

## How to Change your Availabilty on the Desktop

**Step 1:** Log into People System through Okta

password will be sent to you in an e-mail from IT. It is usually your username and password you use to log into your computer.

Step 2: Once you have logged on click on the People System Icon

Step 3: Click on the Myself icon and then the First Workforce Management in the list

Step 4: This will open UKG Dimensions in another Tab. On the home screen you will see a tile labeled "Manage My Schedule". Click on the "Change my Availability" Icon.

Step 5: a screen will pop up on the right with a calendar. Select the dates you want to edit. You can use the arrows to switch to a different month. The grey area indicates a timeframe you are not allowed to update your availability. A blue square indicates the days you have selected. When you are done selecting the dates to edit. Click "Next".

Sun         Mon         Tue         Wed         Thu         Fri         Sa           26         27         28         1         2         3         1           5         6         7         8         9         10         1           12         13         14         15         16         17         1           19         20         21         22         23         24         1
