

Women in aviation

In 2017, the European Commission launched the Women in Transport - EU Platform for change to strengthen women's employment and equal opportunities for women and men in the transport sector. The session will present the platform, its objectives and how the aviation and air traffic management community can get involved. The session will include a panel discussion on the status of gender equality in the sector, featuring stakeholder testimonials and highlighting initiatives to strike the right balance.

Women in Transport – EU Platform for Change

The objective of the Women in Transport - EU Platform for change (hereafter the Platform), launched on 27 November 2017, is to strengthen women's employment and equal opportunities for women and men in the transport sector thanks to the actions brought about by the Platform members. It will also serve as a forum to discuss and exchange good practices.

How to get involved:

- Sign the Declaration to ensure equal opportunities for women and men in the transport sector
- Become a member and initiate action to encourage gender balance in your organisation
