STAMPEDE PURPOSE AND VISION REFINED

Purpose: To preserve and celebrate our western heritage, cultures and community spirit.

Vision: To create a world-class, year-round gathering place for the community.

A MESSAGE FROM THE PRESIDENT AND CHAIRMAN OF THE BOARD AND THE CEO

Dear Friends, thanks to our supporters, volunteers and employees, the Calgary Stampede achieved meaningful progress on our renewed vision to preserve and celebrate our western heritage, cultures and community spirit.

- In 2014, we opened the doors to the new Agrium Western Event Centre, creating stronger urban and rural connections for our community.
- Our 10 days in July were exciting and hot, with Calgarians and visitors gathering at Stampede Park and across the city to celebrate.
- Our year-round business and community events thrived in the past year, further cementing our role as a destination and provider for exceptional events and as an enduring economic and community driver.
- The Calgary Stampede and the Calgary Stampede Foundation We're Greatest Together capital campaign made exceptional progress in 2014. We look forward to officially wrapping up the campaign and exceeding our goal.

- We carefully completed environmental remediation and repairs related to the 2013 flood, helping to protect this gathering place for generations to come.

We're proud to share more details below - and throughout this report - on the achievements of our organization and people.

This March, Bob will complete his two-year term as president and chairman of the board at the 2015 Annual General Meeting. Also in March, Vern will conclude an almost 30-year career at the Stampede including 10 years as our CEO. For both of us, it's been incredibly fulfilling during each of our tenures to have led the organization.

We're pleased to welcome Warren Connell into his role as chief executive officer and Bill Gray into his role as president and chairman of the board, when they assume these new roles in March 2015. The organization is well positioned for future success with these two talented and conscientious leaders ready to care for and grow the brand that has come to define our great city.

It's been an honour and a pleasure for us to serve this organization over the past years. We have only optimism and enthusiasm for the future of the Calgary Stampede.

RENEWED VISION AND PURPOSE

One of the most important accomplishments of 2014 was a renewal of our fundamental vision and purpose statements. These refinements reflect and guide the strategic direction of our organization and our supporters.

Our new purpose statement reads "to preserve and celebrate our western heritage, cultures and community spirit." It better expresses our commitment to western heritage while at the same time speaking to other traditions like those of our Treaty 7 partners and those of new Albertans. Equally important, we recognize the unique "can-do" spirit of Calgarians and Albertans to make things happen in and for our community.

Our revised vision also makes the connection with community explicit. It now reads "to create a world-class year-round gathering place for the community." The good work our volunteers and employees do is aimed at providing a benefit for the community - now and into the future.

The renewed statements create a great platform for the continued relevance and success of the Calgary Stampede in our city.

AGRIUM WESTERN EVENT CENTRE

In June, we officially opened the Agrium Western Event Centre, which is now the heart and home of agriculture and western events on Stampede Park. This facility is without parallel in Canada and launches the Calgary Stampede onto the world stage of high-performance equine and agricultural productions.

The Agrium Centre hosted several events in 2014 including Jonathon Field and Friends, Royal West, CPRA Grassroots Rodeo, World Professional Bull Riding Finals, Team Cattle Penning, Arabian Horse Show and our annual Cutting Horse Futurity event.

The facility also serves as the classroom for the new Journey 2050 educational program, which is aimed at the grade seven curriculum. The new inquiry-based learning program began in October 2014 and is inspiring students to provide real solutions to feed our ever-expanding population. With the help of iPads, videos, displays and games, up to 10,000 students a year will make decisions and adjust them based on their impact on society, the environment and the economy on a local and global scale.

2014 STAMPEDE

In July, we welcomed 1,263,428 people through the gates, the second-highest attendance in our history. Guests enjoyed 10 hot and sunny days on Stampede Park, which saw a number of exciting changes this past year.

The Kids' moved next to the Agriculture Barns, creating an integrated family zone. This will connect to the future ENMAX Park, which is set to open in 2016. By moving Nashville North to the north end of Stampede Park and closer to Cowboys Casino, we purposefully created a consolidated party zone.

To satisfy the hunger of our guests, it's only fitting that The Greatest Outdoor Show on Earth created Calgary's largest pop-up patio. "Triple B - Barbeque, Bulls and Beer" featured the World's Largest Grill and became the place to enjoy top-notch grilled specialties, ride a mechanical bull and sip a cold one.

New creative producer David Pierce and his talented team brought a celebration of chuckwagon racing to the Grandstand Stage with the TransAlta Grandstand Show, *Barnburner*.

Thanks to our annual curation of new experiences alongside old favourites, friends and families came together to create poignant and vibrant memories. We thank our incredible volunteers, employees and guests for yet another unforgettable year at the Calgary Stampede and for making Calgary a better place.

YEAR-ROUND IMPACT

With our trademark western hospitality, fabulous facilities and prime location, Stampede Park hosted more than 600 events - from the FIVB Volleyball World League final and the Scotiabank Marathon, to Monster Jam, Screamfest and Beakerhead's Little Big Street. Approximately 25,000 people attended 25 graduation celebrations and well over 35,000 guests celebrated the holidays at one of the 60 holiday celebrations we hosted at Stampede Park. In total, our event business saw some 1,035,000 guests converge on Stampede Park over the course of 2014.

Our energetic volunteers were also creating and contributing to community events and engaging Calgarians in their backyards and at Stampede Park. We were proud to see longtime community connections upheld and new relationships and offerings bloom. These community connections will drive the continued relevance of the Calgary Stampede. We know that Calgarians will recognize and appreciate the Calgary Stampede people and programs as contributing to the betterment of our community. Please see the report for more information on our community impact.

CAPITAL CAMPAIGN

We are thrilled about the success of the Calgary Stampede and the Calgary Stampede Foundation's We're Greatest Together capital campaign. Philanthropists, corporate Calgary, Stampede volunteers and so many more have come forward to make our vision a reality. Thanks to many generous donors, ENMAX Park will give Calgarians a new 16-acre park along the Elbow River, and the new Youth Campus will become a vital hub for youth development, western heritage and education.

As we wrap up our We're Greatest Together capital campaign, we are humbled and inspired by the faith our supporters have put into these exciting development projects. The Calgary Stampede will have the opportunity to strengthen and build urban and rural connections, celebrate western heritage and bring people of all ages and backgrounds together for generations to come.

ENVIRONMENTAL RECLAMATION AND FLOOD MITIGATIONS

The 2013 flood caused serious damage to the riverbanks, residential properties and businesses all along the Elbow River. The Calgary Stampede sustained more than \$60 million in damage. Over the course of 2014, we worked hard to complete the restoration of the riverbank in an environmentally sensitive manner and have carefully installed protections against future flooding. All riverbank reclamation and flood mitigation work was completed with the required regulatory approvals.

Our riverbank restoration work included the removal of debris from the Elbow River and the replacement of vegetation important to the river valley ecosystem. We also completed installing the final phase of a flood protection system that has been under construction since 2000 and will protect the southern portion of Stampede Park from overland flow waters associated with a future major flood event. The flood protection system is located outside of the floodway and is designed to avoid impacting communities upstream or downstream of Stampede Park.

Construction of a new, single span steel arch bridge to replace the pedestrian "blue bridge" began in 2014. Slated to open in June 2015, the bridge will be an important connection into ENMAX Park.

With virtually every one of Stampede Park's buildings undergoing updates and repairs as part of the flood response, our renewed facilities are ready to host future exceptional events. We thank all the employees and contractors who worked tenaciously in 2014 to rebuild Stampede Park to its current tip-top shape.

COMMUNITY IMPACT

The Calgary Stampede brings western spirit year-round to the community on and off Stampede Park. This year, Stampede supported Doors Open YYC, the Parade of Champions, a school in Brazil, the Ismaili Break the Fast Sunset Breakfast and many more community events. We are also working hard to build an even more sustainable Stampede.

DOORS OPEN YYC

The Calgary Stampede opened its doors to the Calgary community over the last weekend in September. Guests got to go below the Grandstand Stage, up close to the Rodeo chutes, through the chuckwagon barns and up to Eye in the Sky where the chuckwagon and rodeocallers and judges sit. It was a true behind-the-scenes look at how the Stampede pulls off The Greatest Outdoor Show on Earth.

CANADIAN OLYMPIC PARADE OF CHAMPIONS

To welcome back and honour the Canadian Olympic and Paralympic athletes, the Stampede partnered with the Canadian Olympic Committee on the RBC presents the Parade of Champions brought to you by Coca-Cola, lending some of our expertise gleaned over a century of holding parades. Our own Parade committee members helped marshal the parade while the Downtown Attractions committee put on a Stampede breakfast and provided old-time rigs for the parade.

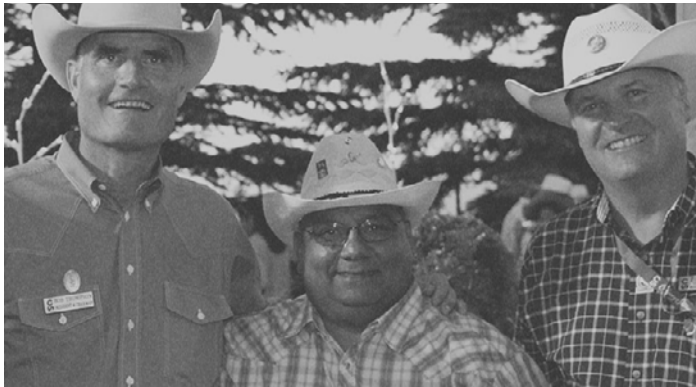

CALGARY STAMPEDE SHOWBAND IN BRAZIL

The Calgary Stampede Showband travelled to Brazil in July where they claimed their fifth World Championship title. While there, they took a break from rehearsals to help out at Portal do Saber – *Portal of Knowledge* – a local school for underprivileged children. Showband members painted buildings and class rooms, gardened, landscaped and hung doors, among other tasks. Some of the walls in the school had not been painted since the school first opened, more than 10 years ago. The Showband also donated the paint and other supplies for the work. The Showband had the opportunity to give a brief performance for hundreds of local children.

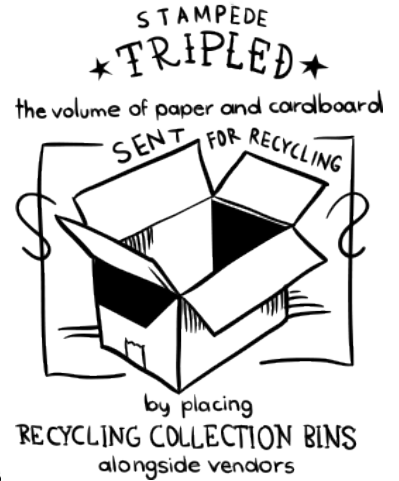

ISMAILI BREAK THE FAST SUNSET BREAKFAST

This year, Stampede time fell during the holy month of Ramadan. Muslims traditionally fast from sunrise to sunset during Ramadan, and this year, the legendary Stampede breakfast run by the Calgary Ismaili Muslims became a “Break the Fast” sunset event. The Community Development committee joined the event with paper cowboy hats, Calgary Stampede Indian Princess crowns and other crafts.

SUSTAINABLE STAMPEDE

Thanks to ramped-up sustainability initiatives, the Stampede is downsizing the waste that ends up in the landfill by boosting the volume it diverts for recycling, composting and repurposing.

THE GREATEST VOLUNTEERS ON EARTH

Our volunteers work year-round. In 2014, they line danced at seniors' homes, served breakfast to schools, community centres and malls, and were at the Calgary Marathon, CIBC Run for the Cure, local sporting events and parades all around southern Alberta.

ENMAX PARK

The land along the Elbow River is being transformed into a beautiful park and scenic gathering place for the community. ENMAX Park will be a vital green space for recreation, learning and celebration in the heart of Calgary. The park will also be the new home for Indian Village presented by Penn West, across the river from the relocated Kids' Midway and Agriculture Discovery Zone.

A new bridge will replace the blue pedestrian bridge that washed away in the 2013 flood. The single span design (no pier in the water) minimizes environmental intrusion, respects the Elbow River's spawning grounds for brown trout and is flood resistant. A higher deck is designed for water to flow over the structure to prevent potential damage in future floods.

2. Indian Village

Indian Village: Twenty-six tipis will be raised each July in Indian Village, where the five tribes of Treaty 7 have gathered at the Calgary Stampede since 1912. Guests experience First Nations traditions and culture first-hand through tipi-raising contests, the Pow Wow and cultural exhibitions.

3. Public Art

Five public art pieces will tell the rich and diverse history of Calgary and the Calgary Stampede, with themes relating to the Canadian rancher, First Nations, the people of Calgary, arts and culture, and the Elbow River.

4. Natural Environment

Hundreds of native deciduous and coniferous trees, and shrubs such as juniper, buffaloberry, dogwood and wild rose will enhance the natural environment of ENMAX Park.

5. Cenovus Legacy Trail

Cenovus Legacy Trail is a 650 metre trail that will weave through the park telling the story of the Calgary Stampede, Calgary and First Nations people.

YOUTH EDUCATION AND DEVELOPMENT

Every year, thousands of young people from across southern Alberta come to Stampede Park to learn about animals, agriculture, our province's history and much more. The Young Canadians School of the Performing Arts and the Calgary Stampede Showband provide youth with unparalleled training in the performing arts. Stampede School continues to welcome hundreds of students each year and, in 2014, the Stampede launched the OH Ranch Education Program and Journey 2050, two innovative education programs unlike any others in the region.

OH RANCH EDUCATION PROGRAM

In 2012, Bill Siebens gifted the historic OH Ranch to the Calgary Stampede Foundation. As the new stewards of the land, the Calgary Stampede devoted the first two years to returning the land to a working cattle ranch. In 2014, the OH Ranch Education Program launched, guided by the principle of "Engaging rural and urban communities in meaningful experiences."

PRACTICAL KNOWLEDGE

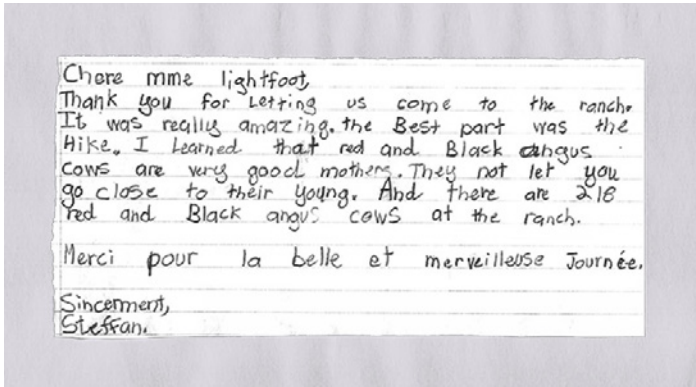

The program provides an opportunity for students to learn about the history and importance of cattle ranching in Alberta, the geography of our land and the Calgary Stampede's best practices in animal care, cattle ranching and the stewardship of the land. Students learn:

- Cowboy lifestyle and history at the cookhouse
- Students have the opportunity to make their own rope and to rope dummy steers. They learn how ranchers rope to doctor cattle in the field

- Present-day cattle ranching practices and the cattle production cycle
- Wildlife species on OH Ranch properties and the difference between predator and prey species
- Important figures in OH Ranch history, including O.H. Smith, Lafayette French, the Ings Brothers, Patrick Burns and Doc Seaman
- The waterway systems on OH Ranch and their significance

FOSTERING CREATIVITY

Students reflect on their experiences through drawings and written responses.

JOURNEY 2050

Journey 2050 asks the question: How will we sustainably feed nine billion people by the year 2050? Through inquiry-based games and activities, students learn how economic, social and environmental factors are all linked. They learn the definitions and the importance of sustainability, agriculture and sustainable agriculture.

"I learned water is going to be a big issue with nine billion people. Health care, the economy, shelter and many more important things will be issue[s]. We need to start thinking about the future today." – GRADE 7 STUDENT, LANGEVIN SCIENCE SCHOOL

"I learned that Canada is a really healthy and safe place to live, and that I'm lucky." – GRADE 7 STUDENT, LOUIS RIEL SCHOOL

"I learned that there are many factors that go into farming and providing food for our world." – GRADE 7 STUDENT, ARBOUR LAKE SCHOOL

2. THE SAM CENTRE

Generously gifted to the Calgary Stampede Foundation by the Taylor Family Foundation, the SAM Centre will transform the traditional museum setting into an interactive educational experience for youth and adults. The centre will be the new home to Stampede School and host exhibits that feature the Calgary Stampede's vast archival collections, such as Guy Weadick's car and Flores LaDue's saddle.

3. CALGARY ARTS ACADEMY

Through a unique partnership between the Government of Alberta, the Calgary Arts Academy and the Calgary Stampede, the historic Weston Bakery on Stampede Park will be transformed into a modern learning facility for the Calgary Arts Academy.

4. THE BMO AMPHITHEATRE

A new outdoor performance and rehearsal space along Elbow River for students from the Calgary Arts Academy, the Stampede Showband, The Young Canadians School of Performing Arts, Stampede School and other arts organizations. The site will feature a 40-foot x 50-foot stage and seating for 800 people.

AGRICULTURE AND ANIMAL CARE

Animals are at the heart of the Calgary Stampede. Grounded in more than a century of tradition in agriculture, the Stampede remains dedicated to creating meaningful urban and rural connections. Our animal guests are a top priority. In the spirit of continuous improvement, we look to the latest in science and partner with world-class researchers to better understand animal behaviour, response and performance.

AGRIUM WESTERN EVENT CENTRE

The Agrium Western Event Centre is the new heart and home of year-round western events and agricultural education on Stampede Park. One of the largest projects in our history, the Agrium Centre provides a state-of-the-art facility for national and international equine competitions, rodeos, agricultural exhibitions and trade shows. The back-of-house and staging areas have all been carefully designed to meet the unique needs and safety of our animal guests.

KEY FEATURES

This unique building and related infrastructure cost \$61.2 million, made possible by our key sponsor, Agrium, matching contributions of \$25 million each from the Government of Canada and Government of Alberta, as well as the collective support of many generous donors.

ROUNDUP

- 150,000 SQUARE FOOT EVENT CENTRE**
- 20,000 SQUARE FOOT ATTACHED EXHIBITION HALL**
- 250 X 125 SHOW FLOOR WITH ARENA**
- 2,500 GUESTS SEATS**
- 3,737 ESTIMATED ANIMALS IN THE AGRIUM CENTRE THIS YEAR NOT INCLUDING STAMPEDE TIME**

ANIMAL CARE AND SAFETY

The Calgary Stampede is passionate and vigilant about animal care. Throughout the year, we consult with professional veterinary advisors. Our independent Animal Care Advisory Panel guides our decisions for animal policies and procedures, harnessing expertise in livestock care, health and handling.

- 10 vets on Stampede Park at any given time during the July Stampede
- 18,760 total checks over 10 days for Agriculture, Rodeo and Chuckwagons
- 6-foot high solid arena walls in the Agrium Centre to improve animal and competitor safety, and to eliminate visual distractions for animals

FITNESS TO COMPETE

Our Fitness to Compete program is considered one of the most comprehensive animal care programs in North America. The program has helped significantly decrease the number of heart and skeletal injuries in the chuckwagon races.

Pre- and Post-Race Inspections

Every horse competing in the GMC Rangeland Derby is checked before each race. Checks include heart (1), lungs (2), muscle (3) or bone (4) issues. The list of competing horses must be submitted by 4 p.m., and any horse not fit to compete will be “scratched” from the race.

Each horse is checked as they leave the track. Inspections involve heart and lung checks, and physical and visual checks for bone or muscle issues.

Microchip

Tracks each horse’s racing and medical files. Horses’ microchips are randomly scanned as they approach the track to double-check their fitness status.

Veterinary Inspections

Upon arrival to Stampede, all horses are inspected. Horses are subject to ongoing veterinarian inspections.

Rest Days

Mandatory rest days for all horses: After a maximum of four consecutive race days, a horse must be given two rest days.

Medical Expertise

The Stampede’s cooperation with the University of Calgary offers drivers access to high-tech diagnostic testing, equipment and top-notch expertise to check on any suspected health issues.

RODEO SAFETY

The Stampede installed new Rodeo chute steel that incorporates the latest technology and animal safety features. “The entire system is designed to ensure the animals feel calm and secure,” said Jennifer Woods, an independent livestock handling specialist, who consulted with the Stampede on the new chutes.

1. SAFETY PADS

Rubber safety pads absorb an excited animal’s kick.

2. CONSISTENT PANELS

The steel panels match those from the animals’ pens, into the chutes, the arena and back again, which means the animal will not be spooked by seeing anything new or unexpected.

3. HIGHER BARS

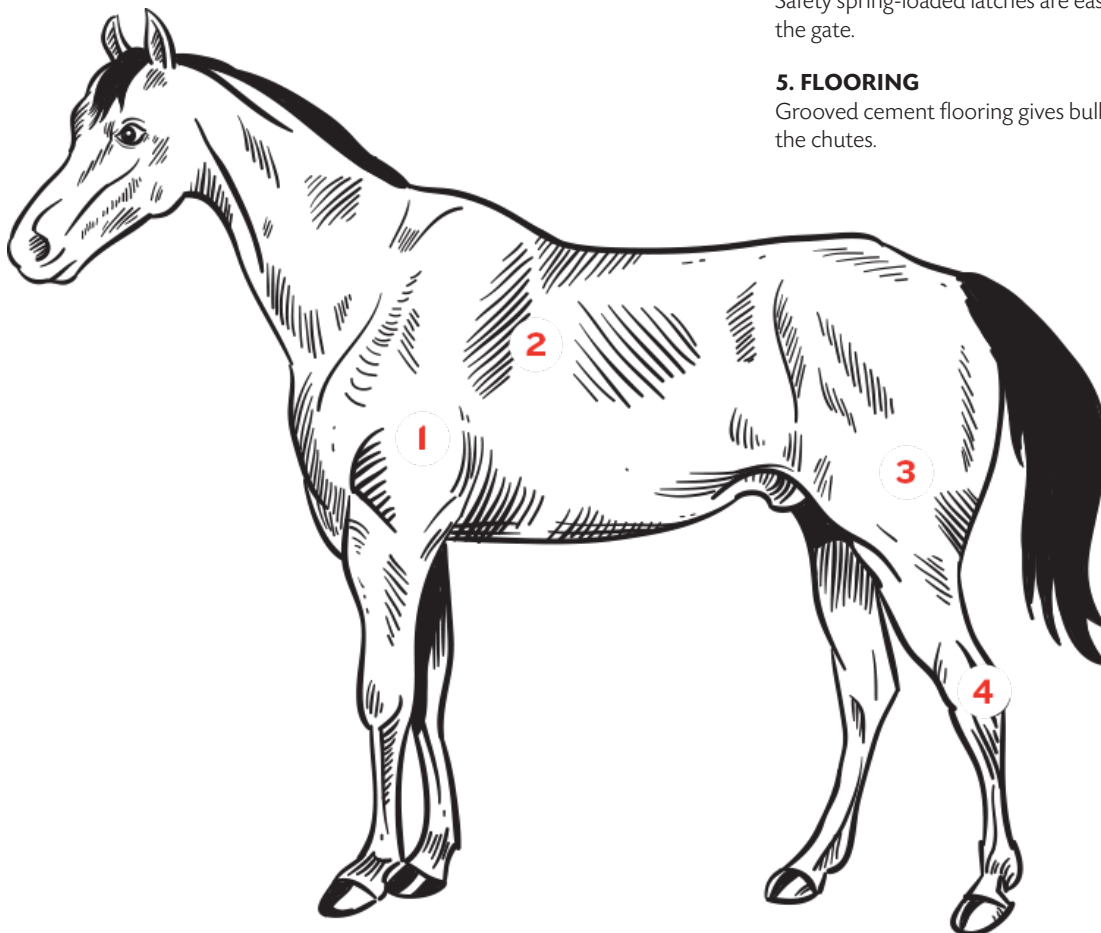

Less space between them minimizes the chance of a rearing bull or horse catching its hooves between the bars.

4. LATCHES

Safety spring-loaded latches are easy to open if a bull or horse leans into the gate.

5. FLOORING

Grooved cement flooring gives bulls and horses secure footing in the chutes.

A SPECIAL THANK YOU TO OUR GOVERNMENT PARTNERS

THE CITY OF
CALGARY

Alberta

Canada

The City of Calgary is a longtime partner of the Calgary Stampede, providing our 100-year lease and support for our credit facilities. This partnership enhances the community's ability to participate in activities at Stampede Park and throughout the city during the year and with our annual 10-day event in July.

The Government of Alberta supported a number of the Stampede's programs and facilities. We received a \$9.3 million operating grant as well as \$250,000, specifically used to replace the permanent stage deck within the Grandstand. The Department of Agriculture and Rural Development provided a \$100,000 annual operating grant for agriculture activities. Alberta Livestock and Meat Association provided \$20,000 towards educational and business-to-business initiatives. A \$25 million matching grant from Alberta Agriculture supported the development of the Agriculture Discovery Zone, including renovations to the Agriculture Building, a new infield tunnel and construction of Agrium Western Event Centre.

The Government of Canada, through a \$255,646 Canadian Heritage - Building Communities through Art and Heritage grant, invested with the Stampede over two years to restore eight historical murals, develop an online public art walk tour, and install an art piece to recognize 100 years of champions in rodeo and chuckwagons. The Canadian AgriMarketing program committed \$28,050 to profile our international agriculture initiatives. A matching investment of \$25 million from Infrastructure Canada enabled enhancements within the Agriculture Discovery Zone and construction of Agrium Western Event Centre, officially opened on June 21, 2014.

2014 SPONSORS

Our sponsors are dedicated to making our community a better place. They make the July Stampede and our year-round programs possible, challenging us to think bigger every year. We thank them for their passion and vision.

The Calgary Stampede Royalty brings the spirit of the West to Calgary's community and the rest of the world. Throughout their participation in these youth development programs, the young women spread the Stampede values of western hospitality, integrity, pride of place and commitment to the community. Together, the Indian Princess and Queen and Princesses attend more than 400 events.

PENDLETON ROUND-UP

Carly Weasel Child attended the Pendleton Round-up in Pendleton, Oregon. Carly Weasel Child rode in the Westward Ho Parade and danced for the employees of Pendleton Woolen Mills. She also met with the Happy Canyon Princesses.

GIDDY-UP AGGIE DAYS

The Calgary Stampede Queen and Princesses participated in the Calgary Stampede Queens' Alumni Giddy-Up Aggie Days. At this event, special needs children are able to experience Aggie Days before it opens to the public, learn about agriculture and interact with animals.

1WORLD CELEBRATION

In April 2014, Edgemont School and Edgemont Community Centre hosted the third annual 1World celebration – a triumph of cultural diversity and community pride. More than 1,000 people attended and performers included the Calgary Chinese Elderly Citizens Association and the Polish dance group, Young of Heart. This was the first year for First Nations participation with traditional dances, and the attendance of the 2014 Calgary Stampede Indian Princess, Carly Weasel Child, was a highlight.

2014 VOLUNTEERS

More than 2,300 active volunteers contribute their time, energy and leadership to the Calgary Stampede. There are 47 volunteer committees. These committees are responsible for everything from planning the Stampede Parade to serving tens of thousands of pancakes all over southern Alberta, to orchestrating agriculture exhibits and western events, and much, much more.

Management's Responsibility for Financial Reporting

The preparation and presentation of the consolidated financial statements and the overall quality of financial reporting are the responsibility of Management of Calgary Exhibition and Stampede Limited. The consolidated financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations and necessarily include estimates that are based on Management's best judgments. Information contained elsewhere in the Report to the Community is consistent, where applicable, with that contained in the consolidated financial statements.

Management is responsible for installing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded and that reliable financial information is produced for preparation of consolidated financial statements. Management believes that the system of internal controls operated effectively in 2014.

Audit and Finance Committee of the Board of Directors

The Board of Directors is responsible for overseeing Management's performance of its responsibilities for financial reporting and internal control. The Board exercises this responsibility with the assistance of the Audit and Finance Committee.

The Committee is composed of not fewer than seven (currently eight) members, the majority (currently five) of whom are Directors of Calgary Exhibition and Stampede Limited. The Committee reviews the annual consolidated financial statements, considers the appropriateness of accounting policies and assesses the overall quality of the financial reporting. The Committee also reviews and makes recommendations to the Board regarding financial matters and oversees the process that Management has in place to identify financial reporting risks.

The Committee recommends to the Board the auditors to be appointed by the Shareholders and approves in advance fees for the auditor's services. Deloitte was appointed by the Shareholders as the independent auditor in 2014 to conduct an examination and express their opinion on the consolidated financial statements. The Auditor's Report outlines the auditor's opinion and the scope of their examination. Independent Auditor's Report

To the Shareholders of
Calgary Exhibition and Stampede Limited

We have audited the accompanying consolidated financial statements of Calgary Exhibition and Stampede Limited, which comprise the consolidated statement of financial position as at December 31, 2014, the consolidated statements of operations and community investment and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Calgary Exhibition and Stampede Limited as at December 31, 2014 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Calgary Exhibition and Stampede Limited

Notes to the consolidated financial statements

December 31, 2014

(In thousands of dollars except as noted)

1. Purpose of the organization

The purpose of Calgary Exhibition and Stampede Limited ("Calgary Stampede") is to preserve and celebrate western heritage, cultures and community spirit. The Calgary Stampede is incorporated under the Companies Act of Alberta as a not-for-profit organization and is exempt from income taxes under the Canadian Income Tax Act. The directors of the Calgary Stampede are elected or appointed volunteers who cannot be paid in any form for their services under its by-laws. The shareholders of the Calgary Stampede, who are also volunteers, cannot receive any dividends, nor can the shares appreciate in value. Shares can neither be sold nor held by persons outside of the province of Alberta nor in the estates of deceased shareholders.

2. Significant accounting policies

The consolidated financial statements of the Calgary Stampede have been prepared by Management in accordance with Canadian accounting standards for not-for-profit organizations as set out in Part III of the Chartered Professional Accountants of Canada Handbook. A precise determination of many assets and liabilities is dependent on future events and, consequently, the preparation of periodic financial statements necessarily involves the use of estimates and approximations. Areas subject to estimation include valuation of accounts receivable and inventory, useful lives of tangible capital assets, impairment of long-lived assets, fair value of supplies and services in kind, the financial impact of the 2013 flooding event (Note 3), accrued liabilities, employee future benefits and potential contingencies. Those estimates also affect the disclosure of contingencies at the date of the financial statements and the reported amounts of assets, liabilities, revenues and expenses. Actual results could differ from those estimates.

The consolidated financial statements have been prepared within the framework of the accounting policies summarized below.

(a) Basis of presentation

The consolidated financial statements include the accounts of the Calgary Stampede, its wholly owned subsidiaries Weadick Properties Limited ("Weadick"), Calgary Stampede (GP) Inc., Calgary Stampede Trust ("Trust"), in which the Calgary Stampede controls the Trust as its sole beneficiary, and its 50% interest in Stampede Entertainment Inc. ("SEI"). These subsidiaries comprise not-for-profit and for-profit organizations that are subject to or exempt from income taxes as prescribed by the Canadian Income Tax Act. Weadick was dissolved on December 31, 2014, and its net assets were transferred to the Calgary Stampede at their carrying value.

The purpose of Calgary Stampede (GP) Inc. (0.01% general partner) and the Trust (99.99% limited partner) is to own Stampede (Casino) Limited Partnership, which owns and operates Cowboys Casino and its ancillary operations, including food, beverage and entertainment. The Trust was established through a trust agreement in which the Calgary Stampede is the sole beneficiary of the Trust and the Trust's annual taxable income is distributed to it.

The purpose of SEI is to present various western and Calgary Stampede related entertainment during the annual Stampede festival and throughout the year via television, movies and live performance. The Calgary Stampede has joint control of SEI, and therefore proportionately consolidates SEI's operations into the results of the Calgary Stampede.

The Calgary Stampede is associated with the Calgary Stampede Foundation ("Foundation") due to its ability to appoint the majority of the board of directors of the Foundation. The Foundation's financial accounts have not been consolidated with those of the Calgary Stampede. The Calgary Stampede has elected to disclose all pertinent financial information of the Foundation in the notes to these consolidated financial statements. The Foundation has the primary objective of establishing programs for the benefit of young residents of Southern Alberta to advance their knowledge and understanding of the history, heritage, traditions and culture of Alberta.

2. Significant accounting policies (continued)

(b) Cash and short-term deposits

Cash and short-term deposits comprise cash on hand, demand deposits and deposits held in trust, having a maturity of three months or less from the date of purchase, and are recorded at fair market value. Investment revenue is recognized when it is receivable.

(c) Restricted cash

Restricted cash is designated as a current asset when restricted funds received are for operating purposes. When restricted funds received are for capital purposes, the restricted cash is designated as a non-current asset.

(d) Inventory

Inventory is recorded at the lower of cost and net realizable value. Cost is determined on a weighted-average basis, and net realizable value is determined using estimated selling prices less corresponding costs. The estimated selling price takes into account management's best estimate of the most probable set of economic conditions.

(e) Tangible capital assets and amortization

Buildings and equipment are stated at cost less accumulated amortization. Major overhauls and improvements are capitalized, while normal repairs and maintenance are expensed as incurred. Park development projects include the design and construction costs incurred on a number of projects related to the Calgary Stampede's expansion plans. Interest incurred on debt specifically obtained to finance capital projects is capitalized during the construction period. Amortization is provided on a straight-line basis at rates designed to amortize the assets over their estimated useful lives.

Title to the land on which certain portions of Stampede Park is located is vested in The City of Calgary and is used by the Calgary Stampede under a nominal long-term lease expiring in the year 2060, with an additional 50-year renewal term. Lands owned directly by the Calgary Stampede are recorded at cost and are held for Calgary Stampede expansion and development purposes.

(f) Impairment of long-lived assets

Long-lived assets are tested for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be fully recoverable. If there is an indication of impairment, the first step in the impairment test is to compare the carrying value of an asset group with the total undiscounted cash flows expected from their use and eventual disposition. If the carrying value of the asset group exceeds the undiscounted cash flow, an impairment loss is required to be determined. An impairment loss is recognized to the extent that the carrying value of an asset group exceeds the total discounted cash flows expected from their use and eventual disposition.

(g) Advances on future events

Advances on future events represent funds received in advance for events including the Stampede festival, conventions and trade shows and facilities, building and ice rentals. Revenue from such events is recognized as income in the period in which the events take place.

(h) Employee future benefits

The Calgary Stampede has a number of defined benefit (DB) pension plans as well as a defined contribution (DC) pension plan that provide pension benefits to most of its employees. The DB pension plans are based on years of service and highest average salary. Pension benefits are not automatically increased for inflation.

Calgary Exhibition and Stampede Limited

2. Significant accounting policies (continued)

(h) *Employee future benefits (continued)*

The Calgary Stampede accounts for its defined pension plans using the immediate recognition approach. The cost of pension benefits earned by employees is actuarially determined using the projected benefit method prorated on service and management's best estimate of expected plan investment performance, salary escalation and retirement ages of employees. Plan obligations are discounted using current market interest rates and plan assets are presented at fair value.

(i) *Financial instruments*

Financial instruments are recorded at fair value on initial recognition. Free-standing derivative instruments that are not in a qualifying hedging relationship and equity instruments that are quoted in an active market are subsequently recorded at fair value. All other financial instruments are recorded at cost or amortized cost, unless management has elected to record at fair value. The Calgary Stampede has not elected to carry any such financial instruments at fair value.

Transaction costs related to financial instruments measured at fair value are expensed as incurred. For all other financial instruments, the transaction costs are added to the carrying value of the asset or netted against the carrying value of the liability and are then recognized over the expected life of the instrument using the straight-line method. Any premium or discount related to an instrument measured at amortized cost is amortized over the expected life of the item using the straight-line method and recognized in the excess of revenue over expenses as interest income or expense.

With respect to financial assets measured at cost or amortized cost, the Calgary Stampede recognizes an impairment loss, if any, when it determines that a significant adverse change has occurred during the period in the expected timing or amount of future cash flows. When the extent of impairment of a previously written down asset decreases and the decrease can be related to an event occurring after the impairment was recognized, the previously recognized impairment loss is reversed in the period the reversal occurs.

(j) *Interest rate swap*

Interest rate swaps ("swaps") are utilized to manage interest rate risk on the Calgary Stampede's long-term debt. The Calgary Stampede does not enter into financial instruments for trading or speculative purposes. The swaps are considered to be effective accounting hedges, both at inception and over the term of the instrument. The swap agreements provide for the periodic exchange of payments (without the exchange of the notional principal amount upon which the payments are based), which are recorded as an adjustment of interest expense on the hedged debt instrument. The related amount payable to or receivable from counterparties is included in accrued interest.

(k) *Grants and contributions*

The Calgary Stampede follows the deferral method of accounting for grants and contributions. Unrestricted contributions are recognized as income when received or receivable. Amounts externally restricted for capital purposes are initially recorded as deferred contributions when received or receivable and subsequently included in income in the same proportion as the amortization of the related assets for which the capital contributions were expended. Amounts that relate to operating expenditures of a future period are deferred until the related expenditures are incurred.

(l) *Revenue recognition*

Revenue, with the exception of grants and contributions, is recognized when persuasive evidence of an arrangement exists, delivery has occurred, the price is fixed or determinable and collection is reasonably assured.

Calgary Exhibition and Stampede Limited

Notes to the consolidated financial statements

(In thousands of dollars except as noted)

2. Significant accounting policies (continued)

(m) Volunteer services

A substantial number of unpaid volunteers make significant contributions of their time in developing and delivering Calgary Stampede programs. The value of this contributed time is not reflected in the consolidated financial statements since objective measurement or valuation is indeterminable.

(n) Supplies and services in kind

The Calgary Stampede receives supplies and services from suppliers in exchange for various sponsorship benefits, such as advertising or promotion. These transactions are recorded when a fair value can be reasonably estimated and the supplies and services are used in the normal course of operations and would otherwise have been purchased. The contributions of supplies and services are reported in gross revenue, while the supplies and services being provided are reported in direct expenses.

Included in gross revenue and direct expenses in the consolidated statement of operations and community investment is \$1,996 for supplies and services in kind received (2013 - \$1,774).

(o) Government remittances

At December 31, 2014, the Calgary Stampede had government remittances payable of \$235 (2013 - \$538).

3. Significant event - flooding of Stampede Park

(a) Overview

On June 20, 2013, The City of Calgary experienced unprecedented flooding, and as a result the Calgary Stampede was severely impacted through significant property damage and the loss of certain operating revenues. The Calgary Stampede initially completed the work necessary to ensure that the 2013 Stampede festival would not be cancelled. Since then, the Calgary Stampede commenced a process to remediate damage to its facilities. As at December 31, 2014, recovery and restoration efforts have been substantially completed.

The Calgary Stampede maintains various insurance policies with multiple insurance providers that have been utilized to fund a considerable portion of the initial cleanup costs and the remediation of the facilities damaged by the flood.

Amounts expended to December 31, 2014 to remediate the damage associated with the flood are \$48.4 million, with \$47.7 million being funded or expected to be funded by insurance providers. The Calgary Stampede incurred \$0.8 million in flood-related costs that were not covered by its various insurance policies.

(b) Impact on the financial results

Costs incurred on cleanup and remediation efforts are capitalized or expensed in accordance with the accounting policies disclosed in Note 2 (i.e., capitalized to tangible capital assets if the expenditures qualify as a betterment or enhancement to the asset). Proceeds received or receivable from insurers are recorded as gross revenue for recoveries of business interruption losses, or against the respective costs incurred. As such, the expenses recorded in the consolidated statement of operations and community investment are net of the related proceeds received or receivable.

Calgary Exhibition and Stampede Limited

Notes to the consolidated financial statements

(In thousands of dollars except as noted)

3. Significant event - flooding of Stampede Park (continued)

(b) Impact on the financial results (continued)

Buildings and facilities that were significantly impacted by the flooding included the Big Four building, original Agriculture building, Grandstand (including the race track and infield infrastructure), Trailblazer Centre and Stampede Headquarters. An impairment loss was not recorded on these assets as the carrying value of the related tangible capital assets was immaterial, with the exception of the race track.

As the new track construction had been completed just prior to the flood, any costs incurred to remediate it were covered by insurance proceeds and therefore charged to the consolidated statement of operations and community investment. Accordingly, there was no net impact to the consolidated financial statements for this remediation.

The total uninsured loss associated with the flood is approximately \$0.8 million, of which \$0.5 million was recognized in 2013 with the remaining \$0.3 million recognized in 2014.

The amounts receivable related to the insurance claims made to December 31, 2014 are summarized below:

	2014	2013		
	Insurable expenditures vs. funding committed \$	Net receivable (payable) position \$	Insurable expenditures vs. funding committed \$	Net receivable (payable) position \$

Subsequent to year-end, the Calgary Stampede received \$3,774 of the insurance proceeds receivable (2013 - \$5,300).

3. Significant event - flooding of Stampede Park (continued)

(b) *Impact on the financial results (continued)*

Included in accounts payable and accrued liabilities in the consolidated statement of financial position, is \$44 (2013 - \$5,900) of flood-related cleanup and remediation costs.

(c) *Commitments*

At December 31, 2014, the Calgary Stampede had no outstanding commitments for equipment and flood-related recovery projects (2013 - \$4,700).

(d) *Measurement uncertainty*

Quantifying the impact of the flood involves a considerable number of estimates particularly as it relates to total flood related expenditures and amounts covered by insurers. The majority of flood recovery activities have been completed and costs are known; however, there are a few activities still in process. The estimates made to date include \$1,167 relating to future expenditures that may not ultimately materialize, and the final results and adjustments to the estimates will be reflected in future periods.

(e) *Mitigation efforts and government grants*

The Calgary Stampede has undertaken certain projects to further protect Stampede Park from flood damage, which are not covered by insurance and has applied for various government grants totalling \$10 million to provide funding for these projects. In addition to the projects that have secured grant funding or where government funding is being sought, the Calgary Stampede has identified several additional flood recovery and mitigation projects that management believes are critical to further protect the Stampede from potential future flooding.

Management will continue to pursue funding for flood recovery and mitigation projects. In the interim, the projects will be funded by available credit facilities. As at December 31, 2014, the Calgary Stampede has incurred \$7,656 (2013 - \$400) in relation to these projects and has additional outstanding commitments amounting to \$304 (2013 - \$100).

The Calgary Stampede has received \$4,627 in funding under the Flood Recovery Erosion Control Program (FREC) grants and expects to receive additional funding under the Alberta Government Disaster Recovery Program (DRP) in 2015.

4. Inventory

	2014	2013
	\$	\$
Merchandise	106	881
Food and beverage	603	565
Cattle	429	456
Other	132	106
	1,270	2,008

For the year ended December 31, 2014, the sale of inventory resulted in the recognition of expenses aggregating \$8,704 (2013 - \$8,586).

During the year, the Calgary Stampede assessed the merchandise operations and made the decision to offer product selections which more closely align with historical operations. This change required an inventory adjustment of \$555 to reduce the carrying value to the estimated net realizable amount.

(In thousands of dollars except as noted)

5. Employee future benefits

The Calgary Stampede has a number of DB and DC pension plans. Effective April 6, 2014, DB pension plan members were given the choice of remaining in the DB component of the pension plan or converting to DC plan. Forty-five percent of active members (113 active members) elected to convert to DC, which resulted in a 12% (\$6.0 million) reduction in DB plan assets, a 14% (\$5.5 million) reduction in DB obligation, and a \$0.5 reduction in plan surplus. In addition, future DB cost is reduced due to fewer participating DB plan members. The DB component is now closed to new entrants.

During the year, the Calgary Stampede made cash payments to its pension plans for employee future benefits amounting to \$2,314 (2013 - \$4,809).

(a) *Defined contribution pension plan*

The Calgary Stampede's DC pension plan expense for the year was \$543 (2013 - \$77).

(b) *Defined benefit pension plan*

The Calgary Stampede measures its accrued benefit obligations and the fair value of plans assets for accounting purposes as at September 30 of each year. The most recent actuarial valuations were as of March 31, 2014, and the next required valuations will be as of September 30, 2016. The March 31, 2014 valuation is rolled forward to December 31, 2014. As the measurement date changed from March 31 to December 31, the accrued benefit obligations are based on the actuarial valuations prepared for funding purposes.

Beginning in 2014, a valuation allowance is required for the registered pension plans equal to 5% of the going-concern total actuarial liability. During 2014, Alberta pension legislation changed so that the use of going-concern surplus toward a contribution holiday is restricted to the assets in excess of 105% of the going-concern liability.

Information pertaining to the Calgary Stampede's DB pension plans, in aggregate, is as follows:

	2014	2013
	\$	\$
Plan assets	50,798	52,981
Defined benefit obligation	(47,092)	(50,599)
Plan surplus	3,706	2,382
