# Maestro: Pallets for Cleanroom Excellence

## Suitable for cleanroom applications

Our Maestro pallet range is tailor-made for cleanroom applications. With a design focused on hygiene and precision, these pallets are ideal for industries where contamination control is paramount. Trust in the reliability and safety of our Maestro pallets to maintain the integrity of your products throughout the cleanroom supply chain.

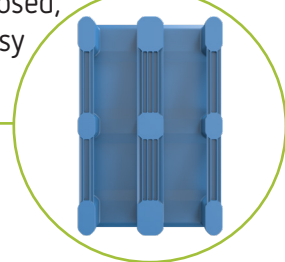

## RFID ready

Maestro pallets feature RFID compatibility, providing an additional layer of tracking and management for streamlined logistics.

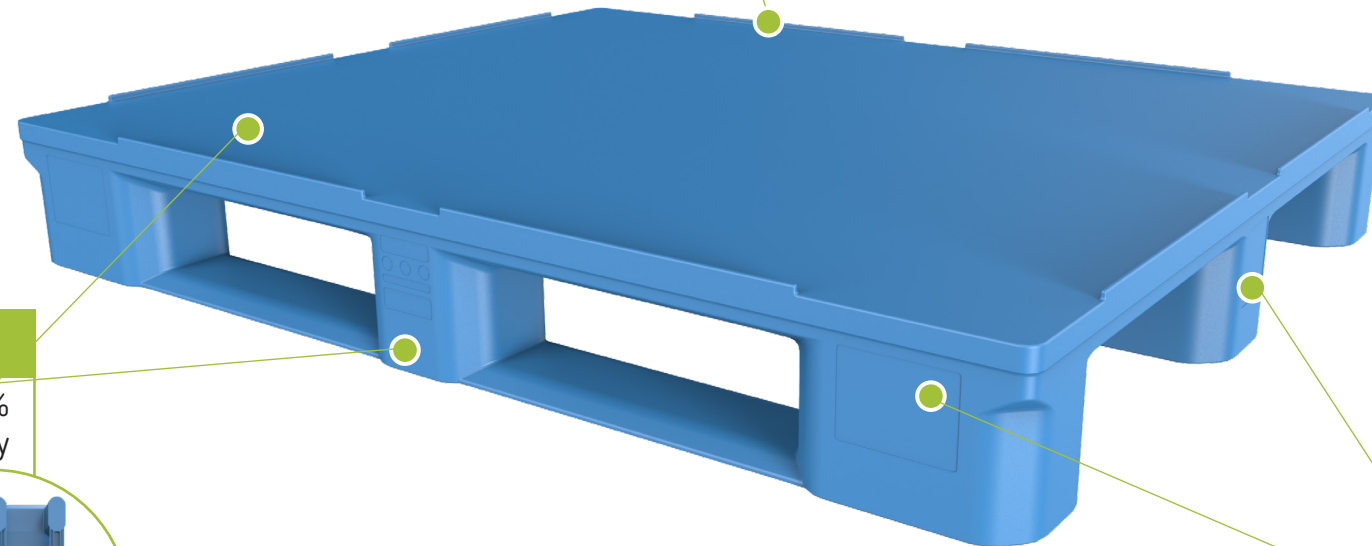

## 100% smooth design

Experience optimal cleanliness with our pallet's 100% smooth design. Our Maestro pallets are meticulously welded to ensure they are 100% closed, providing hygienic safety through easy maintenance and effortless cleaning.

## Safety rim versions

Our safety rim feature provides added security by preventing goods from slipping off the pallet, ensuring stability during stacking.

## Anti-slip version available

The Maestro with anti-slip provides extra grip, reducing load shifting during transport for enhanced security.

## Compatible with pallet collars

Maestro pallets pair perfectly with 1200x800 and 1200x1000 pallet collars. Suitable for Maestro pallets without rims, enabling swift conversion into sturdy bulk containers. Efficient and space-saving, they fold flat and nest for optimized transport.

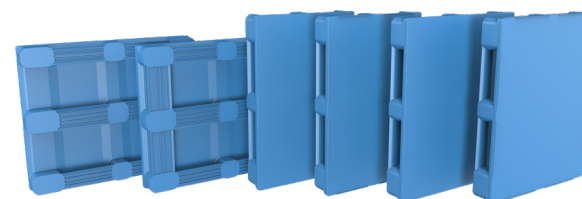

## Printing options

Maestro pallets provide flexibility with printing options available on short and long sides.

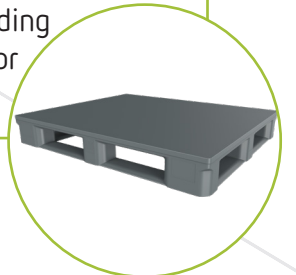

## Versatile range

The Maestro pallet range provides versatility with two footprints: 1200x800 and 1200x1000, and two base options, offering either 3 runners or 5 runners (1200x1000 only), to cater to diverse needs. Choose from safety rim, anti-slip, and reinforced versions for effortless handling of heavier loads.

## Reinforced version

Built for strength, our reinforced Maestro pallet can support up to 1400kg in racks, providing unparalleled durability and reliability for heavy-duty applications.

# Maestro

## Elevate cleanroom logistics

Available in a variety of versions, with footprints of 1200x800 and 1200x1000.
