

## Features

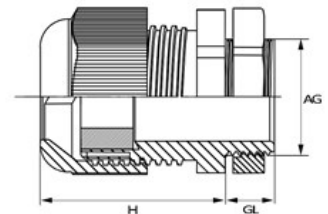

- These high performance cable glands made from polyamide are a reliable way to clamp fix protect cables from water and dust as they are a way of sealing and terminating housing
- They offer protection for electrical equipment and enclosures and are widely used in mechanical equipment, machinery, lights etc.

## Specification

IP Rating	IP68
With Strain Relief	Yes
Model	Straight
Material	Polyamide
Glass-Fibre Reinforced	No
Shock Resistant	Yes
Bend Radius Protection / Trumpet Flare	Yes
With Locknut	Yes
Snapping in Opening	Yes
Flat Cable Coupling	No
Explosion-Tested Version	No
For Armoured Cable	No
EMC-Version	No
Screened	No
Type of Sealing	Sealing Ring
For Ex-Zone Gas	None
For Ex-Zone Dust	None
Halogen Free	Yes
Operating Temperature	-40 ... 100 °C
