HOW TO BOOK YOUR COVID TEST

This is only applicable for those who **do not** have a valid proof of vaccination. The government requirements for proof of vaccination can be found here.

STEP 1

Go to the following website: https://www.testenvoortoegang.org/
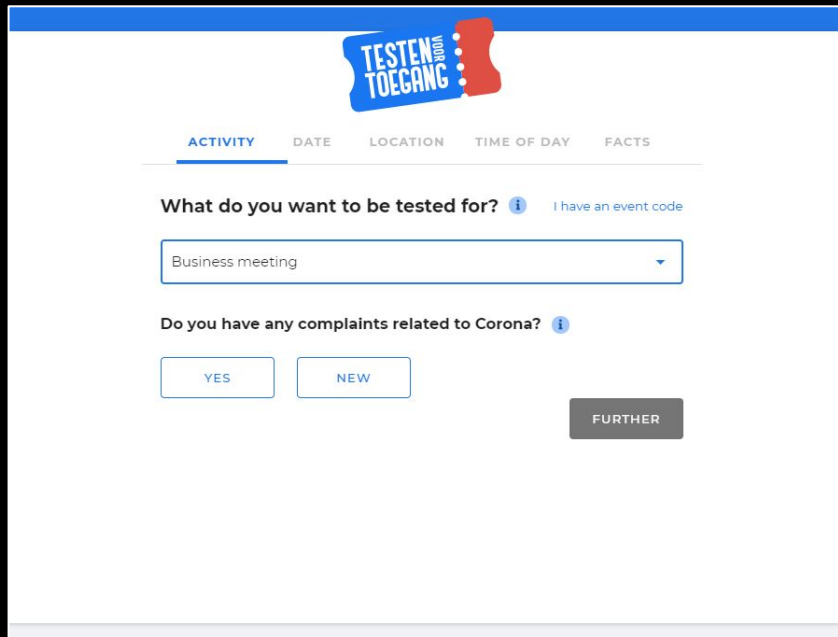

The site can be viewed in Dutch or English. If you want to view it in English, click EN in the top left corner of the page before you start. (You can let your browser auto-translate, but you may get some slightly odd words in places!)

Click on 'Make an appointment'.

STEP 2

You will then be asked what you are being tested for, with a drop down of options.

Scroll all the way to the bottom and choose business meeting (this may show as 'business event' for some translations).

You will then be asked if you are currently experiencing any symptoms of Coronavirus:
Yes
No ("No" may show up as "New" if your browser is automatically translating the page)

When you have answered both questions, click the 'further' or 'continue' button.

If you have symptoms and press yes at this step, you will be able to go no further. If the answer is no (or new!), you can proceed to step 3.

STEP 3

Next you will be asked to input your activity date. This is the day you will want to take the test (not the start date of Money20/20).

Money20/20 Day one   21/09/2021
Money20/20 Day two   22/09/2021
Money20/20 Day three   23/09/2021

To see all appointments available that day, the easiest way to do this is to input a time later in the day for the activity start time. As an example if you would like to see testing appointments around 7am, put the activity start time in as 10am - the automation on the website will only show you tests that are 2 hours prior to the activity start time.

STEP 4

Next, you will be asked where you would like to be tested, you can free type into the search box 'RAI' - and you will see 'RAI Congress appear as an option.

Select RAI Congress if you would like to use the testing facilities at the event venue.

*If you would rather take a test closer to your hotel, please note, any testing location that can be booked via this website **will be** accepted at our COVID entrance checkpoint as long as the test was taken in the last 24 hours and has a negative result.*

STEP 5

You will be offered the option to book a testing appointment the day before or the day of the event start date you put in.

Once you select the day you would like to take the test, you will get a selection of locations in distance order.

Choose test location and time

You can see the locations closest to RAI Congress.

Note: If you cannot find a suitable test appointment at these seven test locations, please enter a different zip code or city name to see other test locations.
