

“Their future is my legacy,” a campaign for building United International College.

Help build this college by joining us with these giving opportunities. We need to raise \$1.6 million to achieve our funding goal by December 2025. Pledges may be made throughout this giving period.

We are pleased to offer the following naming rights, with your name appearing in the building. Partial gifts can be made and designated toward these areas. Scholarship endowments are another great way to leave a lasting legacy. Ask us how to do this!
