**REPORT TO THE  
COMMUNITY**

For more than 100 years, the Calgary Stampede has showcased our community's western heritage, cultures and community spirit on the world stage. Those years are only possible because of the tireless work of thousands of dedicated Stampede volunteers and employees. This year, we looked at the Stampede's story through the lens of that community, drawing on the experiences of the team whose vast contributions help us create Stampede Park as a world-class gathering place for the community.

## **A MESSAGE FROM THE PRESIDENT & CHAIRMAN OF THE BOARD AND THE CHIEF EXECUTIVE OFFICER**

### **Dear Friends,**

Our great city of Calgary and surrounding communities faced another year of tough economic challenges throughout 2016. The Calgary Stampede, as a year-round organization, has equally experienced the challenges facing our community and, when we all came together to celebrate during Stampede 2016, it rained almost every day. In fact, this was the wettest Stampede since 1927!

But the bigger story about Stampede 2016 was the community spirit that prevailed as Stampede Park welcomed more guests who had never previously experienced the Stampede festival than ever before. And, the show went on with some of the biggest and best programming the Stampede has ever offered. The celebrations that took place over the 10 days are a testament to the resiliency and optimism that make our community great and remind us that we truly are Greatest Together.

At the beginning of 2016, we launched a new, three-year strategic plan that positioned the Stampede's connection with the community as an overarching theme for all the objectives we will endeavour to fulfil. The Stampede's vision to be a world-class, year-round gathering place for the community reflects the resolve of the organization to support the prosperity of Calgary through the creation of new gathering spaces, such as the recently opened ENMAX Park and the soon-to-be completed Youth Campus.

We move forward with great expectations for 2017 and bold aspirations that include expanding the Stampede's BMO Convention Centre to position Calgary as a tier-one convention city and supporting economic diversity for the community. The Stampede's 2,300 volunteers and 300 employees will continue to work passionately, along with our many community partners toward bringing value to the city of Calgary now and into the future.

For the Stampede, the story of 2016 was in many ways about looking forward and looking outward at the community to better understand how the organization's foundation of western values supports a Stampede that is for everyone, both in our year-round activities as well as during the annual Stampede festival.

We are proud to share with you a number of the organization's key accomplishments in 2016:

## Launching our new strategic plan

Our 2016-2018 Strategic Plan aims to achieve meaningful impacts through five strategic objectives. Here are those objectives and their respective outcomes:

- 1) Align with our community: The Stampede's brand values reflect the values of our community.
- 2) Connecting through our brand promise: Expanded urban and rural programming, including the annual Stampede and our year-round community celebrations, reflect our agricultural roots, western values and the cultural identity of Calgarians.
- 3) Supporting youth achievement in our community: Our core youth programs deliver sought-after learning experiences and engage our diverse communities.

4) Building our vision: ENMAX Park, TransAlta Performing Arts Studios, Calgary Arts Academy, BMO Amphitheatre, and Walton Hall are activated through our community engagement program as new gathering spaces on Stampede Park. The community is engaged in the prospect of future Stampede Park developments.

5) Building our team: Our community, our volunteers and our employees recognize the Stampede as a unified organization that delivers enriched value through enhanced engagement, transparency, trust and professionalism.

We are pleased to say we've made great strides throughout 2016 toward all five of these objectives—and you'll see many examples of that progress throughout this report.

## Park Development

We were thrilled to open our new ENMAX Park in June this year. The park brings together history, art, Indigenous culture and green space. During the year, ENMAX Park will be open to the public as a place to gather and be close to nature in the inner city.

We unveiled the Rainbow Trout public art instalment at Calgary Foundation Crossing near the MacDonald Avenue entrance to ENMAX Park, a tribute to the river's ecology. Visitors can explore Cenovus Legacy Trail, which traces the history of the local area. The new Sweetgrass Lodge facility opened and was named by the Treaty 7 tipi owners of Indian Village—braided sweetgrass is sacred in Indigenous cultures and represents perseverance.

After years of planning, it was exciting to see Indian Village, presented by Penn West, in its new location in ENMAX Park.

We also hosted our first Community Fall Fair in the park in October, welcoming more than 1,500 guests for pumpkin spice pancakes, wagon rides, pumpkin decorating and many more fun fall activities.

We began working with city stakeholders on the proposed expansion of the BMO Centre, which will position Calgary as a tier-one convention city and will bring economic diversity to the community and southern Alberta. We are working with all three levels of government on funding models for the \$500 million expansion, which will result in 535,500 square feet of total rentable space and 177,000 square feet of pre-function space for a total building footprint of just under one million square feet. The projected economic impacts of the expansion are as follows:

- Construction of the expanded BMO Centre is expected to generate \$497 million for Canada, with \$402 million aiding Alberta alone.
- The construction phase will support 1,862 direct full-year jobs in Alberta, with over \$155 million in wages and salaries for Alberta workers.
- Close to \$70 million in direct taxes will be paid to all three levels of government during construction.

Annual economic impacts of the BMO Centre post expansion include:

- \$267 million to Canada's GDP, including \$223 million for Alberta.
- 1,757 direct full-time jobs, of which 1,580 will be retained in Calgary.
- 1,297 additional jobs supported by indirect and induced spending.
- Direct wages of \$79 million for the BMO Centre and other front-line businesses.
- More than \$44 million in direct taxes to three levels of government.

We also partnered with the Calgary Municipal Land Corporation and look forward to working with them on advancing Calgary's Culture and Entertainment District—comprised of Stampede Park, East Village and Beltline.

## Youth Development

We made significant progress on the Youth Campus development on Stampede Park. The TransAlta Performing Arts Studios facility was completed in December 2016 and welcomed students in January 2017. This Youth Campus facility will provide much needed rehearsal space the Calgary Stampede Foundation's youth performing arts programs, Stampede Showband and The Young Canadians School of Performing Arts.

Other Youth Campus developments that are underway include Calgary Arts Academy, which began construction in 2016, as well as the BMO Amphitheatre and Walton Hall, which will both be completed in 2017.

The past year we continued to support youth achievement in our community through the development of programs and events that offer youth immersive educational experiences outside the traditional classroom. We believe this type of hands-on learning will connect the next generation with our vibrant history and foster forward-thinking about sustainability in agriculture and the prosperity of our community.

In addition to the Stampede's existing youth programs, we were pleased to launch the inaugural Farm Safety Day with the support of AltaLink. In May, more than 650 students from Calgary and southern Alberta's agriculture communities participated in this event to learn about best practices in farm safety.

With the generous support of Agrium, Journey 2050 continues to receive high praise from educators regarding the impact of the program. Grades 7 to 12 students are challenged through the program to think about how we will sustainably feed the world in 2050, when there are nine billion people on the planet.

Now in its third year, the OH Ranch Education Program provides students the chance to learn about life on a working ranch along with environmental sustainability in the ranching industry and the history of ranching in southern Alberta.

## Stampede time

Welcoming more than one million guests during the wettest Stampede we can remember—it's a Stampede thing!

Yes, we had the rainiest Stampede since 1927, but it was a great one too. As a nod to the Year of Music in Calgary, we kicked off our celebrations with two great Calgarian musicians: Paul Brandt and Jann Arden, affectionately known as PB&J. Paul and Jann served as the official Parade Marshals of Stampede 2016.

Premier Rachel Notley and Mayor Naheed Nenshi joined the Parade Marshals, Stampede Royalty and the Calgary Stampede board of directors to lead the opening day Parade.

The historic official opening of Indian Village in ENMAX Park was attended by dignitaries from all three levels of government and enjoyed by guests from the community and around the world.

We had an outstanding visit from Prime Minister Justin Trudeau and the federal Minister of Agriculture, the Honourable Lawrence MacAulay, who got to see first-hand the great work Stampede does toward strengthening urban and rural connections.

New programming popped up around Stampede Park, including the Dog Bowl, Adventure Park and the International Pavilion.

New promotions brought enthusiastic new audiences and a record attendance on our final Sunday. In light of the rainy weather, the many indoor activities and programs offered during Stampede were showcased this year and provided new experiences for many returning guests of the Stampede.

We are looking forward in 2017 to seeing and hearing from you—our community—who make the Calgary Stampede and everything we do possible. As we said: We're Greatest Together.

Thank you for your support!

Sincerely,

# THE HIGHLIGHTS

## DUMMY DESTRUCTION AND LIFE LESSONS AT THE STAMPEDE'S FIRST FARM SAFETY DAY

Reaching rural youth with dramatic demonstrations and hands-on learning

**BY LISETTE MARION**  
Project coordinator

*Lisette Marion is a project coordinator with the Agriculture department. In her four years with the Calgary Stampede, she has enjoyed being part of the creation of events such as Farm Safety Day, as well as playing a role in the opening of the Agrium Western Event Centre. Lisette loves meeting new people and experiencing new things, both at the Stampede and in her travels around the world.*

With the generous support of AltaLink, the Calgary Stampede was excited to host our first Farm Safety Day on Thursday, May 26. The event focused on helping more than 650 rural youth learn and identify the risks around them on the farm and how to keep themselves safe.

Dramatic demonstrations and hands-on learning educated the kids on equipment safety, livestock safety, working with electricity, distracted driving, ATVing, first aid and more. Students saw the powerful impact of accidents with a rollover simulator, as well as a station that showed just

how dangerous it can be to get your clothing caught on a common piece of farm machinery—a power takeoff shaft.

Farm Safety Day delivers on our brand promise to create expanded urban and rural programming and supports youth achievement in our community.

“Kids usually don’t know about these things and adults usually learn from experience, so it’s good for kids to learn at an earlier age just so they can prevent accidents,” said one student.

The Agriculture team, employees in partnership with Stampede volunteers, brought this event together. We worked with several community partners, including Ag for Life, Cervus Equipment, TransCanada Corporation, Calgary Police Department, Calgary Fire Department and Syngenta.

When we created Farm Safety Day, we wanted to provide young people with a learning experience they could apply to their real lives. Farm Safety Day delivers on our brand promise to create expanded urban and rural programming and supports youth achievement in our community. The Stampede is pleased to inspire and educate the next generation’s agriculture leaders.

# CHUCKWAGON SAFETY RULE CHANGES

## How three subtle changes lead to big race safety improvements

**BY MIKE PIPER**  
**Chuckwagon committee volunteer**

*Mike Piper has been a Chuckwagon committee volunteer for more than 15 years. Born and raised in Calgary, Mike has been around wagons most of his life—never missing a show. He has grown to truly value the relationships with the great group of volunteers, employees and athletes (both human and equine), as*

*well as the ability to learn about the sport and the lifestyle and commitment of the families involved. After working in the film industry for a number of years, Mike moved into the automotive industry. He is currently the regional director of CARSTAR for Western Canada, where he was recently announced Employee of the Year for CARSTAR and Driven Brands.*

The Calgary Stampede strives to be a leader in animal care practices and continues to look for improvements in safety measures. For example, Grandstand patrons enjoying the 2016 GMC Rangeland Derby may not have noticed the rule changes that went into effect this year, but these subtle changes will support the promotion and long-term sustainability of the sport of chuckwagon racing.

In 2016, we moved from a qualification process (based on the previous year's results) to a driver invitation process. The Calgary Stampede driver invitation process is based upon the driver's safety record, performance and sportsmanship. Each of these three factors is carefully considered based on the drivers' experience within their respective associations throughout the season, as well as at past Calgary Stampedes. Winning an association title the previous year no longer guarantees any driver a barrel position on the opening night of racing in Calgary. Only the safest and the best drivers will be given an opportunity to participate in the GMC Rangeland Derby.

Perhaps only the most devoted fans of the sport noticed the changes to our barrel placement. We slightly repositioned the barrels to give drivers more space as they make their figure eight, and clearer lanes as they exit out of the Infield and begin thundering around the track. The new placement is aimed at reducing the potential for out-of-lane infractions and wagon contact.

We also carried out magnetic particle inspections on 38 wagon poles (36 race wagons and two demonstration wagons). The inspections found a few very minor flaws. The flawed poles were repaired and re-inspected prior to racing.

Lastly, leading up to the 2016 Calgary Stampede, the track was rebuilt and repacked along the rail in an effort to provide a safer running surface for our horses, wagons, drivers and outriders. The significance of this change was made even more evident by how well the track held up against a never-ending volume of rain every day.

All of these changes, while seemingly independent of one another, contributed to the 94th Calgary Stampede chuckwagon races running as safe as possible. Credit must also be given to our 36 drivers. It's because of them that we're able to provide the safest possible racing while preserving the unique experience that begins when the horn sounds nightly at 8 p.m. for 10 exciting nights of the GMC Rangeland Derby.

## RETIRING A CHAMPION: L-40 LYNX MOUNTAIN

A remarkable horse heads to the Calgary Stampede Ranch after 10 years of bucking

**BY TYLER KRAFT**  
**Stampede Ranch manager**

*Tyler Kraft is the manager of the Calgary Stampede Ranch. A former rodeo competitor, Tyler now spends his days caring for the close to 600 horses at the ranch near Hanna, Alberta. Through the Stampede's Born to Buck program, he is able to use his expertise in the sport and his passion for the horses to build the next generation of equine superstars.*

Lynx Mountain is a horse that cowboys dream of having their name drawn beside on the rodeo program. She gave a consistent performance each crack of the gate, always giving the judges what they wanted to see. Lynx had a remarkable career; she was selected nine times to the National Finals Rodeo and 10 times to the Canadian Finals Rodeo, consecutively. In 2009, she was voted the 2009 saddle bronc horse of Canada.

The decision to retire Lynx was not an easy one. For the past 10 years, she has spent her winters bucking in Texas; the summers she bucked in places like Ponoka, Pendleton and, of course, the Calgary Stampede. While out on the road, the big stout black mare was one of the kingpins, but a considerate kingpin. She gave every other horse a fair warning by pinning her ears back, letting them know she got the first bite of morning oats. Lynx had her friends on the road; she liked to travel and eat beside Gross Beetle, Fearless Warrior and Muffled Cries. When she did go out on the road without some of her best friends, she was quick to get reacquainted with them out in the pasture, back at the Calgary Stampede Ranch.

One of the most honourable attributes about Lynx is that she only got stronger with age. Six of her eight 90 point rides came in when she was 10 years and older. Every quality she possesses is what we look for in a bucking horse. The future for her as a brood mare on the Stampede Ranch is going to be just as exciting as watching her buck in the arena. Today, she is pregnant by a world champion saddle bronc "Lunatic Fringe." We can expect to meet Lynx's little one in mid-april of 2017.

# SHOWING UP FOR THE COMMUNITY – INTRODUCING POP UP NEIGHBOURS

Spreading Stampede goodwill at community events across the city

**BY BRIAN JOHNSTON**  
**Community Projects & Development committee volunteer**

*Brian has been a volunteer with the Calgary Stampede since 1989. He originally started with the Promotion committee and served as subcommittee chair with the Mobile Stage before becoming chair of the Promotion committee in 2008-2009. Brian has also been part of*

*the Nominating & Shareholder Relations committee and is currently a member of the Community Projects & Development committee.*

During my time as chair of the Promotion committee, former president Mike Casey and I sat down to discuss how we could build a better relationship between the Stampede and the citizens of Calgary and surrounding communities. I wanted to take a more proactive approach to enhance this relationship by going out and identifying opportunities rather than waiting for a community to ask us to be part of their event. Last year at a Community Projects & Development committee meeting, I presented an idea called Pop Up Neighbours.

Pop Up Neighbours is a concept that builds on the Calgary Stampede brand value of commitment to community. It's about being neighbourly and welcoming, and not about being the best in Calgary, but the best FOR Calgary.

In 2016, the first year of the program, we participated in three events: the Veterans Food Bank Hamper Program, the City of Calgary River Cleanup and City of Calgary Senior Services – Paint the Town. These events were a resounding success, both in being able to help a local organization as well as interacting with community members and identifying new opportunities.

The River Cleanup involvement was truly appreciated by the Ramsay/Inglewood communities, and it gave our volunteers civic pride to collect a pile of trash and help keep the river clean.

The City of Calgary Senior Services department was ecstatic that we chose to help them as they had seen a drop in the number of volunteer companies/organizations since the economy had changed. The woman whose property we painted could not say thank you enough for what we had done with her house; you could see how proud she was of the property. Her husband had passed away five years ago and there had been very little done for improvements to the property since.

We wore our cowboy hats at these events, and many community members stopped to ask what we were doing there. We had the opportunity to talk with community members about the Stampede and how we could work together.

This is a new project initiative for all Calgary Stampede volunteers, and we encourage every volunteer to look for opportunities to better their community. The ultimate goal is to have every committee find its own Pop Up Neighbour community event and execute at least one event each year.

# UNIVERSITY OF CALGARY CAMPFIRE CHAT

## Celebrating National Aboriginal Day with dancing and storytelling

**BY VANESSA STIFFARM**  
**2016 Calgary Stampede Indian Princess**

*Vanessa Stiffarm is from the Kainai Nation of southern Alberta. She grew up in her Blackfoot traditional ways and travelled Canada and the United States dancing at Pow Wows. She is currently attending school to become a pediatrician and was the 2016 Calgary Stampede Indian Princess, representing the Calgary Stampede and the five tribes of Treaty 7.*

This year, the Calgary Stampede partnered with the University of Calgary on its inaugural Campfire Chat. The event took place on St. Patrick's Island on National Aboriginal Day—Tuesday, June 21, 2016.

A triple tipi raising and tipi painting ceremony took place during the day. In the evening, 150 people gathered around the campfire on the rise to see me perform a jingle dance and to hear Reg Crowshoe, former chief of the Piikani First Nation, speak.

As the Calgary Stampede Indian Princess, I shared my story of growing up on the Pow Wow Circuit. My dad is a singer and my mom is a Jingle Dress Dancer, like I am today. They both taught me the respect and dedication it takes to be a dancer.

Reg Crowshoe spoke to his experience growing up in the residential school system, where he was told he could not speak his language or practise his cultural traditions of dance and ceremony. Storytelling, he explained, is vital to his culture.

"I'm grateful today," he said at the event. "It's so important that we facilitate a venue so that our young people can come and take pride in their culture, and their language, and share as much knowledge as they can with others. When we're looking at moving ahead, we need to step up and take responsibility as Canadians to make a partnership that's going to work."

I was very honoured to be part of the Campfire Chat. My goal as Indian Princess was to share and educate others about my culture—and this event gave me the opportunity to do just that with my fellow Calgarians. Not many people know the history of First Nations people. This event gave people the opportunity to listen and ask questions in a safe, judgment-free environment.

# STAMPEDE'S FIRST COMMUNITY FALL FAIR

Draft horses gave the community a grand ride through ENMAX Park

**BY KEVEN GRAHAM**  
**Draft Horse Town committee volunteer**

*Keven Graham lives in Innisfail on a Percheron farm and loves to drive horses. Keven has been a member of the Draft Horse Town committee for five years; he's also involved with horses at the Bar U Ranch and in other farming activities around central Alberta, including parades.*

On Saturday, October 15, fellow volunteer Terry Baily and I gave horse-drawn wagon rides to the many guests at the Stampede's first Community Fall Fair. We took them from the new bridge through all of the brand new ENMAX Park. We gave at least 50 rides each!

I've been a member of the Draft Horse Town committee for five years. I own draft horses and was interested in educating people about draft horse history. Draft horses built our country—from agriculture to infrastructure. Through the committee, I have the opportunity to introduce people to these magnificent animals and help them gain an understanding of the history of our country. People are often awestruck by the size of the horses and the work that they are capable of doing.

The Fall Fair was a great day—although the air was a little fresh in the morning, the sun came out. Everyone was so appreciative of us being there. Some people had never been up close to horses or had a wagon ride. Some came back for a second and even third ride.

Everybody I met had a grand time that day—there was a firepit, musicians, face painting and more. Everyone had a smile on their face.

I grew up with the Stampede. Some people see it as 10 days of craziness. But events like this show that the Stampede has a lot more to offer—we have this beautiful park and other infrastructure to offer the city. It was great to see the community out and enjoying Stampede in October!

# OUR STORIES

## 1960S RODEO STAR SHARES AMAZING STORIES

**BY GORDON FRANSON**  
Historical committee volunteer

Imagine sitting in a comfortable leather chair in the President's Room at the Calgary Stampede Headquarters Building and listening to the amazing stories of a rodeo star from the 1960s as he speaks of his career. His stories of the Pendleton Rodeo and visits to Denver, Houston, the National Finals and even Madison Square Gardens are exciting and hold your attention. He remembers the names of the bucking stock he rode, the rides and challenges they presented. He tells numerous stories of the legendary rodeo star Casey Tibbs when he was in Calgary and whom everyone looked up to with admiration. His talk takes you back to the time when your father took you to the rodeo at the Calgary Stampede in the early 1960s and you sat in the west wooden bleachers, then part of the Grandstand and watched the exciting events unfold before you.

Imagine sitting in a comfortable leather chair in the President's Room at the Calgary Stampede Headquarters Building and listening to the amazing stories of a rodeo star from the 1960s.

Moments like these are one of the benefits of being on the Oral History subcommittee of the Historical committee of the Calgary Stampede. Memories are important, and preserving them is special. And that is what our subcommittee does. Can you imagine a more exciting volunteer role? That rodeo star, by the way, was Winston Bruce, World Saddle Bronc Champion in 1961 and later rodeo manager at the Calgary Stampede.

## A WISH GRANTED

**BY JESS DEBNAM**  
Heavy Horse committee volunteer

During the 2016 Calgary Stampede Heavy Horse show, we had the privilege of being part of a "wish" granted to two young folks. Their wish was to come to the Calgary Stampede and, through a charity cart class hosted by the World Clydesdale Show called "A Drive to Wish for", their wish became a reality.

**The photos attached show the thrill that these two young folks got from this experience—not to mention bringing a tear or two to many of those watching and sharing in their wish.**

On Saturday, July 9, at the end of the team class in the Saddledome, Peyton and Wyatt joined Kyle Forsyth on the Country Lane Belgian wagon and toured the Saddledome. The photos attached show the thrill that these two young folks got from this experience—not to mention bringing a tear or two to many of those watching and sharing in their wish.

The Heavy Horse Show committee gave each a small memento to take home; however, I don't think it will compare to the "Stampede" experience each one enjoyed.

## STAMPEDE EMPLOYEES KEEP THE RODEO SAFE

**BY DAVE HICKMAN**  
Park maintenance supervisor

My position for this year's Stampede was supervisor for the Infield setup and Rodeo. There were many challenges thanks to the amount of rain that kindly fell on us for the 10 days.

We got an early start at 5 a.m. to clear the arena of mud and water. Most days the bucking chutes, alleys and pens were either full of water, mud or both.

The crews worked extremely hard to have these areas ready for the day's Rodeo. The safety of the contestants, stock crews and our four-legged superstars was paramount.

We installed the "walk of fame" boardwalk at the south Infield suites every day, for the first time in a long time. The customers crossing from the Grandstand to Infield Suites arrived with very little mud on their boots. We had a lot of smiling faces as they came to the gate to cross the track for their afternoon of fun at the Rodeo.

It was a pleasure to work with such dedicated Stampede people. The effort and pride by Stampede employees and volunteers make the Stampede a great place to be.

## HONOURING FALLEN CANADIAN SOLDIERS

**BY ROSS BUCSIS**  
**Ag-tivity in the City**  
**committee volunteer**

It was a Saturday and raining at the 2016 Stampede, and it was early in my Barn Tour shift for Ag Ambassadors. I met a family (father and son) of Dairy Farmers from Belgium, and they stood out—both were very tall, over 6 feet 3 inches. Having determined they were farmers on a visit, and as is my usual protocol, I invited them to sit down, have a bite to eat and a drink of their choice at the International Room.

They were wet and cold, so acceptance came easy to them.

As we walked, I asked if this was their first time in Canada. The son replied, “No, this is the second time I have been on Canadian soil.” I asked quickly, “Oh great, when was your first time here?”

He replied, “I have walked among the dead in the Canadian War Cemetery in Belgium where the fallen Canadian soldiers are buried. That was my first time on Canadian soil; you earned it.”

I did not say another word. I couldn’t, as the tears were coming down my face. We got up to the International Room and I shook their hands very firmly. They knew I had been emotional and proud. I told them safe travels and to please return again to the Stampede and Canada.

## THE HARD- WORKING FARMERS OF DAIRY CLASSIC

**BY MARLA KIMBALL**  
**Event manager**

This spring was the first year I got to help out with the Dairy Classic event. It was an eye-opener for me. Every Agriculture (Ag) event is different and has many small details to keep the animals healthy, and that are also very specific depending on the type of event. A dairy event, for example, is completely different from a team roping event or a horse jumping event, even though they are all in the same class of events – Agriculture.

---

**“I had no idea how hard  
the dairy industry works  
and how much detail and  
thought goes into  
producing our dairy  
products each day.”**

---

One item that really impressed me about this event specifically was how incredibly hard the farmers work. They are up before 4 a.m. milking each day, and they milk again later in the day. They also work hard throughout the day keeping their animals comfortable and healthy. This was especially evident as I walked through the barn one day and noticed the farmers catching small naps on the hay bales. They had been up so early and working so hard that they needed to catch up a little bit. Witnessing this really made an impression on me, as I had no idea how hard the dairy industry works and how much detail and thought goes into producing our dairy products each day. Being able to help out with this event and watch what it entails created a new level of respect to the already high level I had of the agriculture industry and how amazing and important it is.

## A WARM INDIAN PRINCESS WELCOME

**BY FAYE OSIOWY**  
**Community Projects & Development**  
**committee volunteer**

I would have to say that my favourite memory from 2016 was seeing the complete joy and wonder on the face of a young girl as she met our Indian Princess at the 2016 Community Round Up. This girl was a Syrian refugee, who had arrived in Canada only days before the event. I felt proud to be a Canadian and a Calgary Stampede volunteer and play a small part in extending this welcome-to-Canada-and-Calgary moment.

## STAMPEDE SCHOOL MAKES TRADITIONAL DRUMS

**BY BEV COPITHORNE**  
Stampede School site coordinator

In spring 2016, Stampede School participated in a special activity with a group of Grade 5 and 6 students from Belvedere-Parkway School who had been exploring the Truth and Reconciliation Commission, learning about residential schools and the impact they have had on First Nations communities. Together with Nii'danamska, Brent Scout, of the Blackfoot First Nation, we made drums.

Students were given the knowledge of making drums during one of their mornings at Stampede School and they made plans to breathe life into them at the Blackfoot marker on Nose Hill. As a class, they wanted to honour and celebrate the lives of children impacted by the residential school system.

The day came to head to Nose Hill and the weather was unco-operative, so the students came to Stampede Park and we had the celebration here. Students and parent volunteers played their drums while Nii'danamska sang traditional songs. He shared with us the tradition of breathing life into the drums, which has to be done to honour and give new life to the animal who gave its hide to make the drums. He told us that the sound the drum makes represents the heartbeat of the animal living again.

Students were touched by this unique experience that allowed them to gain traditional Blackfoot knowledge and participate in an important ceremony.

## THE SHOWBAND ROCKS THE JUNOS

**BY AARON PARK**  
Director of Bands

The Calgary Stampede Showband drum line was invited to perform alongside Alessia Cara at the 2016 Juno Awards. The Showband had the experience of rehearsing with Alessia and her band, working in a large scale production and performing for live TV. When Alessia's music director reached out to ask about collaborating, he commented about the reputation of the Showband, and that there was no other option in his mind but to collaborate with us for the Junos in Calgary.

## TAKING GUESTS BEHIND THE SCENES

**BY KAY SHE**  
Community Projects & Development  
committee volunteer

Our committee, in partnership with the Centre for Newcomers, invited employees from all of the immigrant-serving agencies for a behind-the-scenes tour of the Calgary Stampede. The tours took our guests to the Rodeo chutes, on an interpretive tour of Indian Village and to the Agriculture Barns.

---

**The most memorable moment was seeing their eyes go wide when they stepped onto the dirt in front of the chute gates, turned around, and saw a crowd of 10,000 spectators waiting for the Rodeo to start.**

The most memorable moment was seeing their eyes go wide when they stepped onto the dirt in front of the chute gates, turned around, and saw a crowd of 10,000 spectators waiting for the Rodeo to start.

A huge thank you to the Calgary Centre for Newcomers for partnering with us! We hope those that joined us will have the opportunity to share what they learned about the Stampede with the new Canadians they work with.

## FORT MCMURRAY COMPETITOR IS ALBERTA STRONG

**BY JOSH TRAPTOW**  
**Ag Media committee volunteer**

This year, I was assigned to help the Heavy Horse Pull. We had a competitor—Rocky Dempsey—from Fort McMurray. When I first talked to him, just before Stampede, he had been evacuated from Fort McMurray. He didn't know if he was going to be able to compete. He'd been training for months before the fires and, when he fled, he wasn't able to bring the harnesses he needed for the competition. Ever since he was a kid, he'd dreamed of competing at the Calgary Stampede.

He decided not to give up. He overcame so much to be able to compete in the Stampede after all he had been through. It was his lifelong dream come true.

## THE STAMPEDE PARADE WELCOMES THE WORLD

**BY BONNIE ROTHWELL**  
**Parade committee volunteer**

I'm a third-generation Calgarian and the Stampede is an integral part of my life. I coordinate all the street marshals for the Parade committee. Part of my education with the Parade was going to the entries' meeting held to introduce the Stampede Parade to new prospective entries.

---

**“The business of bringing people from around the world to the Stampede just made me sit back.”**

---

We were asked to go around and chat with some of the new people and groups. I ended up sitting down with a group from South Korea. They wanted to bring a martial arts group from their country to be in the Parade. What struck me by the end of the conversation was how excited they were to be a part of this. We found a place to fit them in the prelude. The business of bringing people from around the world to the Stampede just made me sit back—I'm a home girl and I grew up with Stampede, but seeing this international aspect of people who want to come here and be a part of it really impressed me.

## RAINBOW TROUT CONNECTS THE COMMUNITY

**BY TAMMY YAMKOWY**  
**Public Art committee volunteer**

When the Stampede unveiled Rainbow Trout, by Jeff de Boer, on June 1, 2016 in ENMAX Park, it was a moment I will never forget. The Stampede's Public Art committee took a chance in its year-round community outreach and ventured away from the traditional western bronze statue.

The fish represents the relationship between the river, the park and the community. It is vibrant, modern and welcoming. It is art that tells a Stampede story in unexpected ways.

Thank you to the entire Public Art committee for creating this proud moment that will last many years.

## 2016 ROYALTY

The Calgary Stampede Royalty are ambassadors of the Stampede, representing western heritage, hospitality, integrity, commitment to the community and pride of place on behalf of Calgarians to the rest of the world. Together, the Stampede Indian Princess and Stampede Queen and Princesses attend more than 400 year-round events in southern Alberta and around the world.

## 2016 CALGARY STAMPEDE INDIAN PRINCESS, VANESSA STIFFARM

In 2016, the Calgary Herald named Indian Princess Vanessa Stiffarm one of Calgary's 20 "Compelling Calgarians." Throughout more than 350 appearances from our own backyard to places such as Germany and Australia, Vanessa was an amazing cultural ambassador of the five tribes of Treaty 7 and the Calgary Stampede.

## INDIAN PRINCESS EVENTS

### 2016 Canada Corroboree in Australia

In collaboration with Travel Alberta and Destination Canada, Vanessa travelled to the Australian cities Adelaide, Melbourne, Gold Coast, Brisbane and Sydney for a major tourism roadshow about all of the incredible things Canada has to offer. Vanessa had the opportunity to perform her jingle dance in the Sydney Opera House, share the history of Indian Village all over Australia, and compare traditions and culture with local indigenous people.

### Community Futures Treaty 7

In August, Vanessa was a guest speaker at the Community Futures Treaty 7 - Youth Trades Exposure Camp at SAIT. "I believe in each and every one of you," she said as she encouraged the students to work hard and pursue their passions.

### Crescent Heights High School Traditional Pow Wow

Vanessa was a guest at the Crescent Heights High School Traditional Pow Wow. One thing Vanessa treasured most about her time as Indian Princess was being a positive role model to First Nations youth.

## 2016 CALGARY STAMPEDE QUEEN, MAGGIE SHORTT, AND PRINCESSES, BAILEE BILLINGTON AND CHELSEY JACOBSON

As Stampede ambassadors, the Calgary Stampede Royal Trio spread western hospitality and values throughout southern Alberta, Canada and abroad during their reign.

### CS ROYALTY TRIO EVENTS

#### **National Finals Rodeo**

The Queen and Princesses went to the National Finals Rodeo in Las Vegas in December 2015. For the first time in eight years, the Trio was able to represent the Calgary Stampede at the biggest rodeo in the world. Meeting hundreds of people over their three days in Vegas, the trio invited rodeo fans from all over the world to visit The Greatest Outdoor Show on Earth.

#### **WestJet's inaugural flight to London Gatwick**

The Queen and Princesses were thrilled to help WestJet launch its inaugural flight to London's Gatwick airport. They welcomed passengers on board, line danced in the departure lounge and checked out the sights in the British capital. Needless to say, those in the airport were surprised and delighted to be greeted with some true Calgary Stampede spirit.

#### **Making Stampede wishes come true**

During the 10 days of the 2016 Stampede, the Trio was honoured to be asked to be a part of making a wish come true for three kids from the Make-A-Wish and Children's Wish organizations. The Trio was able to visit with the children, take photos and welcome them to Stampede as part of their Calgary Stampede wish. Experiences like these are humbling and touching for the Queen and Princesses, and they were so grateful for the opportunity to help make the wishes come true for these deserving kids.

## VOLUNTEERS
