Türkiye - Law No. 5651
Biannual Report for Publication

This report is prepared in accordance with Additional Article 4(4) of Türkiye's Law No. 5651 on Regulation of Broadcasts via Internet and Prevention of Crimes Committed through Such Broadcasts ("Law No. 5651" or "the Law") and Article 10 of the Procedures and Principles Regarding Social Network Providers. This report covers 1 January 2026 through 30 June 2026.

I. Appointment of the Local Representative

Pursuant to the first paragraph of Additional Article 4 of Law No. 5651 on Regulation of Broadcasts via Internet and Prevention of Crimes Committed Through Such Broadcasts, Snap Group Limited ("Snap"), the provider of Snapchat platform, has determined the following natural person as its local social network representative in Türkiye.

Selin Beceni
Address: Esentepe Mah. 23 Temmuz Sok. No:2/1 Esentepe, Şişli, İstanbul, Türkiye
E-mail: snapchat@bts-legal.com
Registered e-mail: selin.beceni@hs03.kep.tr

II. Implementation of Decisions to Remove Content and/or Block Access & Applications Received from Individuals

After appointing its local representative in 2025, Snap promptly implemented appropriate physical, electronic and technological infrastructure to receive the notices, service, or requests ("Communications") conveyed by the local authorities and institutions, as well as responding to the requests submitted by individuals and fulfilling other obligations envisaged under the Law.

On its Türkiye Support Site, Snap maintains a dedicated reporting form for users in Türkiye who wish to submit a request under Law No. 5651. The form is also available here.

Snap has also processed Communications submitted by e-mail to its local representative and forwarded by it to Snap. The local representative collected, analyzed, and recorded the Communications, reported them to the designated teams at Snap, took Snap's instructions on how to respond where the response was directly provided by the local representative, and per the instructions, communicated responses appropriately to the relevant parties.

III. Individual Requests Under Articles 9 and 9/A

The data below only covers requests received from individuals based on Article 9 and 9/A of Law No. 5651 in the first half of 2026. During this reporting period, individuals, including Snapchat users and non-users, were able to submit such requests, referencing Article 9 or 9/A, via (1) Snap's dedicated Türkiye Support Site form available here, or (2) Snap's local social network representative in Türkiye, through an e-mail address publicized on Snap's Türkiye

representative page[1], snapchat@bts-legal.com, or (3) a dedicated e-mail address representative-turkey@snap.com.

Individual Requests under Article 9 and 9/A	
Number of Article 9 Requests	103
Number of Article 9/A Requests	52
Number of Executed Individual Requests*	17
Number of Accounts and Content Removed**	30

*This figure includes all requests that were addressed by Snap. Snap reviewed all requests. Snap did not address requests that provided insufficient information or lacked valid basis.

**This number may exceed the total number of executed requests because requests can report multiple accounts or pieces of content for removal.

All content on Snapchat must adhere to our Community Guidelines[2] and Terms of Service[3]. Certain content must also adhere to additional guidelines and policies. For example, content submitted for algorithmic recommendation to a wider audience on our public broadcast surfaces must meet additional, higher standards in our Content Guidelines for Recommendation Eligibility[4], while advertisements must comply with our Advertising Policies[5].

For insights into our enforcements of other reports not based on Article 9 or 9/A, including reported violations of our Community Guidelines, please see our semiannual global transparency report[6] (the "Global Transparency Report") and our accompanying Türkiye transparency reporting page[7], which at the time of the publication of this report was updated through 31 December 2025. The Global Transparency Report is a voluntary report that Snap publishes on its own semiannual cycle, separate from and independent of this report under Law No. 5651.
