# Twist Lock Pail range

Durable, reusable pail system with re-closable lid for secure, sustainable multi-trip use in the pharmaceutical industry. »

## Reusability

The lid is re-closable, making the pail reusable and suitable for multi-trips.

## UN Approved

Meeting industry standards isn't enough. Our pails exceed them with UN certification for solids that protect your products and reputation.

## Sustainable by design

Reduce your environmental impact with packaging designed for multiple trips.

## Versatile sizing

Choose from three capacities (10L, 15L, 20L) with identical footprints and compatible lids. Mix sizes confidently knowing they'll work perfectly together.

## Innovative 2-part lid

The clever two-component design separates the flexible plate with gasket from the rotating locking ring, delivering:

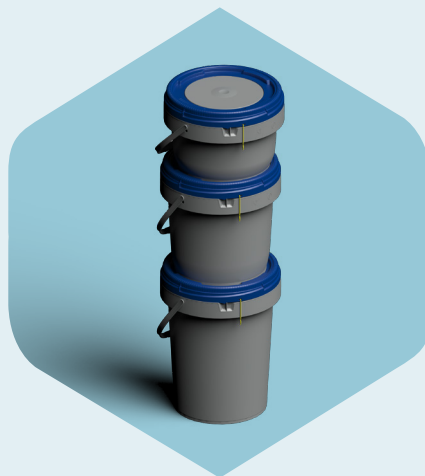

- Quick, effortless opening and closing
- Zero gasket wear
- Complete air and watertight seal

### Stack with confidence

The integrated stacking ring ensures stable, secure stacking of mixed sizes. Same footprint means simplified storage and transport.

### Intuitive usability

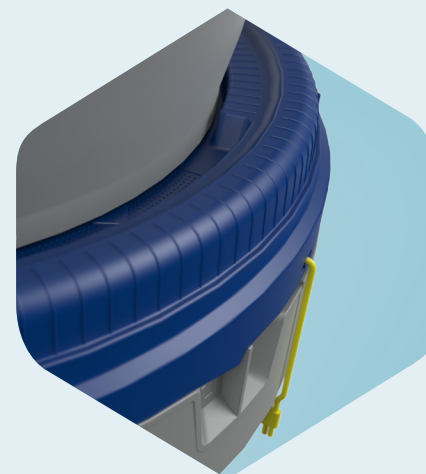

Built-in end-stop prevents accidental opening. Access your products with a simple push-to-unlock motion – no complex mechanisms or wasted time.

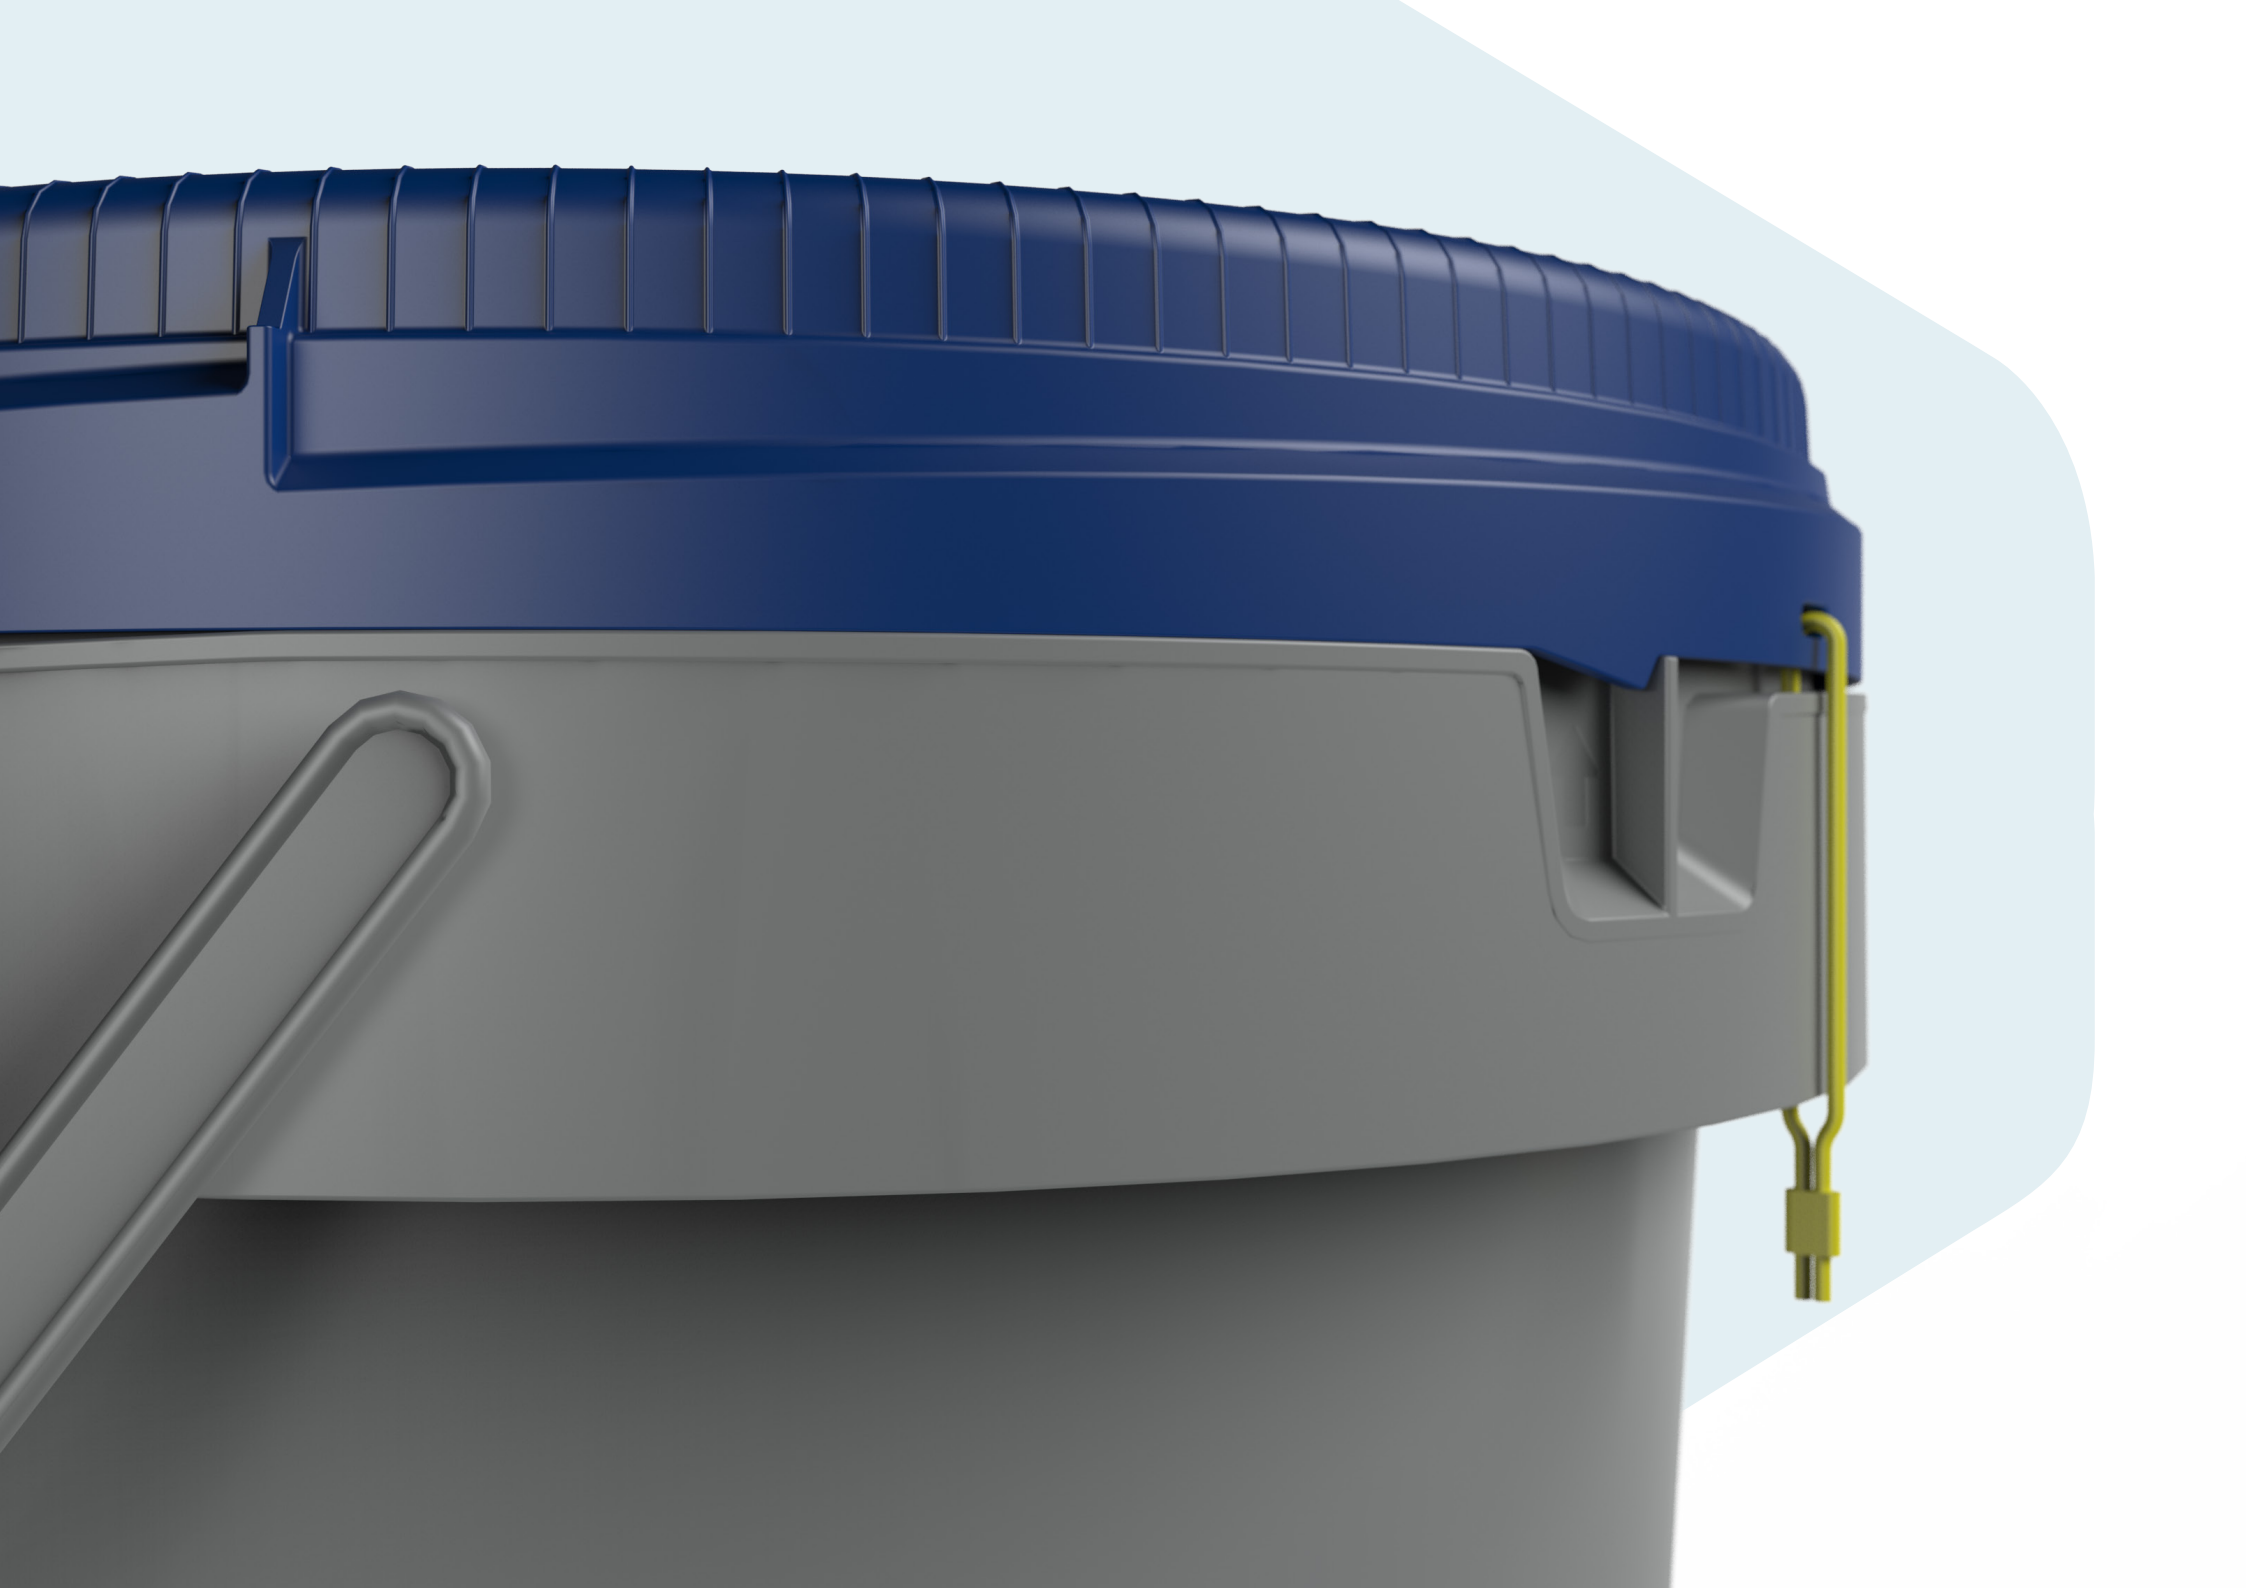

### Pharma grade assurance

Manufactured exclusively from pharmaceutical grade materials certified for both US and European standards. Quality that meets your compliance requirements.

### Tamper protection

Integrated tamper-evident features safeguard product integrity throughout your supply chain. Secure your contents and your reputation.

## Unique 2-part lid

- The lid exists out of 2 parts to avoid gasket damage resulting from opening and closing the pail many times. (The two-part lid stays together when opening/removing the lid)
- The flexible plate absorbs the impact and the thread in the ring ensures air- and watertight closure.
- Sustainable choice: the lid is re-closable, making the pail reusable and suitable for multi-trips
