

TELADOC HEALTH XPRESS AND XPRESS CART*

Mobile telehealth solutions

Experience high-quality care from a specialist anytime, anywhere

This lightweight, portable, and durable device can be used in a variety of configurations, including mounted to a fixed location, used in an ambulance, placed on a table, carried to the patient bedside as a hand-held device or mounted on the Xpress cart accessory.

Simultaneously consult and diagnose using peripherals such as Bluetooth stethoscope

A portable device bringing care to more locations

High-quality directional microphone and full range speaker fit for loud environments

Dual video capable for easy use with peripheral video sources, including HD

Viewfinder for easy EMT collaboration with remote specialist

Display reduces glare allowing for use outside

Cart accessory for increased maneuverability

Xpress Cart features an ergonomic, slim-profile cart for use in more patient situations due to its small footprint.

Xpress Enhancement Kit

Upgrade your Xpress experience in the ambulance with enhanced audio/video and more reliable connectivity.

*Xpress with cart accessory
