NEXT GEN WORLD MAJLIS?

FOLLOW THESE STEPS:

1 **Check our NGWM questions:**
Using the NGWM briefing document, teachers brief their students with the four NGWM questions focused on the topic this year, allowing them to choose one question they're most interested in. Once selected, students can answer the question in an audio submission.

2 **Maximum entries:**
Each school can submit a maximum of four student entries per school.

3 **Audio submission:**
Students should submit their responses to the selected question as an audio recording in English to their teacher.

4 **Evaluation:**
The teacher will evaluate and select a maximum of four audio recordings per school before submitting and uploading the four recordings via this link.

5 **Selection by the Expo School Programme team:**
Based on the criteria highlighted below, the Expo School Programme team will select 80 students to participate in the first round of NGWM.

6 **Notification:**
Once the selection is finalised, the Expo School Programme will notify the teacher via email.

7 **Confirmation of participation:**
The teacher will need to confirm the selected student's participation by responding to the email.

8 **Participation in following rounds:**
The Expo School Programme team will select a number of students to participate in the following rounds. In Round 1, we will choose 80 students, followed by 20 students in Round 2, 10 students in Round 3, and 4 students in Round 4, which is the NGWM session. Successful candidates for each round will be announced within 48 hours.

(!) PLEASE NOTE: The Expo School Programme team will be unable to provide feedback on individual submissions.
