bearing account.

_____ IRA SHARE CERTIFICATE

Rate Information:

IRA Share Certificate: The dividend rate on your term share account is _____% with an annual percentage yield of _____. You will be paid this rate until first maturity.

FlexSmart Certificate: The dividend rate on your term share account is _____% with an annual percentage yield of _____. The dividend rate on your FlexSmart Certificate may change if you exercise your one time right to make additions to the FlexSmart Certificate and increase the dividend rate and annual percentage yield during the term of the certificate to the rate then offered by Financial Center First Credit Union on FlexSmart Certificates with an identical term. The rate and yield may increase only if the current rate offered by Financial Center First Credit Union on the FlexSmart Certificate with an identical initial term has increased and \$5,000.00 or more is added to the certificate balance. In the event you elect to increase the dividend rate on your FlexSmart Certificate, the increase will not become effective until the first day of the month following the member's exercise of this election.

AddSmart Certificate: The dividend rate on your term share account is _____% with an annual percentage yield of _____. The dividend rate on the AddSmart Certificate may change if you exercise your right to make additions to the AddSmart Certificate and increase the dividend rate and annual percentage yield during the rate adjustment period of January 1 through April 15 of each year during the certificate term. The rate and yield may increase only if the current rate offered by Financial Center First Credit Union on the AddSmart Certificate with an identical initial term has increased and \$1,000.00 or more is added to the certificate balance. In the event you elect to increase the dividend rate on your AddSmart Certificate, the increase will not become effective until the first day of the month following the member's exercise of this election.

Compounding frequency - Dividends will be compounded every month.

Crediting frequency - Dividends will be credited to your account every month.

Dividend period - For this account type, the dividend period is monthly.

Minimum balance requirements:

The minimum balance required to open this account is \$_____.

Daily balance computation method - Dividends are calculated by the daily balance method which applies a daily periodic rate to the balance in the account each day.

Accrual of dividends on noncash deposits - Dividends will begin to accrue on the business day you place noncash items (for example, checks) to your account.

Transaction limitations:

After the account is opened, you may not make additions into the account until the maturity date stated on the account, except for FlexSmart and AddSmart Certificates, which allow for additions as outlined in the Rate Information section above.

You **may** make withdrawals of principal from your account before maturity. Principal withdrawn before maturity is included in the amount subject to early withdrawal penalty.

You can only withdraw dividends credited in the term before maturity of that term. You can withdraw dividends only on the crediting dates.

Time requirements - Your account will mature _____.

Early withdrawal penalties (a penalty may be imposed for withdrawals before maturity) -

- If your account has an original maturity of less than one year:
The penalty we may impose will equal 90 days dividends on the amount withdrawn subject to penalty.
- If your account has an original maturity of one year but less than two years:
The penalty we may impose will equal 180 days dividends on the amount withdrawn subject to penalty.
- If your account has an original maturity of two years but less than three years:
The penalty we may impose will equal 270 days dividends on the amount withdrawn subject to penalty.
- If your account has an original maturity of three years but less than seven years:
The penalty we may impose will equal 365 days dividends on the amount withdrawn subject to penalty.
- If your account has an original maturity of seven years or more:
The penalty we may impose will equal 730 days dividends on the amount withdrawn subject to penalty.

In certain circumstances such as the death or incompetence of an owner of this account, the law permits, or in some cases requires, the waiver of the early withdrawal penalty. Other exceptions may also apply, for example, if this is part of an IRA or other tax-deferred savings plan. Standard IRS regulations apply, consult your tax advisor.

For any account which earns a dividend rate that may vary from time to time during the term, the dividend rate we will use to calculate this early withdrawal penalty will be the dividend rate in effect at the time of the withdrawal.

Withdrawal of dividends prior to maturity - The annual percentage yield is based on an assumption that dividends will remain in the account until maturity. A withdrawal will reduce earnings.

Automatically renewable account - This account will automatically renew at

maturity. This account will renew as a _____ month IRA Share Certificate. The dividend rate will be the same rate offered on new IRA Share Certificates for the above term. You will have a grace period of ten calendar days after maturity to withdraw the funds without being charged an early withdrawal penalty. You may prevent renewal if you withdraw the funds in the account at maturity (or within the grace period mentioned above) or we receive written notice from you within the grace

period mentioned above. We can prevent renewal if we mail notice to you at least 30 calendar days before maturity. If either you or we prevent renewal, your funds will be placed in an IRA dividend-bearing account.

Non-automatically renewable account - This account will not automatically renew at maturity. If you do not renew the account, your funds will be placed in an IRA dividend-bearing account.

SHARE CERTIFICATE

Rate Information:

Share Certificate: The dividend rate on your term share account is _____% with an annual percentage yield of _____%. You will be paid this rate until first maturity.

FlexSmart Certificate: The dividend rate on your term share account is _____% with an annual percentage yield of _____%. The dividend rate on your FlexSmart Certificate may change if you exercise your one time right to make additions to the FlexSmart Certificate and increase the dividend rate and annual percentage yield during the term of the certificate to the rate then offered by Financial Center First Credit Union on FlexSmart Certificates with an identical term. The rate and yield may increase only if the current rate offered by Financial Center First Credit Union on the FlexSmart Certificate with an identical initial term has increased and \$5,000.00 or more is added to the certificate balance. In the event you elect to increase the dividend rate on your FlexSmart Certificate, the increase will not become effective until the first day of the month following the member's exercise of this election.

AddSmart Certificate: The dividend rate on your term share account is _____% with an annual percentage yield of _____%. The dividend rate on the AddSmart Certificate may change if you exercise your right to make additions to the AddSmart Certificate and increase the dividend rate and annual percentage yield during the rate adjustment period of January 1 through April 15 of each year during the certificate term. The rate and yield may increase only if the current rate offered by Financial Center First Credit Union on the AddSmart Certificate with an identical initial term has increased and \$1,000.00 or more is added to the certificate balance. In the event you elect to increase the dividend rate on your AddSmart Certificate, the increase will not become effective until the first day of the month following the member's exercise of this election.

Compounding frequency - Unless otherwise paid, dividends will be compounded every month.

Crediting frequency - Dividends will be credited to your account every month. Alternatively, you may choose to have dividends paid to you or to another account every month rather than credited to this account.

Dividend period - For this account type, the dividend period is monthly.

Minimum balance requirements:

The minimum balance required to open this account is \$_____.

Daily balance computation method - Dividends are calculated by the daily balance method which applies a daily periodic rate to the balance in the account each day.

Accrual of dividends on noncash deposits - Dividends will begin to accrue on the business day you place noncash items (for example, checks) to your account.

Transaction limitations:

After the account is opened, you may not make additions into the account until the maturity date stated on the account, except for FlexSmart and AddSmart Certificates, which allow for additions as outlined in the Rate Information section above.

You may make withdrawals of principal from your account before maturity. Principal withdrawn before maturity is included in the amount subject to early withdrawal penalty.

You can only withdraw dividends before maturity if you make arrangements with us for periodic payments of dividends in lieu of crediting.

Time requirements - Your account will mature _____.

Early withdrawal penalties (a penalty may be imposed for withdrawals before maturity) -

- If your account has an original maturity of less than one year:
The penalty we may impose will equal 90 days dividends on the amount withdrawn subject to penalty.
- If your account has an original maturity of one year but less than two years:
The penalty we may impose will equal 180 days dividends on the amount withdrawn subject to penalty.
- If your account has an original maturity of two years but less than three years:
The penalty we may impose will equal 270 days dividends on the amount withdrawn subject to penalty.

- If your account has an original maturity of three years but less than seven years:
The penalty we may impose will equal 365 days dividends on the amount withdrawn subject to penalty.

The penalty we may impose will equal 365 days dividends on the amount withdrawn subject to penalty.

- If your account has an original maturity of seven years or more:
The penalty we may impose will equal 730 days dividends on the amount withdrawn subject to penalty.

In certain circumstances such as the death or incompetence of an owner of this account, the law permits, or in some cases requires, the waiver of the early withdrawal penalty. Other exceptions may also apply, for example, if this is part of an IRA or other tax-deferred savings plan.

For any account which earns a dividend rate that may vary from time to time during the term, the dividend rate we will use to calculate this early withdrawal penalty will be the dividend rate in effect at the time of the withdrawal.

Withdrawal of dividends prior to maturity - The annual percentage yield is based on an assumption that dividends will remain in the account until maturity. A withdrawal will reduce earnings.

Automatically renewable account - This account will automatically renew at maturity. This account will renew as a _____ month Share Certificate. The dividend rate will be the same rate offered on new Share Certificates for the above term. You will have a grace period of ten calendar days after maturity to withdraw the funds without being charged an early withdrawal penalty. You may prevent renewal if you withdraw the funds in the account at maturity (or within the grace period mentioned above) or we receive written notice from you within the grace period mentioned above. We can prevent renewal if we mail notice to you at least 30 calendar days before maturity. If either you or we prevent renewal, your funds will be placed in a dividend-bearing account.

Non-automatically renewable account - This account will not automatically renew at maturity. If you do not renew the account, your funds will be placed in a dividend-bearing account.

STUDENT SHARE CERTIFICATE

Rate Information - The dividend rate on your term share account is _____% with an annual percentage yield of _____%. You will be paid this rate until first maturity.

Compounding frequency - Unless otherwise paid, dividends will be compounded every month.

Crediting frequency - Dividends will be credited to your account every month. Alternatively, you may choose to have dividends paid to you or to another account every month rather than credited to this account.

Dividend period - For this account type, the dividend period is monthly.

Minimum balance requirements:

The minimum balance required to open this account is \$25.00.

Age Requirement: You must be less than 18 years of age or a full-time student age 23 or younger. We may request annual proof of full-time student status.

Daily balance computation method - Dividends are calculated by the daily balance method which applies a daily periodic rate to the balance in the account each day.

Accrual of dividends on noncash deposits - Dividends will begin to accrue on the business day you place noncash items (for example, checks) to your account.

Transaction limitations:

You may make unlimited additions into your account.

There are no limitations on the frequency or timing of additions, except that no additions can be made in the last seven days before maturity.

You may make withdrawals of principal from your account before maturity for educational purposes without a penalty. Principal withdrawn before maturity not used for educational purposes is included in the amount subject to early withdrawal penalty.

You can only withdraw dividends before maturity if you make arrangements with us for periodic payments of dividends in lieu of crediting.

Time requirements - Your account will mature _____.

Early withdrawal penalties (a penalty may be imposed for withdrawals before maturity) -

- If your account has an original maturity of less than one year:
The penalty we may impose will equal 90 days dividends on the amount withdrawn subject to penalty.
- If your account has an original maturity of one year but less than two years:
The penalty we may impose will equal 180 days dividends on the amount withdrawn subject to penalty.
- If your account has an original maturity of two years but less than three years:
The penalty we may impose will equal 270 days dividends on the amount withdrawn subject to penalty.

- If your account has an original maturity of three years but less than seven years:
The penalty we may impose will equal 365 days dividends on the amount withdrawn subject to penalty.

The penalty we may impose will equal 365 days dividends on the amount withdrawn subject to penalty.

- If your account has an original maturity of seven years or more:
The penalty we may impose will equal 730 days dividends on the amount withdrawn subject to penalty.

In certain circumstances such as the death or incompetence of an owner of this account, the law permits, or in some cases requires, the waiver of the early withdrawal penalty. Other exceptions may also apply, for example, if this is part of an IRA or other tax-deferred savings plan.

Withdrawal of dividends prior to maturity - The annual percentage yield is based on an assumption that dividends will remain in the account until maturity. A withdrawal will reduce earnings.

Automatically renewable account - This account will automatically renew at maturity. This account will renew as a 12 month Student Share Certificate. The dividend rate will be the same rate offered on new Student Share Certificates for the above term. You will have a grace period of ten calendar days after maturity to withdraw the funds without being charged an early withdrawal penalty. You may prevent renewal if you withdraw the funds in the account at maturity (or within the grace period mentioned above) or we receive written notice from you within the grace period mentioned above.

We can prevent renewal if we mail notice to you at least 30 calendar days before maturity. If either you or we prevent renewal, your funds will be placed in a dividend-bearing account.

There is no grace period following the maturity of this account during which you may withdraw the funds without being charged an early withdrawal penalty.

Non-automatically renewable account - This account will not automatically renew at maturity. If you do not renew the account, your funds will be placed in a dividend-bearing account.

COMMON FEATURES

Share Certificates may not be pledged, transferred, or assigned to any other party.

Bylaw requirements:

If you do not complete payment of one share (\$5.00 per share) in a savings account within six months of admission to membership, or within six months of the increase in the par value of one share, you may be terminated from membership immediately.

If the balance in a savings account falls below the par value of one share, and you do not increase the balance to at least the par value of one share within six months of the reduction, you may be terminated from membership at the end of the six month period.

Transaction limitation - We reserve the right to at any time require not less than seven days notice in writing before each withdrawal from an interest-bearing account other than a time deposit, or from any other savings account as defined by Regulation D.

Nature of dividends - Dividends are paid from current income and available earnings, after required transfers to reserves at the end of a dividend period. (This disclosure further explains the dividend feature of your non-term share account(s).)

National Credit Union Share Insurance Fund - Member accounts in this credit union are federally insured by the National Credit Union Share Insurance Fund.

Excess Share Insurance - In addition to federal insurance coverage provided by the NCUA, qualifying member accounts have additional private insurance through Excess Share Insurance.
