

TELADOC HEALTH VIEWPOINT CART

A simple telehealth solution

Healthcare's most flexible, versatile and agile telehealth device

Minimal footprint, fully integrated

Deliver telehealth consults with a peripheral-supported device built to be minimally intrusive, easy to store and transport, and that can facilitate a consult without someone in the room to activate the device.

Expand the reach of specialist resources with a scalable, turnkey solution to ensure patients can access the appropriate care conveniently and efficiently. The Viewpoint Cart leverages Teladoc Health's expertise in mobility, user experience for both physician and patient, and workflow to ensure reliable, enriched care delivery.

Fully interact with patients and on-site staff with enhanced audio and maneuverable tablet

Features and capabilities

- Two USB 3.0 ports for peripheral support
- Two hours of battery life
- Small footprint for simple transportation and storage
- Maneuverable tablet head for better visibility
- Echo cancelling microphone and enhanced speakers
- Safely disinfect with hospital-grade chemicals

Use cases

- General medicine
- Infectious disease
- Outpatient clinics
- Primary care
- Triage
