Stampede School is an educational experience for students for grades 1 through 12 that relocates their classroom to the enriching environment of Stampede Park. In their new setting, students and teachers experience deep and innovative learning and make connections to history, agriculture, First Nations, and western heritage and values. A Campus Calgary site, Stampede School is inquiry-based, innovative, and focused on hands-on experiences. Each class' week long visit is customized to fit their particular curriculum goals and classroom needs. Here students develop a strong sense of character and citizenship, and learn the importance of community.
